OVAMBA ANNOUNCES PLANS TO LAUNCH AUTHENTIC ISLAMIC TRADING PRODUCT FOR THE AFRICAN MARKET

London, UK – Ovamba Solutions announces that they are in the final stages of certification by the Shariyah Review Bureau (SRB). This strategy is at the heart of Ovamba's plan to expand its suite of credit facilities to the African SME market, and offer inclusion to Africa's 400 million Muslim entrepreneurs.

As part of Ovamba's TradePartner® trade finance product, Ovamba will be introducing "riba free" transactions deploying the Islamic modalities of Murabaha and Mudaraba** to strengthen its uniquely competitive regional position and increase its expansion in Africa.

Marvin Cole, Founder and Global CEO at Ovamba, said: "*Financial inclusion is key to economic stability in Africa. We have long understood that the un-served and under-served represent a huge opportunity*". He went on to say, "*Bringing these Sharia financial instruments to our marketplace platform will put Ovamba at the forefront of SME funding and financial innovation in Africa*".

Ovamba expects to be fully certified and ready to start trading with these new structures around the middle of November.

*Note: both Mudaraba and Murabaha by their very nature are 'riba-free'

**Ovamba will be doing Mudaraba as the agreement has only been signed for Murabaha

###

ABOUT OVAMBA SOLUTIONS, INC.

Ovamba is a US based financial services technology company. Marvin R. R. Cole and Viola A. Llewellyn founded Ovamba in early 2013. Ovamba launched in June 2014 in Douala, Cameroon. Ovamba's internet based platform allows accredited and institutional investors seeking liquidity from investment in African debt to invest in high quality, well-vetted small business loans and other assets from African financial institutions. Ovamba currently originates loans in Cameroon with plans in the near future to offer similar services in the Economic Community of Central African States market. Longer term expansion plans include other regions of Africa and additional loan and investment products. Ovamba is led by a management team with deep experience in banking, technology and banking advisory from firms such as Mckinsey & Co, JP Morgan Chase, Barclays, National Commercial Bank, Rothschild, Unisys and many others.
