10 STEPS

FILMING SECURE SCENES

Ensure the scene safe for filming
Make a filming plan
Add preliminary information
Film an overview shot and the horizon
Film in a 360º circle in a 15-second interval
Film 10-second wide shots from the four points
Film 10-second medium shots from the four points
Film 10-second close up shots of key evidence
Complete a Camera Report
Supplement video with maps, still photos, drawings, etc.
