Don't Dig Up Trouble . . .

When underground telephone cable is accidentally dug up or cut by power shovels, trenching or earth boring machines, bulldozers, pipe-pushers, or even by picks, bars or shovels—telephone, radio and television service may be disrupted for the whole neighborhood. That's why we ask—before you dig call TELEPHONE REPAIR SERVICE. We'll quickly locate and mark the location of the cable for you.

. . . Call Before You Dig!
