

## Day 13

Transmission 38:02

Music: [Daniel Schotsborg - Violet - Qualia+ 3D](#)

In the final transmission of this series, your entire physical system upshifts to embody what is appropriate for you in this NOW moment. Your intention to connect to the highest potential timelines for your happiness and joy is paramount to stay in alignment with Divine Will. Remember, your highest potential is always a win/win for all. Allow this awareness to encode more deeply into your consciousness.

Aligning with Divine Will IS aligning with your Light and wisdom. Call upon your new support team, advisors and guardians to assist you, keeping you connected to your purest essence.

As a Master of Light incarnate on the planet at this time, it is your ability to embody wisdom, without ego, that brings bliss beyond your current experience.

Allow Divine Will to guide you with every breath you take, bringing the experience of joy, compassion and the courage to be a living example of Mastery. Ground this knowing into your everyday experience. Surrender to the shifts to bring about expansive change in your life, aligning you into an entirely new expression of YOU.

It is an honor to facilitate this energetic journey. Breathe and remember that You Are Light!
