# GENERAL INFORMATION and SERVICE TIPS

## ● Building Industry Consulting Service (BICS) — Call 232-1511 (Collect)

Developers, Architects, Engineers, Contractors — call us before you plan at 232-1511 (Collect). Pre-planning service eliminates the cost (not to mention other problems) of communications after thoughts. Avoid costly later alterations; hindsight is expensive, but BICS consultation **costs nothing**.

## ● Buried Cable Location Service — Call Operator and ask for Zenith 07128

Before you operate heavy digging equipment — or even excavate your own yard in a buried cable area — call AGT's Buried Cable Location Service. Do it well in advance, for a cable locator to get to the scene. Dial '0' (Zero) and ask for Zenith 07128. No toll charge.

## ● Cable Pedestals

Watch for them along highways, down alleys, in rural areas and on private property. They're dark green and are marked with AGT identification plus a Buried Cable Sign. If one is damaged by a car or a truck, disrupted communication service can result. Should you accidentally hit one, please let us know immediately. Call our Repair Service or Dial '0' (Zero) and ask for Zenith 07128. No toll charge.

## ● Business Communications

Often, many business problems are a result of communication problems. Defining them is the first step to solving them. An AGT Communications Consultant can help you do both. This trained business researcher works with you and your people — gets to grips with information snarls — helps you put your finger on communication problems and shows you how they can be eliminated. His services and an in-depth study cost nothing. No business is too small — or too large — to benefit from this service. Dial '0' (Zero) and ask for Zenith 33000. No toll charge.

## ● Vacation Disconnect

We'll disconnect your phone service for the time you're away. No unauthorized calls can be made and charged from your telephone. Anyone dialing your number will be automatically connected to a recorded announcement.

Let your AGT Business Office know **when** and for **how long**. Telephone service disconnected for a month or more is billed only half your monthly rental rate.

## ANNOYANCE TELEPHONE CALLS

Here's what to do about obscene or harassing phone calls:

- 1 DON'T TALK.** Don't keep talking to the caller. What he really wants is an audience. Don't be that audience.
- 2 HANG UP.** Hang up if the caller doesn't say anything. Hang up at the first obscene word. If the caller does not identify himself to your satisfaction, hang up. Do it quietly, don't display your emotions or alarm.
- 3 CALL US.** If these obscene or harassing calls persist, call our nearest Business Office — you'll find the listing on page 1 of the blue edged pages of your directory under "Frequently Called A.G.T. Numbers". After normal business hours please dial '0' (Zero) and report the matter to the Operator

The Criminal Code provides up to six months in prison and \$500.00 in fines for making an obscene or harassing calls. We also retain the right to disconnect or remove the phone service of anyone making such calls. We want you to know that we're doing all we can to help you and your family.

### IDENTIFICATION OF AGT EMPLOYEES

For your protection, every AGT employee carries a photo identification card. The plastic laminated card bear the company name plus the employee's photograph, description and signature. If in doubt, ask to see this I.D. Card. Any genuine AGT employee will show it to you without hesitation.

### THE 'BEEP' TONE

If you hear a short beep tone about every 15 seconds it indicates that the person to whom you are talking is recording your conversation with an electrical recording machine connected to the line. The beep signal is produced automatically by a device which connects the recorder to the telephone line and is provided by AGT for your protection. If you do not want your conversation to be recorded ask the person to whom you are talking to disconnect his recording machine. When this is done the signal is no longer heard. Use of a recorder without the beep signal is not permitted.

### CREDIT CARD SECURITY

Protect your long distance credit card. If it is lost or stolen, report this immediately to your AGT Business Office. We'll cancel the card and issue a new one promptly.

### THE WRONG WAY TO 'FOIL BURGLARS'

Leaving the phone off the hook may alert burglars that you're not home! A continual busy signal is a give-away. Lights and radios left on are better ways to discourage break-ins.
