

Dr. Miller's Detox Tea Testimonials

"I've been back using the tea for a month now and I was looking for weight loss results. I am glad I didn't give up because what I actually got was better. I normally experience joint pain in my knees and ankles due to old injuries. I'm happy to report that I have no joint pain, my ankles don't hurt at the end of the day and most of all I'm now able to comfortably do yoga." – **Mervetta Shaw**

"The challenge was to lose 5lbs in 5 Days using the detox tea. Well, I did that and still dropping. Did I eat clean the entire time? ...Did I do strenuous exercise? Not really. I kept up my water intake though. Now just imagine what's going to happen to these numbers, rapidly, when I incorporate the exercise and meal prep. And the best part is this isn't just limited to me. You have the capability of achieving this success as well." – **Cochise Bryant**

"Since starting my Dr Miller's Detox tea and Thrive healthy living and weight loss journey, I am down 8 lbs and 7 inches. Inch loss is a better judge than weight loss, imo. :) 2 of those inches came from my belly. A picture is worth a 1,000 words." – **Rhonda P**

"My acid reflux use to flare up really bad sometimes I would have to jump out of bed in fear of strangling. I started drinking Dr. Miller's detox tea two weeks ago. After the first week of drinking the tea, I have no symptoms of the acid reflux. It is flushing out my digestive system. I've even lost 2 inches from my waist. I will never let my Dr. Miller's detox tea run out." – **Peter P**

"WOW is right! I don't have a scale, and the weight loss is not that important to me. However, the intestinal detox is working! I have had a lifelong battle with intestinal disorders, and last night I was in agony. I made my first batch of tea earlier in the day, and was going to let it "steep" overnight. I couldn't wait, so at 1am I got up, drank 1/4 cup of the "straight stuff" mixed with 18 ounces of water, and by 7am, I was a "new woman"! Yes, it was some pretty scary stuff coming out of me, but well worth it! Intestinal pain all gone! After my first dose, I can honestly say I will NEVER be out of this tea! – **Sally P**

"100% in love with the tea!! After only three days in, I noticed I was urinating more frequently, so that puffiness in my hands is gone! I've become so regular with my bowels. I'm so proud! I want to call for my mommy to come look! :-) I don't own scales, but my tummy feels five pounds lighter! Happy happy happy!!" – **Mary T**

"These were my favorite jeans and jogging pants when I was first introduced to this AMAZING tea about four years ago. My results catapulted my Lifestyle change, and began my weight loss journey. This particular formula was SPECIAL in that it contained four additional detoxifying ingredients that allowed me to lose about 9 pounds in my first month of use, without changing a thing. When I heard that LurraLife was the only Home Business that now had access to the ORIGINAL formula, and it was available again, I couldn't wait to begin taking it, as I have learned more things about my body as it relates to obtaining optimal health. This time, I lost 9 pounds in less than seven (7) days. YES, 9 pounds!! Besides cleansing my intestinal tract, I know that my organs are also being cleaned. In the past, I know for a fact that I had also been able to keep the weight off when I continue to use this detox tea. I am so thankful that it has been

reintroduced to the world. No more aimlessly searching for comparable teas... I couldn't find any because there are NONE... Eternally Grateful!" – **Andrea Linton**
