

# Stay Involved! Upcoming Meetings and Events

Today's Launch Party is just the start of the Legacy Lafayette process, to create a new Comprehensive Plan for Lafayette!

Everyone is welcome to attend any of the meetings and events for Legacy Lafayette over the next year! The following are meetings upcoming over the next few months. Please spread the word to your friends and neighbors who couldn't make it to today's Launch Party. The Legacy Lafayette plan will result from the input of EVERYONE in Lafayette. We look forward to seeing you at an upcoming meeting or event!

## **Stakeholder Meetings:**

These meetings are structured to gather specialized and more detailed input from attendees on key issues facing Lafayette in four special topic areas including Strong Economy, Connected Community, Community Character, and Environmental Stewardship. The stakeholder meetings will be held on four dates in July and August, as outlined below, and will gain input concerning key issues Lafayette is facing, or is likely to face, on the different topics.
