

## Day 9

Transmission 30:58

Music: [Daniel Schotsborg - Orange - 3D](#)

This beautiful energetic journey continues. This transmission begins the process of anchoring the rarified Light oscillations of Joy, Peace and Harmony into your matrix. This connection allows for a new expression of these complex emotions/aspects to emerge into your personal reality.

These harmonic key-codes amplify your ability to live from the heart and in Divine flow more consistently in every Now moment. Enjoy the waves pulsing through your body.

Breathe and know that You Are Light!
