

mini cacti plants

LIA GRIFFITH

TOOLS & MATERIALS

Hot Glue Gun

Scissors or Curling Tool

Craft Knife

Small Terracotta Pots (3.5-inch and 4-inch wide)

INSTRUCTIONS

1. Gently punch plants and flowers from paper and base from card stock.
2. Use a craft knife to deepen slits in all eight card stock bases.
3. Flowers: Use edge of scissors or curling tool to curl the petals. Glue one smaller flower into the center of one larger flower. Make eight small flowers.
3. Cactus A: Fold all eight pieces along score lines. Insert two cactus pieces with top slits into one card stock base (A) first. Slide two cactus pieces with bottom slits into top slits; then insert the tabs into the base. Repeat to make second cacti.
4. Cactus B: Fold all 16 pieces along score lines. Insert two large cactus pieces with top slits into one card stock base (B) first. Slide two large cactus pieces with bottom slits into top slits; then insert the tabs into the base. Repeat with four smaller pieces; then glue to top of larger cactus. Add one pink flower to top with glue. Repeat to make second cacti.
5. Cactus C: Fold all eight pieces along score lines. Insert two cactus pieces with top slits into one card stock base (C) first. Slide two cactus pieces with bottom slits into top slits; then insert the tabs into the base. Repeat to make second cacti.
6. Cactus D: Fold all 24 pieces along score lines. Insert two large cactus pieces with top slits into one card stock base (D) first. Slide two large cactus pieces with bottom slits into top slits; then insert the tabs into the base. Repeat with four medium and four small pieces. Add one pink flower to top with glue. Repeat to make second cacti.
