

# LIA GRIFFITH

## Materials List & Instructions

### Felt Mushroom Banner

#### Tools

Scissors  
Sewing needle  
Yarn Needle  
Straight Pins  
Sewing Machine  
Iron  
Small Pom Pom Maker

#### Materials

Felt: blush, light pink, white, saffron, & steel blue  
Embroidery Floss: blush, white, & saffron  
Blush Pink Yarn  
Air Dry Fabric Marker  
14" Long Dowel  
Twine  
Craft or Fabric Glue

#### Instructions

1. Gather tools and materials.
2. Prepare banner pattern and cut canvas.
3. Fold and press the 4 bottom edges over 1/4" and sew closed. Fold the top down 1", press and sew closed to make a tube for the wooden dowel.
4. Cut felt pieces according to pattern.
5. Glue the stem of the mushroom to the light pink cap. Stitch long straight lines with white embroidery floss, going from the center stem outward. You can use a air dry fabric marker to help guide your stitches.
6. Seed stitch some details onto both of the mushroom stems in white.
7. Draw a spiral on the snail shell with marker, and straight lines on the two leaves. Sew a running stitch over the lines with saffron color floss.
8. Assemble and glue felt pieces onto the canvas banner, following the illustration on the template.
9. Straight stitch stems in blush pink floss just under the six pink circles.
10. Make a pink yarn pom pom with a small pom pom maker and trim. Thread a short length of yarn through a yarn needle.
11. Use needle to string yarn through the center of the pom pom and knot the ends. Pull the loop so the knot is hidden in the pom.
12. Slide the wooden dowel into the banner and tie a length of twine onto both ends of the dowel. Hang the pom pom on one end (you can use a bit of glue to hold in place).
