La Porte, Texas 77571
Tel: +1 713 209 7000

675
employees & contractors

550 acres
site footprint

ABOUT THE SITE

LyondellBasell's La Porte complex began operations in 1959. The site is the world's third largest producer of glacial acetic acid, a safe flavor enhancer and food preservative, and includes two barge docks on the Houston Ship Channel. Site expansions include an 800 million pounds-per-year ethylene increase in 2014. Additionally, in 2019, the site acquired Praxair-Linde's hydrogen gas and carbon monoxide gas plant. Construction is currently underway on a Hyperzone polyethylene plant, scheduled for completion in 2019, that will have a capacity of 1.1 billion pounds per year of high density polyethylene (HDPE).

ECONOMIC IMPACT

\$744 million

Estimate includes yearly total for goods and services purchased and employee pay and benefits, excluding raw materials purchased (basis 2018)

COMMUNITY ENGAGEMENT

LyondellBasell is committed to being a responsible, good neighbor in the communities where we operate. The La Porte Complex supports the community by volunteering with various groups including:

- Today's Harbor for Children
- Wings Over Houston
- La Porte Independent School District
- La Porte Local Emergency Planning Committee
- Holiday Angels
- La Porte Chamber of Commerce
- Bay Area Turning Point

AWARDS

- 2016 American Fuels and Petrochemical Manufacturer's Elite Gold Safety Award
- 2016 La Porte Chamber of Commerce Salute to Industry Award

ABOUT LYONDELLBASELL

LyondellBasell (NYSE: LYB) is one of the largest plastics, chemicals and refining companies in the world. Driven by its employees around the globe, LyondellBasell produces materials and products that are key to advancing solutions to modern challenges like enhancing food safety through lightweight and flexible packaging, protecting the purity of water supplies through stronger and more versatile pipes, improving the safety, comfort and fuel efficiency of many of the cars and trucks on the road, and ensuring the safe and effective functionality in electronics and appliances. LyondellBasell sells products into more than 100 countries and is the world's largest producer of polymer compounds and the largest licensor of polyolefin technologies. In 2019, LyondellBasell was named to Fortune magazine's list of the "World's Most Admired Companies." More information about LyondellBasell can be found at www.LyondellBasell.com.

PRINCIPAL PRODUCTS
