# Snuggle up to a Contempra

With its extra long cord, dial and disconnect button in the handset, you've got it all in the palm of your hand. Intriguing and practical. Looks like an accessory on your desk, table or wall. Comes in warm,

lush colors. Contempra. Ask for it at your phoneCentre or AGT Business Office. Touch-Tone for single line customers only where available.

TransCanada Telephone System

# MAKING THE MOST OF telephone service

Today's telephone equipment is engineered to give you a marvellously high standard of service — but a little help on your part can make your telephone service work even better for you.

## CORRECT DIALING SAVES TIME AND FRUSTRATION

How you dial is important. It can ensure that your call goes through quickly and easily, and save you the annoyance of re-dialing.

- Before dialing, make sure you have the correct number in front of you. Look it up — and jot it down.
- Lift the receiver and listen for the dial tone. When you hear it, dial ALL SEVEN DIGITS of the local number you wish to reach (For Direct Distance Dialing, see page 3).
- Please don't delay between dialing each digit. But do make sure you turn the dial all the way around to the finger stop.
- Let the dial roll back of its own accord before you dial the next digit.

## RURAL CUSTOMERS

### HOW TO USE AUTOMATIC PARTY LINE TELEPHONES

#### 1 TO CALL EXCHANGE NUMBERS AND OTHER PARTY LINE NUMBERS

- (a) Lift the receiver. If the line is free, push in the Call Button or press the Hook Switch Latch (depending on the type of telephone set).
- (b) Listen for dial tone, then dial the number as listed in the directory.

#### 2 TO CALL A NUMBER ON YOUR OWN LINE

- (a) Lift the receiver. If the line is free, push in the Call Button or press the Hook Switch Latch.
- (b) Listen for the dial tone, then dial the number as listed in the directory.
- (c) When you hear the busy signal, depress the hook switch until the Call Button or Hook Switch Latch releases and listen.
- (d) When your party answers, push in the Call Button or press the Hook Switch Latch and proceed with your conversation.

#### 3 IF THE CALLED PARTY DOES NOT ANSWER

- (a) Push in the Call Button or press the Hook Switch Latch to stop the ringing and replace the receiver.

#### 4 TO ANSWER A CALL ON YOUR OWN TELEPHONE

- (a) When you hear your own party line ring signal, pick up your telephone receiver, press Hook Switch Latch or Call Button and proceed with conversation.
