# The Best Time to Call a Friend Out of Town

Evening is one of the best times to make an out of town call because between 7 P.M. and 12 midnight the rates for station to station or "Any-one" calls are reduced to approximately one-half of the day rates. After midnight until 4:30 A.M. the rates are still further reduced to approximately one-fourth the Day rates. These reductions are possible because after 7 o'clock in the evening there is a falling off in the number of calls at the end of the business day. These rates apply on calls by number only, and within the Provinces of Alberta and Saskatchewan.
