

Luminaire Specifications List

Customer	Henan Sunac Quanjie Real Estate Co., Ltd.
Project Name	Central One Park
Contract Number	B377
Date (yyyy-mm-dd)	2019
Design Area	façade, interior (consulting) and landscape (consulting)
Design Stage	
Version	

Lighting Design Partnership International
Liang Dian Design Center (room A310), 94 Dongsishitiao, Dongcheng District, Beijing 100007

Project Name	Central One Park		
Contract Number	B377		
Date (yyyy-mm-dd)	2019		
Design Area	façade, interior (consulting) and landscape (consulting)		
Design Stage			
Version			

Luminaire code		L1	
Type of fixture	wall-wash	Lamp source	LED
Brand	/	Brand	
Product number	BK79-15	Product number	/
Wattage including electrical equipment	/	Wattage	24W/m
Angle adjustable	/	Optic beam angle	50°
Body material	High-strength aluminum	Color temperature	3000K
Reflector material	/	Lumen output	2000lm
Accessory number	Bolt installation	Type of lamp head	/
Installation type	As shown below	Color rendering	≥90
Protection rating	IP65	Lifetime	/
Dimensions (mm)	As shown below	Control type	
Voltage	24V DC	Type of electrical equipment	External LED professional transformer
Frequency (Hz)	50HZ		
Weight (kg)	/	Brand	/
Certification	CCC/CQC	Wattage	/
Remarks	/		
Installation location	The specific electrical equipment depends on the supporting lighting.

Contract Number	B377		
Date (yyyy-mm-dd)	2019		
Design Area	façade, interior (consulting) and landscape (consulting)		
Design Stage			
Version			
Luminaire code	L2		
Type of fixture	linear light	Lamp source	LED
Brand	/	Brand	/
Product number	/	Product number	/
Wattage including electrical equipment	/	Wattage	15W/m
Angle adjustable	/	Optic beam angle	120°
Body material	Anodized aluminum	Color temperature	3000K
Reflector material	/	Lumen output	700lm
Accessory number	/	Type of lamp head	/
Installation type	As shown below	Color rendering	≥90
Protection rating	IP65	Lifetime	/
Dimensions (mm)	As shown below	Control type	/
Voltage	24V DC	Type of electrical	External LED professional transformer
Frequency (Hz)	50HZ		
Weight (kg)	/	Brand	/
Certification	CCC/CQC	Wattage	/
Remarks	The continuous splicing of the lamps shall not appear in the dark area.		
Installation location	The specific electrical equipment depends on the supporting lighting.
