

The Seminarian

VOLUME 3*

NUMBER 16

SPECIAL EDITION

April, 28, 1977

Dear Senianrian community:

First of all, I wish to thank all those who did turn out to vote in the elections this week. You obviously have interest in the future of SCC or you wouldn't have voted. The SCC stands to serve each and everyone of you, and with your show of interest, it makes me believe that a lot can be accomplished within the next year. The SCC can only become what it is capable of being if all of us work together.

Our goal over the summer months is to bring about as much of a structural-functional change as possible so that the SCC will be a more effective and viable source of government. To facilitate this process, we need your support spiritual and physical.

Several new committees are being organized, especially important will be the Community Affairs.

One of the structural changes is the addition of a Faculty Advisor to work closely with SCC as a liason between Faculty and Students. Most importantly, is the fact that this man will be a source for, guidance and advice in assisting the officers and members of SCC to attain their goals in a more effective, meaningful way.

I am, at this time, proud to announce that Dr. Richard Vieth has accepted this position for the next year. I know he will be a great asset to the group.

Now, listed below, you will find the various committees for which volunteers are needed.

Please look them over very carefully and check the committee(s) you would be interested in serving on for next year. Sign your name at the bottom and return this portion to me by next Tuesday.

Thanks for your cooperation and assistance. The officers look forward to serving you in whatever way possible.

Yours for a strong community,
Richard Luh
SCC President Elect
