

**FOR IMMEDIATE RELEASE**

**VALIDIS INTRODUCES ITS NEXT MAJOR RELEASE  
AT LENDIT FINTECH USA 2018**

*Introducing DataShare Technology*

**SAN FRANCISCO** – April 9, 2018 – [Validis](#) announced today at [LendIt Fintech USA](#), the world's leading event in financial services innovation, that it is making the process of obtaining a business borrower's detailed financial data in a standardized format easier and faster with our suite of DataShare APIs. Lenders may view the data in our DataShare View platform or utilize our APIs to integrate the data into existing spreading or loan portfolio management systems.

**Datashare APIs** - Empowers lenders with true API connectivity. Our APIs enable you to flow current, up-to-date data directly from your client's accounting program into your existing spreading or portfolio management systems.

**Datashare View** - Our cloud-based portal features an intuitive user interface and greater administrative control. New features include upload scheduling capabilities and additional accounting application connectors.

"Our DataShare products make lending more profitable by providing a better customer experience and faster decisioning. Lenders are enabled to analyze accurate, complete, current data every time so they can deliver real insights to the business borrower. Better data with insights to a business' complete financial health permits lenders to focus on providing value-added services to their customers." – Joel Curry, CEO

LendIt Fintech USA, a gathering of more than 6,000 industry professionals in San Francisco, showcases the leaders in innovation across financial services including the digital banking, fintech, blockchain and lending industries.
