Established in 1909, the Master Builders Association of King and Snohomish Counties is the oldest and largest homebuilders association in the nation. Membership is comprised of homebuilders, home renovation contractors, commercial contractors, specialty contractors and the many other businesses that support homeownership and the construction industry. Membership is not restricted.

Membership in the Master Builders Association includes membership in our state association, the Building Industry Association of Washington (BIAW) and the National Association of Home Builders (NAHB). The Master Builders lobby locally, BIAW state-wide and NAHB nationally for housing and construction issues. All three associations offer opportunities for involvement in their activities.

The Association has an environmental building-certification program, called Built Green®, which is sponsored by King and Snohomish counties. Also available are a number of councils and committees, including the Affordable Housing Council, Professional Networking Council, Design Professionals Council, Developer Builder Issues Committee, Housing Policy Committee, Membership Council, Professional Women in Building Council, Remodelers Council, Residential Builders Council, Sales & Marketing Council and Seattle Builders Council.

## ASSOCIATION BENEFITS AND MARKETING OPPORTUNITIES

### ● HEALTHCARE

As Regence Blue Shield's largest customer we can offer extremely competitive rates on health insurance, plus added employee benefits with supplemental insurance products through Colonial Life. For more info, visit [mbahealthtrust.com](http://mbahealthtrust.com).

- Security notifications

For more info, visit [associatedpetroleum.com](http://associatedpetroleum.com)

### ● CREDIBILITY

Members are listed on our popular website, [mbaks.com](http://mbaks.com), and can use the Master Builders Association logo for their marketing and communications needs.

REV.11/22/2016

## CODE OF ETHICS

**The philosophy of the Master Builders Association of King and Snohomish Counties is that:**

- Home ownership can and should be within the reach of every American family.
- American homes should be well designed, constructed and located.
- American homes should be built under the free enterprise system.

**To achieve these three goals, our members pledge to uphold the following Code of Ethics:**

- Conduct our business in a manner that will reflect credit upon our Association, our industry and ourselves.
- Avoid statements or implications that may be misleading or deceptive.
- Describe accurately and honestly the price, materials and standards of workmanship used in our jobs.
- Provide high standards of health and safety.
- Deal fairly with everyone involved in our projects including employees, subcontractors, suppliers and customers.
- Encourage research to develop new materials, building techniques, improved building practices and financing methods.
- Perform to the standards of the NAHB residential-construction performance guideline in effect at the time of construction.
- Offer a minimum one-year written warranty on new homes and remodels, and use the MBA's consumer dispute resource program to settle disagreements with builders and remodelers of single-family homes should the Association receive a complaint.
- Support our local, state and national associations and all related industries concerned with providing affordable housing.
- Certify that, as a contractor member of the Master Builders Association, we are registered, bonded and insured with the state of Washington.
- Do business with Association members whenever possible.

**We, as individual members, assume these responsibilities freely and solemnly, mindful that they are part of our obligation as members of the Master Builders Association of King and Snohomish Counties.**
