

LIA GRIFFITH

Materials List & Instructions

Unicorn Wall Decor

TOOLS

Cutting Machine (recommended)
Craft Knife (if cutting by hand)
Low-Temp Hot Glue Gun
Scissors

MATERIALS

Yarn - Knit Picks Brava Sport in "Sky", "Clarity", and "White"
White Posterboard
Adhesive Foil Vinyl - Cricut "Rose Gold"
Transfer Tape - Cricut
Ribbon

INSTRUCTIONS

1. Gather tools and materials.
2. Cut unicorn head out of posterboard using a cutting machine (recommended), or cut by hand using a craft knife and printable template.
3. Cut face and horn details on a cutting machine out of foil vinyl and apply with transfer tape. You can also draw or paint the details on by hand.
4. Cut lengths of yarn about 18" long and glue to the back of the head, about 1/4" in from the edge. We did 5 strands of the same color in a row.
5. Flip the unicorn head over and glue along the edge of the posterboard to keep the yarn laying flat on top.
6. Continue gluing lengths of yarn all the way down the base of the neck. Cut some more yarn about 5" long and glue between the ear and horn on the backside.
7. Cut a length of ribbon and glue to the back, forming a loop to hang.
8. You can braid the mane or use it for displaying a hairpin collection.
