AGT DIRECTORIES

Prices shown are for telephone books picked up at your local AGT Business Office.

Also available by mail at additional cost for handling and postage.

Prices subject to change.

Banff & District	\$1.00	Lethbridge & District	\$1.25
Brooks & District	1.00	Medicine Hat & District	1.25
Calgary & District	2.00	Northern District	1.25
Central District	1.25	Peace River District	1.25

No liability is assumed by Alberta Government Telephones for errors or omissions occurring in their Directories.

OTHER DIRECTORIES

Directories are also available on request for other Canadian, U.S.A. and international cities.

CALGARY TELEPHONE NUMERICAL AND STREET ADDRESS DIRECTORY

A two part directory which lists:

- (a) phone numbers numerically, then names and addresses.
- (b) street addresses numerically, then names and telephone numbers.

Issued twice yearly. Rental based on a minimum contract of one year.

WHERE TO BUY TELEPHONE DIRECTORIES

Contact your AGT Business Office or write Alberta Government Telephones, Directory Manager, Box 6000, Calgary, Alberta. T2P 2R2

BUSINESS SUPPLEMENTARY LISTINGS

You are entitled to a free alphabetical listing in the White Pages. If your exchange is included in the classified section of the telephone directories, you are also entitled to a free Yellow Pages listing. Extra or Additional listings may be obtained at a nominal cost. These can be most valuable. For instance, when:

- your listing is likely to be looked for under more than one letter of the alphabet.
- you carry on business under another name.
- you want your name included with your business listing or your home number or alternate numbers for after-hours business calls.

LISTINGS IN OTHER DIRECTORIES

Your free listing is generally restricted to the directory serving your own area. However, paid-for listings may be made in other main or local directories in Canada or U.S.A.

If you are a business customer, please contact the Directory Department (Phone 261-5187 Collect) about your directory requirements. If you are a residential customer, extra listings may be arranged through your AGT Business Office.

4 How to find a phone number

... and some tips to save you time

1. USE THE "TELLTALES" TO FIND THE RIGHT PAGE

"Telltale" are the bold names, printed on the top outside corner of each page. They contain the last name of the first and last listing to appear on that page.

In addition, they also contain the name of the exchange.

Use the "Telltale". They make it easy to locate the page containing the party you wish to call.

2. FIND THE SURNAME, LISTED ALPHABETICALLY

Then find the initials or Christian name, also listed alphabetically. Example: **Doe, Joe** comes before **Doe, John**.

3. POINTS TO REMEMBER

- Abbreviations appear alphabetically as if the word were spelled in full. Example: St. Andrews Church appears as if spelled Saint Andrews.
- Names with prefixes such as "De" are treated as a single word. Examples: De Roy, J. would appear in the "D" section; Van Horne, W. in the "V" section.
- "The" usually follows the name of a firm. Example: The Doe Manufacturing Company would appear as **Doe Manufacturing Company, The**.
- Titles such as "Dr." appear after the surname. Example: Dr. Mary Smith would appear as **Smith, Dr. Mary**.
- Hyphenated names such as Hall-Smith appear as though there were no hyphen. Example: You would look for this name under "H".

HOW YOU CAN MAKE IT EASIER TO "LOOK IN THE BOOK"

1. UNDERLINE OR CIRCLE YOUR MOST-CALLED NUMBERS.
2. USE THE "INSTANT LOOK" PAGE at the back of the phone book. This special page is for the numbers you call most frequently. Write them down clearly — look them up instantly!

FREE PERSONAL DIRECTORIES

for desk, drawer, pocket or purse.

These attractive, go-anywhere "mini-directories" are for the numbers you always like to keep handy. Obtain yours free by calling your AGT Business Office, and keep one with you or near your phone.

How to make local calls

- 1 look up the number, jot it down
- 2 listen for dial tone before you dial
- 3 dial the 7-digit telephone number

RURAL CUSTOMERS

There are basically three types of automatic party line telephone sets installed in Alberta:

- AUTOMATIC ELECTRIC** — The **Hook Switch Latch** is located on the lower left side of the telephone set.
NORTHERN ELECTRIC — The **Call Button** is located on the upper right side of the telephone set.
ETELCO — The **Call Button** is located on the front of the telephone set near the dial.

HOW TO USE AUTOMATIC PARTY LINE TELEPHONES

1 TO CALL EXCHANGE NUMBERS AND OTHER PARTY LINE NUMBERS

- (a) Lift the receiver. If the line is free, push in the Call Button or press the Hook Switch Latch (depending on the type of telephone set).
- (b) Listen for dial tone, then dial the number as listed in the directory.

2 TO CALL A NUMBER ON YOUR OWN LINE

- (a) Lift the receiver. If the line is free, push in the Call Button or press the Hook Switch Latch.
- (b) Listen for the dial tone, then dial the number as listed in the directory.
- (c) When you hear the busy signal, depress the hook switch until the Call Button or Hook Switch Latch releases and listen.
- (d) When your party answers, push in the Call Button or press the Hook Switch Latch and proceed with your conversation.

3 IF THE CALLED PARTY DOES NOT ANSWER

Push in the Call Button or press the Hook Switch Latch to stop the ringing and replace the receiver.

4 TO ANSWER A CALL ON YOUR OWN TELEPHONE

When you hear your own party line ring signal, pick up your telephone receiver, press Hook Switch Latch or Call Button and proceed with conversation.

EXTENDED AREA SERVICE AND EXTENDED FLAT RATE CALLING

PROVIDE FOR CALLING BETWEEN SELECTIVE EXCHANGES ON A "NO TOLL" BASIS.

SEE INSTRUCTIONS IMMEDIATELY PRECEDING YOUR LOCAL AREA LISTINGS FOR CALLING AREAS, IF APPLICABLE.

Long Distance Guide

Direct Distance Dialing

With direct distance dialing you can dial station-to-station long distance calls to telephone numbers throughout Canada, the U.S. and Mexico which have seven numerals or two letters and five numerals. The instructions immediately preceding your local area listings will tell you if direct distance dialing is available in your area.

Your Alberta area code is 403

TO CALL WITHIN AREA 403

DIAL '1' THEN THE TELEPHONE NUMBER (DO NOT DIAL THE AREA CODE)

TO CALL OUTSIDE AREA 403

DIAL '1' THEN THE DISTANT AREA CODE AND TELEPHONE NUMBER

NOTE: In some cases a Checking Operator may ask for your telephone number.

TO OBTAIN A DISTANT AREA CODE

Area codes for some cities are on Page 8. If the place you want is not listed, dial '0' (Zero) and ask the Operator.

TO REACH LONG DISTANCE DIRECTORY ASSISTANCE

- dial '1' plus the area code for the place you want plus 555-1212.

For numbers in Area 403 dial '1' plus 555-1212.

- tell the Operator the city or town, then the name or place you want.
- there is no charge for directory assistance calls.

IF YOU REACH A WRONG NUMBER

- dial '0' (Zero) immediately and tell the Operator, who will make sure you aren't charged for the call.

YOU WILL NOT BE CHARGED

- if you hang up before you dial the complete number.
- if the telephone number you dial is busy or does not answer.

YOU WILL BE CHARGED

- if you reach a recording answering device, whether you leave a message or not.

IF YOU NEED ASSISTANCE

- dial '0' (Zero). The Operator will be glad to help you.

Long Distance Guide

Long Distance calls requiring operator assistance

TYPES OF CALLS

PERSON-TO-PERSON

Call person-to-person when you wish to talk to a particular person or extension telephone. Tell the Operator you wish to make a person-to-person call. Rates are higher than station-to-station.

COLLECT

You can call collect if the person or firm you are calling agrees to pay the charge. If you want to make a collect call, please be sure to tell the Operator when you place the call.

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

TIME AND CHARGES

If you wish to know the length and cost of your call, simply tell the Operator at the time you are placing it. After your call is completed, the Operator will quote time and charges to you.

CONFERENCE

You can talk with several people in different places at the same time. Tell the Operator you wish to make a conference call.

MOBILE AND MARINE SERVICE

You can make local and long distance calls to automobiles, trucks and ships equipped for mobile telephone service. Ask the Operator for the Mobile Service Operator, or the Marine Operator.

OVERSEAS SERVICE

Calls to most of the world's telephones can be made from your telephone. Tell the Operator you wish to place an overseas call and give her the name of the country you are calling. For overseas rates just dial '0' (Zero) and ask the Operator.

HOW TO MAKE CALLS

1 Dial '0' (Zero) to reach the Operator

2 Give the Operator

the area code and telephone number you wish to call if you know them.

If you don't know the area code check the area code list on page 8 or give the name of the city you wish to call.

If you don't know the number give the name and address of the person you wish to call.

3 Give the number you are calling from when the Operator asks for it

'ADDED VALUE' telephone service tips

Suggestions to help you use your telephone service most economically and most effectively.

- **LOW-COST BASIC SERVICE.** A "basic black" wall or desk phone may be just the thing to suit your budget. Ask us about it!
- **NEW HOMEMAKERS.** You may want a black phone at first. But decorative colored telephones are also available at a low monthly charge. See the inside back cover of this directory.
- **ONE STOP SERVICE.** It pays to plan all your telephone requirements including colors in advance. This can save the cost of having an installer return at a later date.
- **CHOOSE TELEPHONE LOCATIONS CAREFULLY** to avoid the cost of changing them later.
- **SPECIAL TELEPHONES OR EXTRAS.** If you decide on these, make sure you know the difference between the monthly cost of basic service and the additional features you choose, including all one-time charges.
- **MOVING?** Residential customers can save money by having all telephones installed at the same time. This avoids the cost of a later return-visit by the installer. To avoid service interruption, please call us two weeks before you move.
- **SHOP BY PHONE.** Save time, effort, transportation and even babysitter fees. Use the **YELLOW PAGES**.
- **NO FEE FOR VACATION DISCONNECT.** We'll disconnect your phone service for the time you're away. No unauthorized calls can then be made and charged from your telephone. Anyone dialing your number will be automatically connected to a recorded announcement.
Let your AGT Business Office know when and for how long. Telephone service disconnected for a month or more is billed only at half your monthly rental rate.

HOW TO PARK YOUR TELEPHONE.

When you have to put the receiver down during a conversation, use the handy parking place that is built into your telephone.

MAKING THE MOST OF telephone service

Today's telephone equipment is engineered to give you a marvellously high standard of service — but a little help on your part can make your telephone service work even better for you.

CORRECT DIALING SAVES TIME AND FRUSTRATION

How you dial is important. It can ensure that your call goes through quickly and easily, and save you the annoyance of re-dialing.

- Before dialing, make sure you have the correct number in front of you. Look it up — and jot it down.
- Lift the receiver and listen for the dial tone. When you hear it, dial ALL SEVEN DIGITS of the local number you wish to reach (For Direct Distance Dialing, see page 6).
- Please don't delay between dialing each digit. But do make sure you turn the dial all the way around to the finger stop.
- Let the dial roll back of its own accord before you dial the next digit.

WHEN YOU CALL

Give them time to answer. They may be in the back yard, or the shower! Let the phone ring at least ten times. It can spare your party the let-down of saying "Hello" to a dial tone.

WHEN YOU ANSWER

It pays to be prompt and courteous. Give your name or that of your firm. Keep a pad and pen near the phone — so that you won't have to park the receiver to fetch them!

PARTY LINE PEOPLE

Please try not to monopolize your line. Some party line service is shared by three other families. Let them have their say too.

YOUR PHONE DESERVES A LITTLE CARE . . .

Most of its components are serviced by your AGT repairman. But you can care for the plastic cover and receiver. To clean your phone go over it lightly with a damp cloth and wipe dry. The sensitive mouthpiece needs special attention; clean it as often as you can, but don't remove the cover. Never use polish on your phone (except as mentioned below), as it can dull or streak the color finish. Please remember too that ball point ink can mark the cover or cord permanently.

CORD TANGLED OR TWISTED?

To straighten it in a hurry, simply let the receiver dangle on the end of the cord. Make sure it does not hit the floor or other objects.

IT'S NO CHILD'S TOY

Small children allowed to play with telephones sometimes reach and bother neighbours and businesses. Children have also been known to dial into the long distance network to numbers across the continent — leaving their parents bewildered by a high long distance phone bill. An accidentally removed or improperly replaced receiver can disrupt service.

DECORATOR PHONE CARE TIPS.

Phone exteriors with furniture finish can be cleaned with quality furniture polish. Decorative inlays and panels, plastic parts and cords can be cleaned with a soft cloth dampened with mild, diluted detergent. Phones dislike abrasive cleaning agents.

BEING HIGH PRESSURED?

Most sales people who use the telephone are anxious to please you because selling by phone is an accepted business practice. However, should sales calls be abused by persistent canvassers, there's a sure way to discourage them. Firmly refuse the offer and hang up with quiet finality!

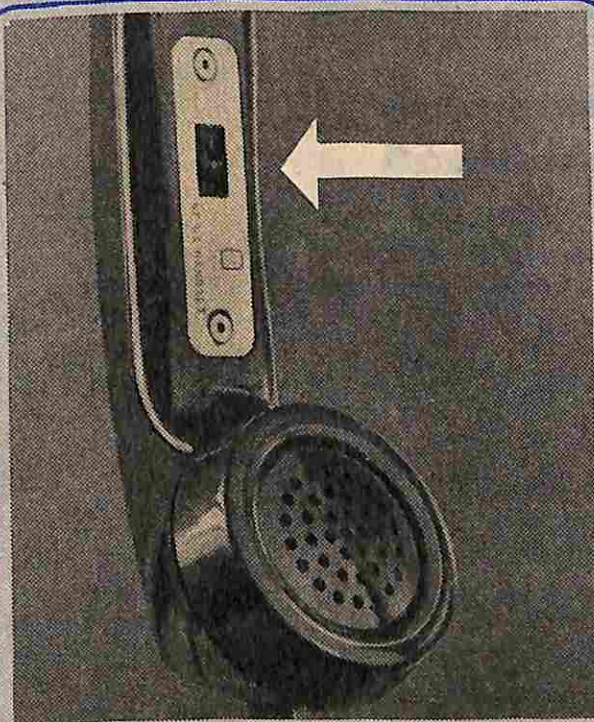

PLAN WELL AHEAD WITH AGT FOR YOUR country telephone service

• ACREAGE • SUMMER COTTAGE • FARM • RURAL BUSINESS

All new out-of-town phone lines are underground cable which must be buried before winter freeze-up. The day you realize that you'll need rural telephone service is the day you should call your AGT Business Office. The sooner you phone in — the sooner we can provide your country phone service. **CALL YOUR LOCAL AGT BUSINESS OFFICE.**

help for the handicapped

If a handicap makes dialing difficult, your operator will be happy to help. In addition, AGT has special aids to make telephone service easy and convenient for the handicapped. Ask your Business Office about these special services, including:

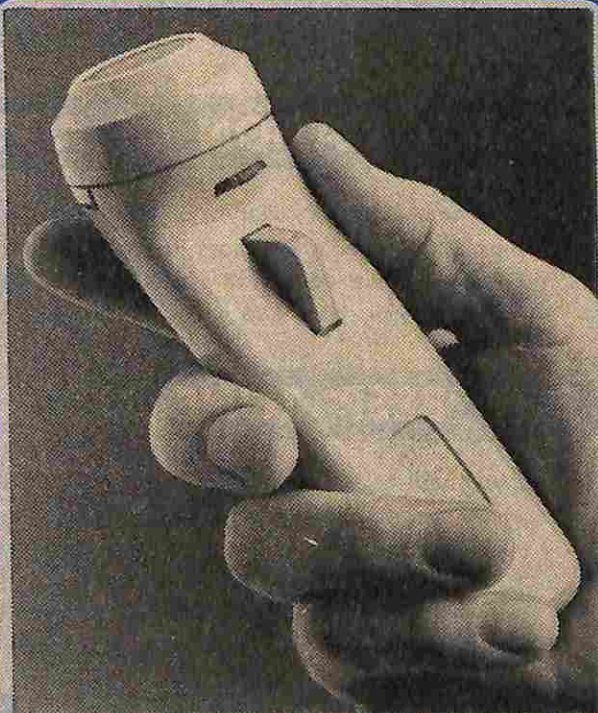

Impaired Hearing Handsets

This special handset can be attached to most telephones. It has a rotary volume-control which amplifies the voice you hear to the desired level. It's as easy as raising the volume on a radio.

Soft speech?

There's another handset with a control which amplifies a low voice and transmits it at normal level. Even a whisper is heard clearly on the other end of the line.

A voice for the voiceless

The small, portable Artificial Larynx is ideal for those who have lost their speech due to paralysis or removal of the larynx. Because of its size and portability, the Artificial Larynx may be kept with you and used in face to face conversation as well as for telephone conversation. Simply held against the throat, it transmits sound waves into the throat cavity — replacing those normally produced by air passing over the vocal chords. Words are produced in the normal way with lips and tongue. Two models: "male voice" and "female voice". Available by purchase.

Telephone security

ANNOYANCE TELEPHONE CALLS

Here's what to do about obscene or harassing phone calls:

- 1 **DON'T TALK.** Don't keep talking to the caller. What he really wants is an audience. Don't be that audience.
- 2 **HANG UP.** Hang up if the caller doesn't say anything. Hang up at the first obscene word. If the caller does not identify himself to your satisfaction, hang up. Do it quietly, don't display your emotions or alarm.
- 3 **CALL US.** If these obscene or harassing calls persist, call our nearest Business Office — you'll find the listing at the front of your directory. The Criminal Code provides up to six months in prison and \$500.00 in fines for making obscene or harassing calls. We also retain the right to disconnect or remove the phone service of anyone making such calls. We want you to know that we're doing all we can to help you and your family.

IDENTIFICATION OF AGT EMPLOYEES

For your protection, every AGT employee carries a photo identification card. The plastic laminated card bears the company name plus the employee's photograph, description and signature. If in doubt, ask to see this I.D. Card. Any genuine AGT employee will show it to you without hesitation.

THE 'BEEP' TONE

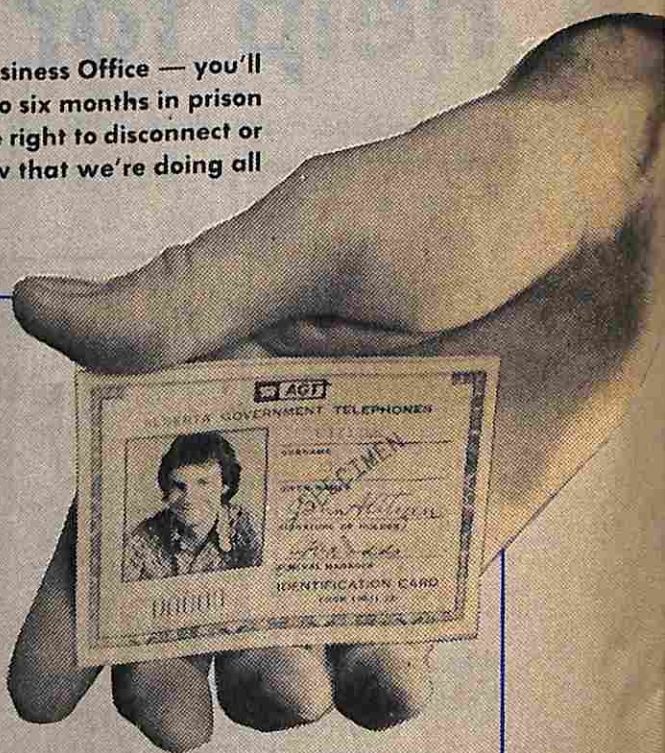

If you hear a short beep tone about every 15 seconds it indicates that the person to whom you are talking is recording your conversation with an electrical recording machine connected to the line. The beep signal is produced automatically by a device which connects the recorder to the telephone line and is provided by AGT for your protection. If you do not want your conversation to be recorded ask the person to whom you are talking to disconnect his recording machine. When this is done the signal is no longer heard. Use of a recorder without the beep signal is not permitted.

CREDIT CARD SECURITY

Protect your long distance credit card. If it is lost or stolen, report this immediately to your AGT Business Office. We'll cancel the card and issue a new one promptly.

THE WRONG WAY TO 'FOIL BURGLARS'

Leaving the phone off the hook may alert burglars that you're not home! A continual busy signal is a give-away. Lights and radios left on are better ways to discourage break-ins.

Additional Information OF INTEREST TO YOU

CUSTOMER-OWNED EQUIPMENT AND ATTACHMENTS

Equipment not provided by Alberta Government Telephones may be used if such use complies with AGT standards and tariffs. These standards and tariffs are established by AGT to ensure good telephone service and to protect the interest of the customer. If customer-provided equipment is used in violation of the tariffs, service is subject to suspension or termination.

ALBERTA GOVERNMENT TELEPHONE RATES

For information please call your local AGT Business Office.

TARIFFS

Tariffs showing rates, charges and regulations covering the various services furnished by AGT are available at your AGT Business Office for public inspection on request.

HOSPITAL PHONES

Going into hospital? You'll feel less shut in with your own bedside phone to keep you in touch with your family and friends. Simply call your AGT Business Office and they will let you know if hospital phones are available in your area.

ADDITIONAL LINES

Action families with teenagers! Enjoy a second private line and second number listing. Dial in or out on the phone that's not in use. Call your AGT Business Office for rates in your area.

YOUR AGT SERVICE REPRESENTATIVE

Your account is handled by a Business Office representative who will help you with any service requirement — arrange for new or additional telephone service — a move or disconnection of service. Our representative will also answer questions about your bill or payments, and furnish information on other telephone matters. Medicine Hat City, Seven Persons and Redcliff, Customers Dial 527-9110. All other District Customers Dial "0" (Zero) and ask for Business Office. (No toll charge).

BUSINESS CUSTOMER INSTRUCTION

AGT provides a staff of qualified Service Advisors to assist in the operation of telephone equipment and services. A Service Advisor will visit your business, talk to your people, answer their questions. For further information call your Service Advisor. In Medicine Hat City, Seven Persons and Redcliff, Dial 527-9230. All other District Customers Dial 527-9230. (Collect).

FILMS AND TOURS

TOURS — A visit to one of our Telephone Exchanges or Business Offices will give an appreciation of communications equipment, facilities and services. Most tours are restricted to senior students and groups not larger than fifteen.

FILMS, booklets and training aids are available to schools, businesses and clubs in Alberta at no charge.

Requests for Tours and Films should be made well in advance of the required date. Please call 261-3326. (Collect).

A GIFT OF "FREE SPEECH"

For birthday, Christmas, anniversary or any occasion — give an unusual gift. A long distance telephone call or an actual gift-wrapped telephone.

An AGT Gift Certificate can be arranged for \$2.00 or more toward long distance charges. Or, where the gift is a phone, arrangements are made for the service charge plus a minimum of one month's rental. Your gift certificate will be personalized.

We will send your Gift Certificate directly to the recipient on your behalf. Get full details by calling your AGT Business Office.

PREVENT SERVICE DISRUPTION

Buried Cable Location Service

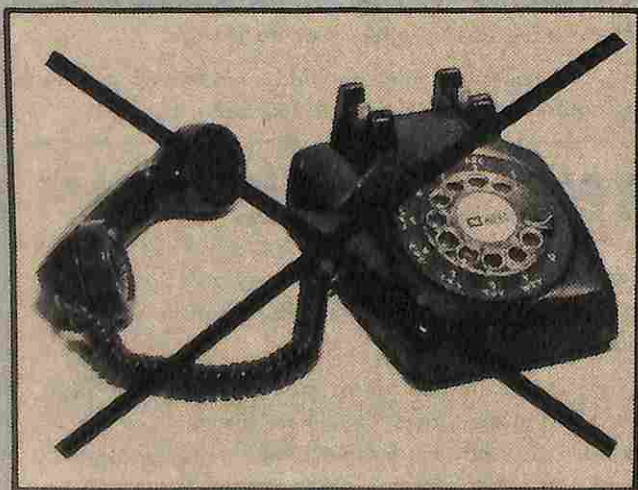

CUT CABLE HURTS IN MANY WAYS

Most telephone lines today consist of underground cable. When a telephone cable is cut, the service disruption is almost bound to hurt someone. It can hamstring a hospital or isolate a community. It can sever medical, ambulance, police and firefighting services to name a few. Don't let it happen because of you!

Before you operate heavy digging equipment — or even excavate your own yard in a buried cable area — call AGT's Buried Cable Location Service. Do it well in advance, for a cable locator to get to the scene. Dial '0' (Zero) and ask for Zenith 07128. No toll charge.

BE KIND TO CABLE PEDESTALS

Watch for them along highways, down alleys, in rural areas and on private property. They're dark green and are marked with AGT identification plus a Buried Cable Sign. If one is damaged by a car or truck, disrupted communication service can result. Should you accidentally hit one, please let us know **immediately**. Call our local Repair Service or Dial '0' (Zero) and ask for Zenith 07128. No toll charge.

ONE PHONE OFF THE HOOK CAN HANG UP THE WHOLE NEIGHBOURHOOD

A receiver off the hook — accidentally or on purpose — can do more than isolate your home. It may disconnect your entire neighbourhood. Please don't leave your phone off the hook just for the sake of privacy. You might silence your neighbour's phone as well which could be needed for an emergency call.

BELL TOO LOUD?

Your phone may have an external bell adjustment which allows you to control the volume of the ring. Simply set it at the pitch you want — from soft to loud.

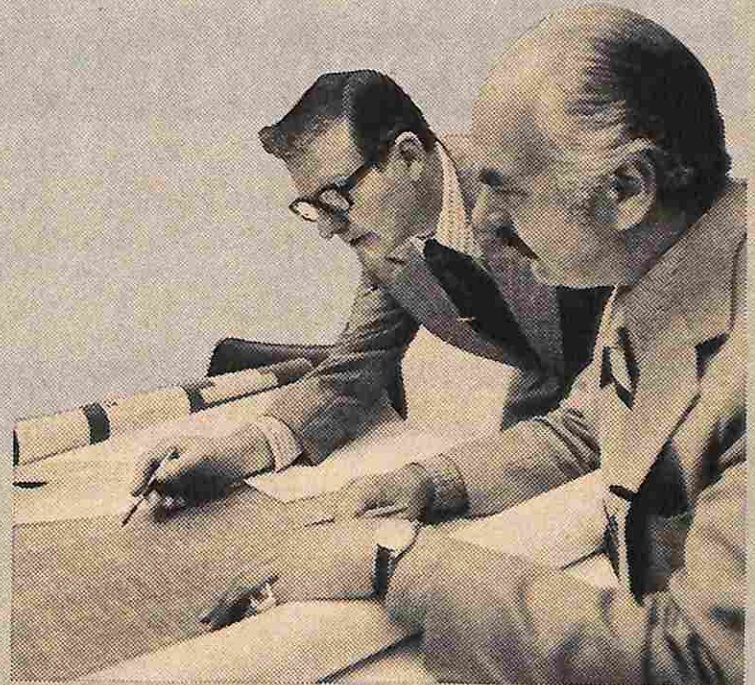

REPAIR SERVICE

Protect your service — it can save you money, worry and inconvenience. Please report interruptions or damage promptly to AGT Repair Service.

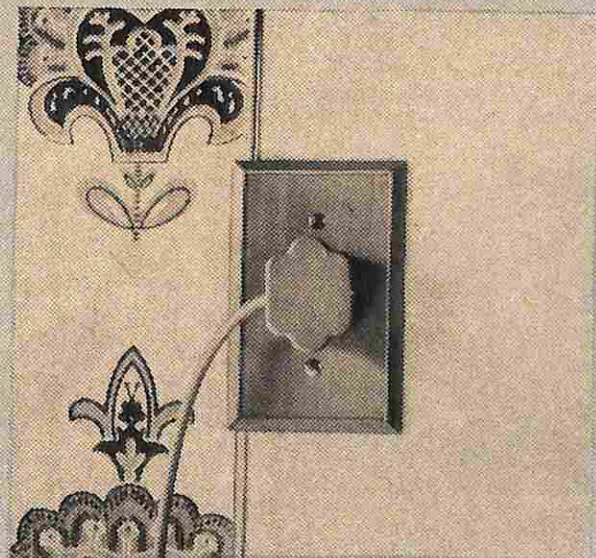

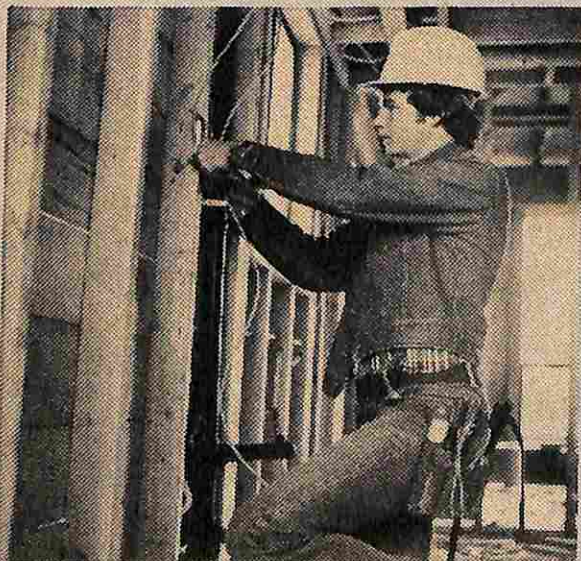

AGT Pre-planning Services

**BUILDING INDUSTRY CONSULTING SERVICE (BICS)
FOR DEVELOPERS — ARCHITECTS
ENGINEERS — CONTRACTORS**

The BICS pre-planning service eliminates the costs (not to mention other problems) of communications afterthoughts. Without such in-depth pre-planning by BICS specialists, inadequate communications facilities can quickly show up in a building or development. Our engineers, draftsmen and specification writers will pre-plan with you to ensure fully up-to-date communications flexibility. As a result, costly later alterations and added-on wiring eyesores can be avoided. Hindsight is expensive, but BICS consultation costs nothing. Call us before you plan at 261-3311. (Collect).

A PRE-WIRED HOME HAS EXTRA BUY-APPEAL

Telephone pre-wiring at the house-framing stage costs nothing but adds plenty! It gives a home extra built-in sales appeal. Home buyers like the convenience of adding phones when and where they want them, without the cost and fuss of running wires and conduit to hard-to-reach places. Call AGT about pre-wiring telephone outlets during construction — a bonus selling feature that doesn't cost a cent. For details phone Pre-Wiring Service: In Medicine Hat City, Seven Persons and Redcliff Dial 527-9110. All other District Customers Dial "0" (Zero) and ask for Business Office. (No toll charge).

Business Communications

EQUIPMENT AND SERVICES

This is the age of the information explosion. The extent to which some businesses move faster than others depends, increasingly, on how quickly they can move and process information. To serve business, industry and the institutional sphere, AGT is deeply involved in the sophisticated world of total telecommunications.

BUSINESS COMMUNICATIONS CONSULTANTS

Suddenly, many business problems have become communication problems. Defining them is the first step to solving them. An AGT Communications Consultant can help you do both. This trained business researcher works with you and your people — gets to grips with information gaps — helps you put your finger on communication problems and shows you how they can be eliminated. His services and an in-depth study cost nothing. No business is too small — or too large — to benefit from this service. Dial '0' (Zero) and ask for Zenith 33000. No toll charge.

Altel Data. A division of AGT which provides the business community with expertise and specialization in the field of data communications. For an in-depth study by one of our highly trained Data Communications Consultants call 261-4870 (Collect). There is no obligation or charge for this service.

DATA COMMUNICATIONS SERVICES

VUcom 1

This silent, compact, terminal gives instant visual response when you transmit or receive data over the telephone system network. Specifically designed to meet your inquiry response and computer accessing requirements and for telecommunications systems.

DATAcom 300

Allows computer data entry and retrieval as well as point-to-point data transmission. Gives immediate written confirmation of credit checks, payroll and inventory information, sales and production statistics and other data.

Dataroute

Canada led the world in pioneering this Trans-Canada Telephone System offering — the first digital data transmission service bringing new accuracy and reduced costs to high-speed data communications.

Business Communications

Equipment and Services (Continued)

SPECIAL VOICE COMMUNICATION SERVICES

Wide Area Telephone Service (WATS)

Talk as often as you like, for as long as you like, within a predetermined Wide Area — at a predetermined **rate**. Using a special WATS line connected to the long distance network, you dial direct to any phone in the Wide Area of your choice. Can be an excellent way to cut costs: you pay by the month, not by the individual long distance call.

Foreign Exchange (FX)

The advantages of a branch office without the overhead. You obtain a local number and directory listing in any place of your choice. Customers there can call **you** by dialing the local number, with no long distance charge to them. From your own city or town, a Foreign Exchange line gives direct access to any number in the distant exchange.

Zenith Numbers

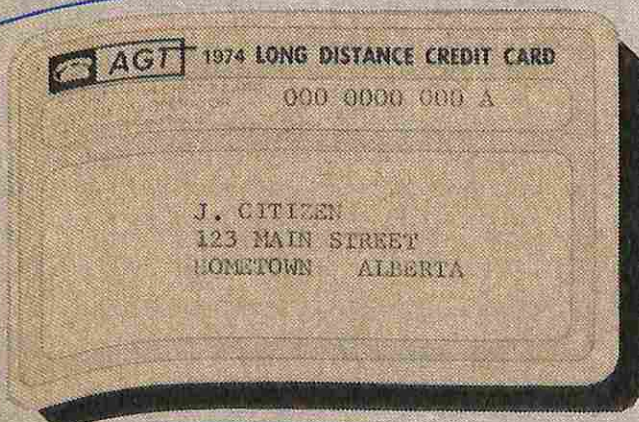

Special Reverse Charge Service. A Zenith number listed in a distant city puts your customers and prospects in immediate contact with your office. A low-cost way to improve your market coverage and competitive position at no cost to your customer.

Private Line

Unlimited calls at a flat monthly rate — for immediate communication between your office and other offices in the same city or in distant centres. **Save time:** contact another office by lifting your receiver.

Tie Line

Immediate communication between telephones connected to switchboards in the same city or in distant cities. Calls may also be placed direct to any telephone in the distant cities.

Long Distance credit cards

This card marries the convenience of credit to that of long distance calling. You can charge calls made to businesses or residences from a telephone (other than your own) anywhere in Canada, U.S.A., or several overseas countries. Cards are valid for the calendar year in which they are issued. For further details please apply to your local AGT Business Office — or, for cards requiring special business-account billing arrangements, to our Business Communications Department.

TELETYPEWRITER SYSTEMS

**THE ACCURACY OF
THE WRITTEN WORD
WITH THE SPEED OF A
LONG DISTANCE
PHONE CALL**

TWX

Anyone who can type can "Twix". Dial direct to any other TWX station in North America. International connections provide access to 183 countries. Your call is connected immediately and your written message transmitted over the TWX network at up to 100 wpm. TWX also receives messages 24 hours a day with unattended operation. Highly versatile — will receive and transmit 8-level punched tape prepared on business machines. Prepare messages, business form and tabulated data in advance for automatic transmission. The TWX "answers" your call — familiar telephone ringing, busy signals and recorded announcements are heard through a built-in speaker. In addition . . . free directory listing in the Alphabetical and Yellow Pages Section of the Canada/U.S.A. TWX Directory.

Teletype

AGT teletype service gives unlimited two-way written communications of page copy or business forms. It links your various offices together for specific hours or 24 hours a day, seven days a week. Messages can be transmitted at 60, 75 or 100 wpm. Capable of transmitting or receiving punched-tape information.

Business Communications

Equipment and Services (Concluded)

SWITCHBOARDS

AGT can supply or engineer varied switchboard services for specific customer needs. For instance, a sophisticated automatic switchboard will ☐ Provide direct outside or inter-office calling without the assistance of your switchboard operator ☐ Route calls to a group of locals if the one called is busy ☐ Enable incoming calls to be transferred without operator help ☐ Allow incoming calls to be answered on one or more locals for night service.

SPECIAL PURPOSE BUSINESS PHONES

Pushbutton phones are versatile. They can serve as intercom stations or line stations for outside calls. They speed answering — facilitate transferring — let you answer or place another call without being overheard by the first caller. Up to 9 lines on one set.

Call Director is a pushbutton phone so complete that it's like a miniature switchboard. It will handle up to 16 or 28 lines plus intercom.

Speakerphones provide "hands-free" talking. Just push a button, sit back, talk. Carry on a conversation as you write or locate files. Ideal for conference calls.

Hazardous area phones. Sealed telephone casing. Underwriter's laboratories tested for such areas as refineries, gas plants, laboratories.

Elevator phones. An essential safety measure to ensure emergency service.

Noisy location handsets. Push-to-listen switch reduces background noise. Rotary control amplifies incoming voice.

Mobile Telephone Service

General Mobile Telephone Service lets you call from your vehicle anywhere, anytime, local or long distance, over the regular telephone network.

Private Mobile Telephone Service supplies mobile radio communications between vehicles or dispatcher for the exclusive use of your company.

Both systems ensure ☐ The most modern equipment for constant two-way contact with your vehicles, without large capital expenditure ☐ Fast, efficient maintenance — at no extra charge — from mobile centres throughout Alberta ☐ Low rental cost, short-term rental agreements available.

AGT services with

NEW CUSTOM CALLING SERVICE

Four new services your telephone can provide. All are made possible by the most advanced electronic switching equipment in the country. *This optional new service presently operates only in those areas which have this special equipment. Custom Calling Service will be extended throughout Alberta as electronic switching equipment becomes available in other centres.*

Speed Calling

With Speed Calling, you can reach your most frequently-called numbers by dialing only **one or two digits**. It's a real time-saving convenience. In business it makes it easier to keep in touch with branch offices, regular customers and suppliers. Easier because you dial just one or two digits rather than the usual seven for local calls or eight or eleven for long distance calls. Two capacities are available: up to 8 or 30 selected numbers. And you can change any of these numbers whenever you like. There's no connection charge for Speed Calling and monthly rates are surprisingly low: Business \$2.50 for 8 numbers; \$3.50 for 30 numbers. Residence \$1.50 for 8 numbers; \$2.50 for 30 numbers.

Call Forwarding

This special service will automatically direct your incoming calls to any other local telephone you wish when you're away from your home or office. Before you go out simply dial a code plus the number where you can be reached. Meanwhile your own phone can continue to be used for outgoing calls. Call Forwarding ensures that your phone will not go unanswered. It lets you talk directly with callers when you're out. Your calls can follow you anywhere in your local calling area. There's no connection charge for Call Forwarding and the monthly rates are: Business \$3.50. Residence \$2.00.

Three-Way Calling

By adding this service, you can bring a third party into any telephone conversation. The third phone can be any local or dialable long distance number. These three-way conversations can save you time — help you make decisions faster. They will also allow you to organize and make arrangements that might otherwise require several separate calls. The monthly rates for Three-Way Calling are: Business \$2.50. Residence \$2.00. There's no connection charge.

Call Waiting

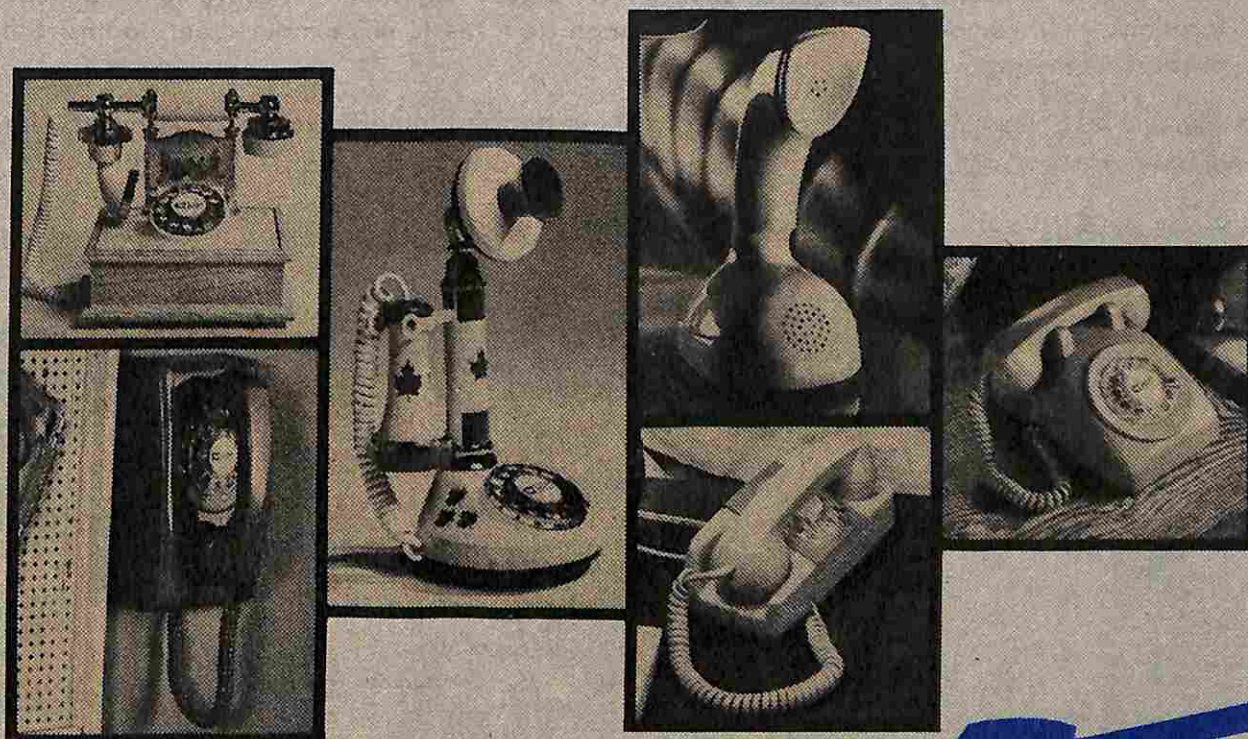

When you're already talking on the phone, an intermittent tone advises you that another caller is waiting. Just depress the switch-hook once to answer the new call while holding the original connection. You can even talk back and forth to **both** parties. Call Waiting is a real asset when you're expecting a long distance call or other important messages. Monthly rates for Call Waiting are: Business \$3.00. Residence \$2.00. No connection charge.

For more information phone your AGT Business Office. Medicine Hat City, Seven Persons and Redcliff Dial 527-9110. All other District Customers Dial "0" (Zero) and ask for Business Office. (No toll charge).

VISIT VISTA 33

Enjoy the spectacular Edmonton vista from the 33rd floor of the AGT Tower — plus the unique "Man and Telecommunications" displays. The "please touch" working models fascinate all age groups. Schools and youth groups may arrange free guided tours: phone Edmonton 425-3978 collect or write Vista 33, Box 2411, Edmonton.

an eye on the future

AGT phoneCentre

AGT's first **phoneCentre** opened in 1975 at Chinook Centre in Calgary. This pilot project serves customers in a geographical area bounded by 50th Ave., Heritage Drive, Elbow River and Glenmore Reservoir, and Macleod Trail. If the **phoneCentre** concept is successful, other stores will gradually be introduced throughout the province.

phoneCentre is a new and exciting concept in complete telephone service. It comprises a special store, where customers can shop in person for new service, telephone styles and colors, carry their phones home and plug them in for one-day service. The phones, of course, remain the property of AGT.

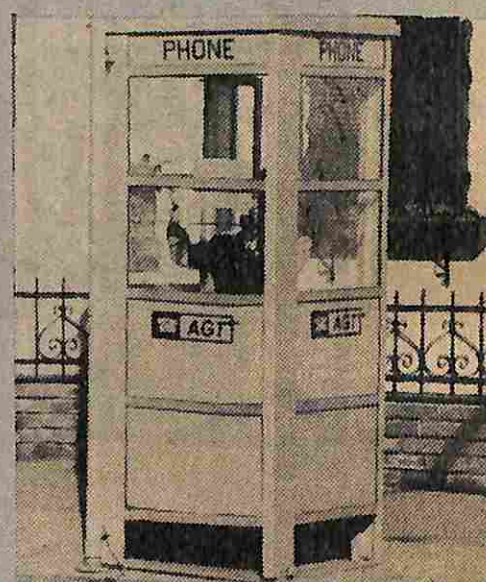

phoneCentre is also a complete **service** centre. Customers can bring their phones in for repair or exchange, pay bills, preview new styles. And customers who move can bring all their phones back to **phoneCentre** for a credit on their bill.

Coin telephones are for everyone

"Where's the nearest phone?" This is one of today's most commonly heard questions — both in town and in the country. As a public service, AGT places coin phones in convenient indoor and outdoor locations — in compatible enclosures that range from the familiar main-street booths to the contemporary boothettes.

The phones themselves also vary. As part of an ongoing modernization program the latest in coin phones — the Centurion — is now being installed in many locations.

Semi-public coin phones are an additional service — available on a rental basis for various types of business premises.

When you use a coin phone . . .

Don't lose your dime! Be sure to read the instruction card carefully — coin mechanisms differ from place to place. And please remember that . . .

Bent and damaged coins don't work. They deprive you and others of telephone service. Please use only straight, undamaged coins.

Report vandalism as a public service to your neighbours

Persons who damage coin telephones or other AGT equipment may be liable to fine or imprisonment. Please don't let them get away with it. Reporting them is a service to everyone who depends on coin telephone service.

Report out-of-order phones

By doing so you will ensure their prompt repair and speed up service for others. Please call **Repair Service**. Medicine Hat City, Seven Persons and Redcliff Dial 527-3311. Bindloss, Empress, Etzikom, Foremost and Manyberries Dial "0" (Zero) and ask for Repair Service. (No toll charge). All other District Customers: Dial 1 + 527-3311. (No toll charge).

Careers in telecommunications

A field that's always growing.
Always exciting. Always coming
up with something new.

The story of telecommunications in Alberta is as dynamic as the province itself. It's a story to which new chapters are being added constantly by skilled men and women of the telephone industry. Men and women with special talents and creative potential.

Telecommunications offers unique and challenging opportunities for career growth. Plus a great deal of personal satisfaction in helping people communicate through exciting industry innovations.

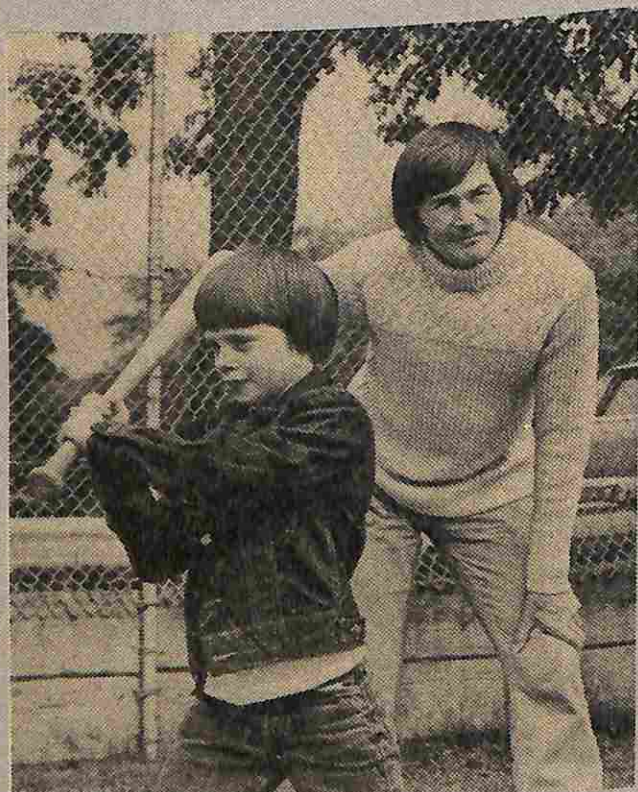

Have you considered a career in telecommunications?

With a little help from our friends

THE TELEPHONE PIONEERS OF AMERICA . . .

... blind children can now play baseball, retarded children relate to playtime friends, and crippled children exercise their tiny limbs in obvious delight.

Fellowship, Loyalty and Service is the motto of the Telephone Pioneers. This is the largest voluntary social industrial organization in the world. Members are either active or retired employees who have been in the telephone industry for 21 years or more.

It was the Pioneers who conceived, designed, and brought into being a soft-ball for blind people. A little bigger than a standard softball, it emits a buzzing sound which can be easily heard anywhere on the ball field.

It was the Telephone Pioneers in Lethbridge, Alberta, who came up with "Snoopy" the talking dog. Snoopy helps with speech therapy for retarded children. Experts in the field have found that children who will not communicate with adults, or even with other children, can sometimes be drawn out of their shells in a remarkable way by a talking toy.

Still another Pioneer accomplishment was the Small Fry Telephone System. Its value in muscle training and speech therapy has proven invaluable. This discovery that began at the Red Cross Hospital in Calgary, had defined for the Pioneers their role: adapting the skills and hardware of the telephone business to help handicapped people.

Through the Pioneers, the principles of Fellowship, Loyalty, and Service are clearly identified with the industry and the people who work for it. In this respect, the Telephone Pioneers render a valuable public relations service to the industry.
