NOTICE TO LAW ENFORCEMENT AUTHORITIES:

What is contained in this package may look like marijuana, but it is actually **LEGAL INDUSTRIAL HEMP FLOWER.**

Legislation established the legality of Industrial Hemp to be produced in state pilot agricultural programs. Congress provided the requisite definition for allowable amounts of THC - Industrial Hemp means the plant Cannabis Sativa L. and any part of such plant, whether growing or not, with a **delta-9** tetrahydrocannabinol (THC) concentration of **not more than 0.3 percent** on a dry weight basis.

An important legal distinction also appears in the first sentence of this bill, stating: "Notwithstanding the Controlled Substances Act (21 U.S.C. 801 et seq.), the Safe and Drug-Free Schools and Communities Act (20 U.S.C. 7101 et seq.), chapter 81 of title 41, Unites States Code, or any other Federal Law." The term "notwithstanding" was widely used by the 114th Congress as a way to supersede previous laws that may apply, without going through the process overturning them. This confirms that hemp cannot be considered "marijuana" under the CSA.

THIS HEMP FLOWER HAS A DELTA-9 THC LEVEL ON A DRY WEIGHT BASIS EQUAL TO **LOQ % (see attached state tested results), WELL BELOW THE 0.3% MAXIMUM LEVEL and therefore, this flower is hemp, not marijuana, and is perfectly legal to possess and sell.**

This right applies to any state pursuant to the Full Faith and Credit Clause, Article VI, Section 1 of the Constitution, the Supremacy Clause, Article VI, Section 2 of the constitution, and the Equal Protection Clause, Section 1 of the Fourteenth Amendment.
