**CITY SUBSCRIBERS**—To call Rural subscribers, dial the directory listing of party desired.

**RURAL SUBSCRIBERS**—To call City subscribers dial 3, followed by directory listing of party desired.

To call subscribers on other Rural lines call directory listing but omit first two digits (97).

To call parties on your own line (do not use dial) consult signal sheet and ring the signal as indicated by the last two digits of the listed number. As per example subscriber No. 21 indicates that the ring is two short rings, a pause, followed by one short ring.

To call long distance dial 0. No prefix required.

# *It Takes Wires to Tie a Town Together*

From your telephone—from every telephone—two wires run all the way to the Central Office. Here they are interconnected at will, quick as a wink, with any other pair . . . the basis of the system which unifies every community through voice communication.

When all "spare" wires in any neighborhood have been put in service, or all switching apparatus at a Central Office has been used up, the only way additional subscribers can be served is by installing more wires or Central Office equipment.

There are always new Central Offices to be built, and others to be enlarged to care for the normal growth of the telephone industry.

The present program of expansion is taking much time and a vast amount of work to complete, since regular telephone manufacturing was entirely suspended during the war years.

That is part of the telephone job, however, and as the work goes forward it will tie people and towns and countries closer together than ever before.

# **'Phone Problems in a Nutshell**

The current demand for telephone service in Edmonton is the greatest in history. And this demand has followed a period in which telephone development was practically at a standstill, because of wartime regulations set by the Government.

These two factors, coupled with the problem of general shortages, explain "in a nutshell" why it is still impossible to give telephone service to everyone who wants it.

We assure the public that we are doing our utmost, in the face of great difficulties, to bring the telephone situation back to normal.

# OIL

has become a major industry in the fast growing City of Edmonton

# GROWTH

due to oil development is very rapid. Businesses spring up like mushrooms. It's almost impossible to keep up with the changes. The Telephone Book is in a good position to give you accurate up-to-date information.

**B**UT—with the thousands of subscribers to be listed, changed addresses, and new numbers, it is easy to see why it is possible for an error to creep in here and there.

Your name, address and telephone number in this directory are most likely correct. But, if by any chance they are not, you'll do us a favor by telephoning or writing to our Business Office.
