Amend printed bill, page 4, after line 20 insert:

"(4) (a) Except as provided in subsection (4)(c) of this section, in addition to the requirements of subsections (2) and (3) of this section, a retail utility must send each of its customers a notification, twice annually and in both English and Spanish, by means of the customer’s preferred method of communication, that notifies the customer of ways to conserve energy during winter severe weather events, including information regarding:

(I) Thermostat settings;

(II) Use of energy-intensive appliances; and

(III) Home weatherization.

(b) A retail utility shall send the first semiannual notification required under subsection (4)(a) of this section on or before November 1, 2022, and on or before November 1 of each year thereafter, and shall send the second semiannual notification on or before January 1, 2023, and on or before January 1 of each year thereafter.

(c) Notwithstanding subsections (2) and (3) of this section, a cooperative electric association, as defined in section 40-9.5-102 (1), need only comply with this subsection (4) and need not provide its customers with notification of a severe weather event."
