MEMBERSHIP AGREEMENT

One-Production Rider Memberships exist in order for independent producers and organizations who produce infrequently to participate in some of our members-only programming. These member benefits exist solely for the run of one production. To be eligible for a Rider Membership, the producing organization must be renting a venue operated by a current LA STAGE Full Organizational Member.

As a Rider Member of LA STAGE Alliance, _____ commits to engage with the theatre community in the following ways:

- We will list our production on onStage.LA
- We will place the provided LA STAGE Alliance logo in all programs for our organization's production and on our organization's website (with a click-thru link to LAStageAlliance.com)
- Subject to availability, we will provide LA STAGE Alliance with four (4) complimentary tickets to our production, with the understanding that these tickets will only be used for promotional purposes and increased connection with LA STAGE Alliance partner organizations and donors
- We will treat all LA STAGE Alliance staff, Ovation voters, patrons, and fellow organizational members with respect, in the spirit of building cohesion and engagement in our community

As part of our engagement with LA STAGE and the theatre community, we expect to receive the following benefits (additional fees may apply for some programs):

- The ability to list our production on onStage.LA
- The ability to offer discount tickets on onStageLA, and to be included in the weekly discount ticket email, currently sent to over 14,000 opt-in subscribers
- The ability to register our theatre production for consideration by the annual Ovati Awards program (subject to additional eligibility qualifications)
- Representation by LA STAGE Alliance in government advocacy efforts for the entire arts sector
