Welcome Shooters!

As president of the Livermore-Pleasanton Rod & Gun Club, I wish to invite you to the 66th Annual Golden West Grand shoot. We are proud to once again host this prestigious shoot for the fourth time in California.

I would like to thank everyone that has worked long hours to make this shoot come together this year. Our Board of Directors, Trap Committee, ATA Delegate Dan Bonillas, and club members and volunteers who have spent many hours preparing to make our fourth shoot our best yet.

Most of all, a special thanks to all the shoot sponsors for their gracious donations who continue to help this shoot become a success.

We look forward to seeing you and hope you enjoy the tournament. Good luck shooters!

Shooters must declare their intention to cross-register at time of classification. There will be no changes once cashiered.
3. The trap range will be open on Tuesday from 5:00 p.m. to 9:00 p.m. for practice.
4. The Squadding Office opens at 8:30 a.m., Wednesday, May 10th through Sunday, May 14th. Practice traps open at 9:30 a.m. each day with the first event starting at 10:00 a.m. daily.

REGISTRATION CERTIFICATE

This certifies that the Livermore-Pleasanton Rod & Gun Club of Livermore, California, has been authorized to hold a registered shoot on May 10-14, 2017. Amateur Trapshooting Association official rules shall govern this shoot and the scores will be included in its official records.

RULES & REGULATIONS

1. Before entering the competition, every person agrees to accept all official decisions and to abide by ATA and LPRG rules. Members are strongly encouraged to know the ATA rules for their own benefit and for the benefit of other shooters.
2. No shooter shall be allowed to make up more than 50 targets on the practice traps if he/she has missed his/her squad. If you are unable to join your squad before the squad leader fires his/her first shot of the third sub event, you must re-squad. All make-ups, either for missed squads or gun repairs, must report to the practice trap area within 30 minutes of the last squad taking the line for the current event.
3. It is the responsibility of special category shooters (Veteran, Sr. Veteran, Lady, Junior, Sub Junior) to see that they are correctly classified prior to cashiering.
4. Information needed to award trophies, added money and to make reports to the ATA will be taken from entry forms—be sure all information on your entry form is correct.
5. Each shooter who is entitled to receive money won during any event agrees that if such money is not received by him/her at the shoot, then a check will be mailed using the address on record. LPRG will not be responsible in any way for checks lost, stolen, unclaimed, undelivered or otherwise not received by the shooter.
6. All trophy monies in the program will be divided, no shoot offs.
7. All trophies must be picked up. No trophies will be mailed.
8. There will be no trophy buy-backs.
9. No shooter shall win more than one trophy per event.
10. Reloads that meet the ATA specifications will be permitted at this shoot.
11. Please follow all safety rules. Failure to follow safety rules may result in disqualification.
12. Targets will be adjusted by shoot management only.

CLASSIFICATION AND HANDICAPPING

Please have your average card current and up to date at time of handicapping. Shooters are required to have their singles and doubles scores entered and averaged on their card. Shooters who also shoot in PITA will be required to shoot handicap at their longest posted yardage. Please have ALL average cards ready for the Handicap Committee to review. Failure to have a current card could result in higher classification. Longest yardage, highest average and known ability will be used for classification at this shoot.

Penalty: Shooters not having 500 singles and 500 doubles targets in the current or last year combined on which to base a classification, will be required to shoot not less than "A" class in singles and "B" class in doubles. Male and junior male shooters who do not have at least 500 handicap targets in the current year or last year combined will be handicapped no less than 22 yards; ladies and sub junior shooters at 20 yards.

Shooters who win or tie their class in the Class Singles or Class Doubles events shall advance a class for the Championship events.

The Handicap Committee reserves the right to change the classification of any shooter at any time; the decision of the committee will be final.

THE MEN BEHIND THE SCENES

Jim Wyllie

You've seen him rolling by in that little white golf cart, John Deere hat, occasional cigarette in hand, and sometimes a scowl on his face. However, what most don't know are the many hours a day, seven days a week that Jim dedicates to our club and the sport of trap shooting. We come, we shoot, we go home. We are fortunate to be able to enjoy one of the best clubs in California but it doesn't just happen magically. Approximately 50 acres and two ranges to manage are a challenge to say the least.

Jim has been a trap shooter since he was old enough to pick up a gun. According to ATA archives, his first registered shoot year was in 1960 and with 500 targets under his belt his average was 75%. A few years later, he won the 1968 Golden West Grand Handicap Championship with a score of 98 from the 21 yard line. Rumor has it that he was on squad #259 and walked away with over \$35,000. Those sure were the good 'ole days. Fast-forward to today, he has shot over 220,000 ATA registered targets. Jim has been generous with his experience and knowledge and has helped more than a few youth and adult shooters to improve their skills and scores.

When Jim was a young man shooting at the club, then President, Manuel Mingoia told him that he would run this club someday. Jim would probably grumble and say that Manuel cursed him with that premonition. But deep down Jim loves this club, loves shooting, and is proud at the end of a successful shoot. So if you see him buzzing by, say Hi, say thank you, and tell him you enjoyed the shoot.

Jim McCullough and Warren Price

These two are our unsung heroes. They are here every week making sure that the trap machines are maintained and running smoothly. It is no easy task to get down in those trap houses with the steep stairs and spiders but they do it, every week. They are often faced with machines that are just not functioning perfectly, but they figure it out and get it fixed. They are here for every shoot to make sure that the machines keep throwing targets. So, if you don't like how the targets are being thrown, feel free to go visit them in the shop. But beware, complainers have been known to go in and never come back out.
