HOW TO USE THE TELEPHONE

AUTOMATIC TELEPHONE

Consult the Telephone Directory for the correct number before you make a call. Do not trust to your memory.

Call "92" for information if the person or firm you wish to call is not listed in the Directory.

1. Remove the Receiver.—Be careful not to move the hook at any time during the call.

2. What to Dial.—It is necessary to dial each figure of the number in rotation.

3. How to Dial.—Suppose you are calling 2301. To dial this number proceed as follows:

(1) Remove receiver.

(2) Place your finger in the hole over the figure "2".

(3) Turn the dial around until your finger strikes the finger stop, then lift your finger and allow the dial to return to rest without touching it.

(4) Repeat this operation for the figures 3-0-1. If you find that you have made an error before you have completed dialing, hang up the receiver for a few seconds, then remove the receiver, and dial your call again.

4. Ringing and Busy Signals.—After you have finished dialing you should hear in the receiver either the ringing signal (an intermittent burr-rr-ing sound) indicating that the called telephone is being rung, or the busy signal—a rapid buzz-buzz-buzz—indicating that the called line is busy.

If you hear the ringing signal and receive no answer within a reasonable period, hang up the receiver and call later.

If you hear the busy signal hang up the receiver and after waiting a reasonable length of time call again.

If you hear neither signal within half a minute, hang up the receiver for a few seconds, then remove it and dial again—If the same condition is found after several attempts, dial "93" and report the condition to "Trouble" operator.

5. After You Have Finished Talking.—Hang up your receiver—This will disconnect you from the called telephone. Leave your receiver on the hook a few seconds before starting to make another call.

AUTOMATIC EXCHANGES

Information:—Call Information "92" for numbers of New Subscribers, Changes, Long Distance Line Charges, New Toll Offices, etc.

Trouble:—Complaints regarding Telephone Troubles should be reported to Trouble Operator, Telephone No. 93. When reporting trouble give telephone number affected and its location, also state as accurately as possible just how trouble manifests itself. Try to be specific, as incomplete information frequently causes delay in locating nature of trouble.

If a line you are trying to call repeatedly tests "busy," notify Trouble Operator, who will investigate whether same is caused by an abnormal condition on line, or from use. If any line appears too busy for good Service, write to the District Commercial Superintendent. Subscribers are requested not to engage Trouble or Information Operators in conversation longer than necessary, as by so doing the operator will be prevented from giving prompt attention to other patrons.

MANUAL TELEPHONE

Consult the Telephone Directory for the correct number before you make a call. Do not trust to your memory.

Ask for "Information" if the person or firm you wish to call is not listed in the Directory.

1. To Call the Operator give one long ring before removing the receiver from the hook and then hold receiver to the ear.

2. When the Operator Replies by saying, "Number?" give the number of the subscriber's telephone desired, slowly and distinctly.

Example:—"1429" should be pronounced "one four-two nine."

"175" should be pronounced, "One-seven five."

3. Face the Transmitter with the lips almost touching the mouthpiece. Speak naturally, distinctly and not too rapidly.

4. Keep the Receiver to the Ear, and the Operator, after repeating the number, will connect you with the subscriber called for. If the desired line is found to be in use the operator will report "Line Busy."

5. When You Have Finished Talking place the receiver on the hook, small end up, and give a short ring. This gives the operator a signal to disconnect and you are then in a position to call another number or to be called.

NOTE:—At Camrose, Lacombe, Lloydminster, Hanna and Wetaskiwin (Common Battery Exchange) no ringing, except by rural line subscribers, is necessary. Simply remove receiver from hook and in all other respects proceed as instructed above, placing the receiver on the hook when conversation is finished.

6. Do Not Use the Telephone during a thunderstorm.

7. Rural Line Subscribers should limit their conversation to Five Minutes duration and must not "listen in" to conversation not intended for them, as it interferes with the Service.

Complaints:—Complaints regarding telephone trouble and unsatisfactory Service should be made to the Local Manager, Agent or Chief Operator at the Office concerned, and if not rectified within a reasonable time, the matter should be referred to the General Traffic Superintendent at Edmonton.

LONG DISTANCE SERVICE

RULES AND REGULATIONS

To make a Long Distance Call, first call "Long Distance"—when the Long Distance Operator answers, give her your telephone number, followed by the details of your call as indicated below.

CLASSIFICATION OF LONG DISTANCE SERVICE

1. STATION-TO-STATION CALLS

The Station-to-Station rate applies when it is not desired to establish communication between particular persons.

Station-to-Station calls must be made by number whenever Telephone Directory information covering the called point is available. When such information is not available, the name or address under which the telephone is listed should be given, specifying that "anyone at that number will do."

EXAMPLE:—"4567, J. H. Brown speaking, I want to speak to Springdale, 684," or "I want to speak to Springdale, anyone at Mr. John Jones' residence (or business) telephone."

2. PERSON-TO-PERSON CALLS

When a Long Distance Call is made, specifying that conversation is desired with a particular person and the connection is established and conversation held with that person, the "Person-to-Person" rate applies.

EXAMPLE:—"4567, J. H. Brown speaking, I want to speak to Springdale, 684, Mr. John Jones," or "if Mr. Jones is not there, I will speak to Mr. A. F. Smith."

NOTE:—When a particular person is desired, the Long Distance operator must be so advised when the call is placed, otherwise charges will be made from the time connection is established with the telephone desired, whether the party is obtained or not.

Appointment Calls

An Appointment Call is a Person-to-Person call requiring communication to be established at a specified time, and order should be given to the Long Distance operator in the usual manner.

Messenger Calls

A Messenger Call is a Person-to-Person call, necessitating the services of a Messenger to secure the attendance of a specified person, and order should be given to the Long Distance operator in the usual manner. The Messenger Service and Report charges in such cases must be prepaid by the calling party if the call is placed from a Public Pay Station.

Collect Calls

Collect calls are Person-to-Person or Station-to-Station Calls, the charges for which are reversed, i.e., to be collected from the called party. In such cases the assent of the called party shall be obtained before the connection is established.

LONG DISTANCE SERVICE

RULES AND REGULATIONS—Continued

RATES AND CHARGES FOR LONG DISTANCE SERVICE

Long Distance Tolls will be charged to the subscriber from whose instrument the Long Distance call is placed, except those messages for which the receiving party expressly agrees to pay.

All rates quoted are for an initial period of three minutes. For over-time beyond the initial period a proportionate charge is made per minute.

The rates quoted on pages 7 and 8 are Station-to-Station Day Rates.

The Day Rate for a Station-to-Station call is the fundamental rate upon which the rates for other classes of Service are based.

The rate for a completed Person-to-Person, Appointment or Messenger Call, including Written Messages and Telegrams, either Paid or Collect is approximately 25% higher than the corresponding Station-to-Station Day Rate.

Day rates only are used in computing charges on Person-to-Person, Appointment and Messenger Calls, including Written Messages and Telegrams.

Night Rates

Reduced rates are in effect from 6:00 p.m. to 4:30 a.m. and all day Sunday.

(NOTE:—In no case shall the Night rate be less than 25c. for the initial period, unless the Day rate is less, in which case the Day and Night rates shall be the same.)

Report Charges

Under certain conditions a Report Charge of approximately one-quarter of the Station-to-Station Day rate will be made on uncompleted Person-to-Person, Appointment and Messenger Calls, including Written Messages and Telegrams, to points in Alberta and Saskatchewan.

A Report Charge shall not be made on a Station-to-Station call except when such call is placed "Collect" and the charges have not been accepted.

PAY STATION SERVICE

Pay Station Telephones have been installed by the Department for the convenience of subscribers and the general public, in suitable locations throughout the Province. Local conversations may be had from these telephones at a charge of 5 cents for 5 minutes. Long Distance Service is furnished at regular tariff rates upon deposit of the amount of the initial charge (covering three minutes' conversation) the usual charges being made for excess time.

Non-subscribers who desire to use Subscribers' telephones should be referred to the nearest Public Pay Station.

If there is anything about our rates and practices you do not fully understand, please call our Local Manager or Chief Operator and they will be glad to explain.

LONG DISTANCE CALLS ARE CLASSIFIED

STATION-TO-STATION CALLS When you will speak to anyone at the distant telephone.

This type of call meets most needs and is at the lowest rate. It is the simple basic call, requiring only the connecting of two distant telephones.

PERSON-TO-PERSON CALLS When a particular person is desired.

Entailing, as it does, more labor and longer use of lines, this type of call takes a higher rate. In the event of the call not being completed a small charge is made for reports furnished.

These Special Services Are Also Available

Appointment Calls - are made when a particular person is required at a specified time. The operator makes the appointment with the distant party.

Collect Calls - - - - When called party is requested to pay for and accepts charges.

Messenger Calls - - are made when the called party cannot be reached by telephone and a messenger is sent to bring the party to the telephone.

Appointment and Messenger Calls are on person-to-person basis.

GIVE THE OPERATOR THE DISTANT NUMBER IF YOU CAN — IT SPEEDS UP THE SERVICE
