SURVIVAL IN A NUCLEAR WAR

THOUSANDS OF LIVES CAN BE SAVED IF THE PEOPLE OF ALBERTA KNOW THE CORRECT ACTION TO TAKE SHOULD A NUCLEAR WAR OCCUR. IT IS IMPERATIVE THAT THE FOLLOWING IMPORTANT FACTS ARE LEARNED AND REMEMBERED.

Emergency Warning

ATTACK WARNING:

The "Attack Warning" signal is a wailing (undulating) tone on sirens of three to five minutes' duration or short blasts on horns or other devices repeated as deemed necessary. The Attack Warning means that an attack on North America has been detected.

On hearing the "Attack Warning" signal, protective action should be taken; here are some suggestions:

- If you are at home go to the basement or strongest part of your house or building which offers the best protection.
- Take your battery radio with you, or turn up the house radio so that you can hear while under cover.
- Stay away from windows.
- Lie down and protect yourself from flying glass and falling debris.
- Shield your eyes from the flash of an explosion.
- If you are away from home take protective cover immediately.
- If you are only a few minutes from a safe destination, proceed and take protective cover immediately.
- Listen to your radio for further instructions.

The same undulating signal may also be used following an attack to warn that radioactive fallout from nuclear explosions is approaching a particular area or region. Upon hearing this signal, you should listen to your radio for further instructions.

DON'T USE YOUR PHONE. Jammed switchboards could delay lifesaving messages.

DON'T PANIC. Warnings do not necessarily mean your area will be attacked.

DON'T GO OUTSIDE. Missing members of your family are probably sheltered elsewhere.

DO LEARN ABOUT YOUR COMMUNITY SURVIVAL PLAN. Contact your local Civil Defence Co-ordinator.

DO VOLUNTEER. Offer your services to your local Civil Defence organization.

DO PROVIDE YOUR FAMILY WITH FALLOUT PROTECTION — DO IT NOW.

For further information contact your local Co-ordinator of Civil Defence or write

ALBERTA EMERGENCY MEASURES ORGANIZATION

BOX 10,000 — EDMONTON

HONOURABLE EDGAR H. GERHART

Alberta Emergency Measures

PROVINCE OF ALBERTA

Emergency Arrangements

ADVANCE PLANNING

A future war will be different from previous ones. There will be no time to make plans.

Families should plan ahead to provide themselves with fall-out protection and emergency supplies.

A selection of booklets explaining the dangers of nuclear war, and outlining protective measures which should be undertaken in advance, is available free of charge from your local Civil Defence Organization, or by writing to Alberta Emergency Measures, Box 10,000, Edmonton.

EMERGENCY SUPPLIES

Your Family should be equipped with a two week supply of food and water in covered containers, clothing and blankets, emergency lighting, heating and sanitation equipment, a first aid kit, including special medicines required by members of the family, and, MOST IMPORTANT OF ALL, A BATTERY OPERATED RADIO AND SPARE BATTERIES.

DISPERSAL

If you live in the Edmonton or Calgary Risk Areas and plan to evacuate if a warning is sounded, learn your dispersal route and have the emergency supplies listed above, ready for immediate use.

Radio broadcasts will inform you on the action to be taken immediately following the attack warning.

If you live outside the target areas, you should remain in your house, pending broadcast instructions.

Telephone cords & water don't mix. A wet cord can put your telephone out of order, so please keep your telephone cord away from sinks, valves, steam and other places where water might get on it.

SUGAR, HONEY?

Honey can be used, measure for measure, as a substitute for sugar in making puddings, custards, pie fillings, baked apples, candied and sweet-sour vegetables, salad dressing and cinnamon toast.

WEDDING RING BOX

The bride's mother is given the wedding ring box by the bridegroom after the ceremony. She keeps it for her daughter. It is never taken on the honeymoon as it is presumed that the bride will wear both her rings continuously at this time — if she ever does in her life.

Attending Sunday Church Service together is one of the most rewarding experiences of family life.

BED CARE

Home care authorities say that innerspring mattresses should be turned once a month. But latex foam mattresses need no turning—they have only one sleeping surface, no padding or springs, so there is nothing to mat down or shift.
