All of the world’s more than 7 billion people need Jesus Christ. The sobering truth is that only about 2 billion claim Him as their Savior. Even worse, nearly 3 billion have never even heard of Jesus. God’s people are called—and SENT—to serve Christ’s church by helping reach as many as possible with the Gospel.

Lutheran Hour Ministries offers opportunities for Christians engaged in worldwide outreach to deepen and expand their engagement—as well as to invite more Christ-followers to become personally involved in extending the reach of the Gospel. In short, the Global Speaker Series allows your community to ignite hope where hope is desperately needed.

LHM employs local Christians who have a passion for the Gospel, know the needs in their country, and how to effectively communicate the life-transforming message of the Gospel. Their work is also sustainable because they do God’s work where they already live and are able to go to many places that would not be accessible to foreign missionaries.

Get Involved
The ministry leader from an LHM ministry center will travel to the U.S. as a guest speaker. You will get a truly unique opportunity to interact with a global mission worker! Each event will directly connect attendees to the needs of people and LHM’s work around the world.
A variety of print and digital media will support the event and provide opportunities for follow-up.

The **Global Speaker Series** is available to:

- **individuals** who are already part of LHM’s global mission and those who want to join LHM in impacting lives with the Gospel
- **small group** settings
- **large groups** such as congregations, schools, districts, and other events

LHM operates ministry centers in more than 30 nations. In each place, we train and mobilize local staff and volunteers, instead of sending foreign missionaries. This addresses the challenges that foreign missionaries often face:

- **Missionaries and their families must adapt to a new culture**
- **Work is slower and more expensive to get off the ground**
- **Ministry can be disrupted if missionaries leave the country**
- **Foreigners may not be allowed in certain areas**

The Impact

You are sent to share God’s Good News with souls in need. One of the most impactful ways to do this is getting involved in LHM’s global ministry efforts. LHM ministry leaders will come to the U.S. to share their ministry stories and the impact the ministry has on people’s lives. Your community will experience the global Gospel impact that God can make on them.

An estimated 125 million people in a total of 50 countries encounter the message of Jesus each week through LHM. This is not just LHM’s mission; it’s yours as well. God is calling and sending us to reach more souls.
