

LIA GRIFFITH

Materials List & Instructions

Easy Outdoor Movie Screen

TOOLS

Sewing Machine
Grommet Kit
Measuring Tape
Fabric Shears

MATERIALS

White Bed Sheet, Twin (70" x 98")
1.5" Ribbon, 8 Feet
1.5" x 72" Wood Dowels
2 Solid Brass Grommets, 1/2"

INSTRUCTIONS

1. Cut ribbons to 4 strips, each 24" long, set 2 aside. Fold other 2 in half, then sew at 2" mark. Add large grommet to both ribbons between fold and stitch.
2. Fold 1 white twin bed sheet in half lengthwise; sew bottom edges together along seam.
3. Open stitched layers to show inside edge. Use scissors to open inside layer of large pre-sewn sheet top. This is where you'll slide your bottom dowel.
4. At center fold, measure 2.5" and sew across.
5. Slide first down into stitched center fold.
6. Double knot tie grommeted ribbons onto two ends of top dowel. Trim ends.
7. Slide second dowel into cut inside pocket. Add 2 ribbons on both ends of lower dowel and double knot to keep in place. Trim ends of ribbons.
8. Hang movie screen onto outdoor fence or wall.
