Say Hello!

with AGT Calling Cards™

3

Free, Convenient, Efficient.

AGT Calling Cards are easy to use. And, you save time not having to hunt for coins, wait for collect call clearance, or third number verification.

Plus, AGT Calling Cards can help reduce your long distance costs! Calls made within Alberta billed to your Calling Card are less expensive than other Operator-assisted calls. When you're away from your home or office, use this easy and convenient way to make long distance calls. Order as many as you need today, from the AGT Business Office.

How to use your AGT Calling Card

Dial 0 + Area Code (where applicable) and the number, tell the Operator you are placing a Calling Card call, give the Operator your 14-digit number.

Use your 14-digit Calling Card number for calls within Canada and the USA, and when calling from Bermuda, the Bahamas, and many Caribbean Islands.

International Use - Use the International number on your card in foreign countries honouring Calling Cards. (Verify before you go that the country you're visiting accepts long distance Calling Card calls.)

Terms and Conditions of using your AGT Calling Card

Using your AGT Calling Card means you accept the following conditions and will be responsible for all charges billed.

Your AGT Calling Card number is confidential. Ensure you are not overheard when you give the Operator your Calling Card number.

The AGT Calling Card remains the property of AGT and must be returned upon request.

If your employer has provided an AGT Calling Card, return it to your employer if you leave the company.

Use of an AGT Calling Card becomes illegal and fraudulent when associated telephone service is discontinued. Under these circumstances, destroy your cards immediately.

Calling Card calls are billed at Operator-assisted rates as quoted in the front section of this book, and will appear in detail on your long distance statement. Calls are billed in Canadian Currency.

What to do if you lose your AGT Calling Card

Immediately dial your AGT Business Office (see page 1) if you realize your loss between 8:00 a.m. and 4:30 p.m. If you lose your card while you are out of Alberta, or it's after regular business hours, call 1-800-561-8888.

For personal or company cards, contact your local AGT Business Office. (See page 1 of this book).

Say hello to the Business Office now - AGT Calling Cards are the answer.

Calling Cards are issued at the discretion of AGT. The countries to which AGT Calling Card Calls are permitted and accepted may vary. Conditions may be revised and put into effect after notifying the billed party.

Annoyance Telephone Calls

Annoyance Calls

What To Do About Obscene or Harassing Phone Calls.

Don't Talk. Don't keep talking to the caller. What they really want is an audience. Don't be that audience.

Hang Up. Hang up if the caller doesn't say anything. Hang up at the first obscene word. If they do not identify themselves to your satisfaction, hang up. Do it quietly; don't display your emotions or alarm.

Call Us. If these obscene or harassing calls persist, call our nearest Business Office - you'll find the listing on page 1 of this directory. After normal business hours dial '0' (zero) and report the matter to the Operator.

The criminal code provides up to six months in prison and \$500.00 in fines for making obscene or harassing calls. We also retain the right to disconnect or remove the phone service of anyone making such calls. AGT wants you to know that we're doing all we can to help you and your family. We cooperate with the police department to identify and prosecute these callers.

Identification Of AGT Employees

For your protection, every AGT employee carries a photo identification card. This plastic laminated card shows our company name, the employee's photograph and signature. If in doubt, ask to see this I.D. Card. AGT employees will show it to you without hesitation.

AGT I.D.

The 'Beep' Tone

A short beep tone every 15 seconds (approximately) indicates that the person to whom you are talking is recording your conversation with an electrical recording machine connected to the line. The beep signal is produced automatically by a device which connects the recorder to the telephone line and is provided by AGT for your protection. If you do not want your conversation to be recorded, ask the person to disconnect the recording machine. When this is done the signal is no longer heard. Use of a recorder without the beep signal is unlawful.

Beep Tone

Long Distance Calling Card Security

Protect your AGT Long Distance Calling Card. If it is lost or stolen, report this immediately to your AGT Business Office or, after normal business hours, call 1-800-561-8888. We'll cancel the card and issue a new one.

The Wrong Way To Foil Burglars

Leaving the phone off the hook may alert burglars that you're not home! A continual busy signal is a give-away. Lights and radios left on are better ways to discourage break-ins.

Wrong Way

General Information

Service Tips

BICS

● Building Industry Consulting Service (BICS)

Architects, Contractors, Developers, Engineers . . . telecommunications is as important to tenants as power and plumbing. Build communications needs into the total project design by involving BICS at the preplanning stage. Consultation costs nothing and eliminates the risk of costly, space-consuming additions or alterations later.

Buried Cable Location Service

● Buried Cable Location Service

Before you operate heavy digging equipment - or dig in your own back yard - call AGT to locate underground cable in the vicinity, before you dig. Call 1-800-242-3447 well in advance - at least two working days.

Business Systems

● Business Systems

Don't wait for a communications problem to develop. Call for a consultation. We'll put our knowledge, training and the resources of AGT and Telecom Canada to work for your company.

Cable Pedestals

● Cable Pedestals

These are located in rural areas, alleys, along highways, on private property, and wherever there are underground telephone services. They're marked with AGT identification. If one is damaged, disrupted communications can result. If you notice a damaged pedestal, call our Repair Service or dial 1-800-242-3447.

Country Telephone Service

● Country Telephone Service

Building in the country? Call AGT early - as soon as you start your foundation. Rural lines are installed underground and AGT needs plenty of advance notice so your phone service will be ready when you are. To apply for rural telephone service, call your AGT Business Office.

Directory Assistance

● Directory Assistance

Local Directory Assistance

To get a new number which has not been listed - dial 411 or 1+411. There is no charge for this service. However, if you request a number which is in the directory there is a 35¢ charge (subject to change).

Exceptions

There is no charge for emergency calls or for calls from coin telephones, hotels, motels, or from provincially registered hospitals. People who cannot use the directory because of a handicap will not be charged for directory assistance.

United States Directory Assistance

Place up to 50 directory calls per month per telephone number to the United States free of charge. Calls in excess of the limit will be assessed a 50¢ charge per call.

Vacation Disconnect

● Vacation Disconnect

We'll disconnect your phone service for the time you're away. No unauthorized calls can be made and charged from your telephone. Anyone dialing your number will be automatically connected to a recorded announcement.

Let your AGT Business Office know **When** and for **How Long**.

Telephone service disconnected for a month or more is billed at only half your monthly rent.

Conditions of AGT Service

17

The AGT General Tariff showing rates, charges and general regulations covering services furnished by AGT, is available for inspection upon request at any AGT Business Office or Phone Centre. Following are items of general interest condensed from the Tariff.

Applications for telephone service will be accepted in writing, by telephone, or in person at an AGT Business Office or Phone Centre.

The minimum contract period for all standard AGT services and equipment is one month, except as otherwise stipulated.

AGT reserves the right to request the customer pay a deposit, or a security, or make payment of rental, toll, or service charges in advance of the service being established, or at any time during the service period.

Applying For
Service

The liability of AGT for damages, costs or losses arising from mistakes, omissions, interruptions, delays, errors or defects in service or equipment shall not exceed an amount equivalent to the proportionate charge to the customer for the period of service in which it occurs.

AGT
Liability

Bills are due on billing date, and may be paid at any AGT Business Office, Phone Centre, Treasury Branch, chartered bank, AGT authorized collection agents, or by mail to **Box 2422, Edmonton, Alberta T5J 2S7**.

Failure to receive a bill does not relieve responsibility for payment.

Protection of telephone service from unauthorized use is the customer's responsibility. AGT service is provided on condition that the customer shall be responsible for payment of all calls made or received collect on the telephone service listed in his/her name, whether authorized or not.

If objection in writing is not received by AGT within thirty days after the statement of account is rendered, such statement shall be deemed to be correct and binding upon the customer. If subsequently, errors are clearly substantiated to have been made by AGT, an adjustment to the customer's account may be applied.

Customer
Billing

The AGT General Tariff permits the attachment of equipment which is certified in accordance with AGT's Terminal Attachment Standards.

All such equipment **MUST** be on the approved list or authorized in writing from AGT. The list of approved equipment and terminal attachment standards is filed with the Public Utilities Board and is available for public inspection at AGT Phone Centres.

Connection of equipment is not permitted on multi-party service and semi-public telephones.

AGT reserves the right to disconnect any equipment which in AGT's opinion is the cause of damage to AGT facilities, interferes with service to other customers or is a real and/or potential danger to the public or AGT employees.

Privately
Owned
Equipment

AGT may terminate service to the customer for a number of reasons, such as:

- non-payment of an account for which the customer is responsible
- continued use of unauthorized attachment of equipment to AGT facilities
- fraudulent use or abuse of AGT's service, which adversely affects the efficiency of AGT equipment or service.

Residence and business single line rental customers:

- Upon termination of service, the customer shall return to AGT all equipment owned by or required to be returned to AGT. Where the customer fails to so return, the customer shall pay the current in-place price for such equipment.

Termination
Of Service

Any person attempting to avoid full payment of service by method or device is in violation of the law and is liable, upon conviction, to a fine or imprisonment, or both.

The use of an AGT Calling Card when the associated telephone service has been disconnected or cancelled is illegal and fraudulent.

Fraudulent
Use Of
Telephone
Equipment

AGT Multi-party Telephone Service

AGT Multi-Party Service

Observe these rules to ensure that all customers receive satisfactory telephone service:

Important - Release the line immediately to persons requesting it for **Emergency Calls**.

- Make calls as brief as possible. Calls should not exceed 5 minutes in length. Don't tie up the line unnecessarily. Ensure the line is clear before placing a call.
- Refrain from interrupting or listening in on other persons conversations. If you find the line in use, hang up immediately.
- Ensure the receiver is placed back on the set when you are through. An open line will prevent all parties from placing or receiving calls that could be important to them.
- Use of abusive, obscene or profane language on the telephone is prohibited.
- Do not answer the other customer's ring. Answer your own ring only.
- Connection of customer-owned equipment is not permitted. Exceptions are home computers which require the use of a Plea Device, available from AGT.
- The use of TDD's for the Hearing Impaired are only permitted through the use of a plead device provided and installed by AGT at no charge.

Misuse of the party line can result in telephone service being suspended for a minimum of 30 days.

How To Use Automatic Party Line Telephones

To call exchange numbers and other party line numbers

- Lift the receiver. If the line is free, push in the call button or press the hook switch latch (depending on the type of telephone set).
- Listen for dial tone, then dial the number as listed in the directory.

To call a number on your own line

- Lift the receiver. If the line is free, push in the call button or press the hook switch latch.
- Listen for the dial tone, then dial the number as listed in the directory.
- When you hear the busy signal, depress the hook switch until the call button or hook switch latch releases and listen.
- When your party answers, push in the call button or press the hook switch latch and proceed with your conversation.

If the called party does not answer

- Push in the call button or press the hook switch latch to stop the ringing and replace the receiver.

To answer a call on your own telephone

- When you hear your own party line signal, pick up your telephone receiver, press the hook switch latch or call button and proceed with conversation.

Rural Individual Line Charges

Multi-party service is the standard service offering to customers beyond the base rate area but within the exchange boundary. When a customer requests a class of service outside the base rate area other than multi-party service, a rural individual line charge will apply.

No Charge will apply if existing individual line service facilities (service line to the exchange) are in place and service is changed or re-established.

AGT Cellular 400 Mobile Phone Service

**How To
Connect**

In Alberta

Simply dial 1 + the Cellular 400 mobile number (550-xxxx, 551-xxxx or 554-xxxx), no matter if the call is local or long distance.

Why the Digit '1'

The digit '1' must be dialed first in all instances. If the Cellular 400 phone you're trying to reach is not in your local calling area, the '1' allows your call to access the Long Distance network. This way, Cellular 400's automatic tracking feature can find Cellular 400-equipped vehicles within the service area.

Outside Alberta

If calling from outside the province, dial 1 + 403 + the Cellular 400 mobile number.

Automatic Tracking

Automatic tracking is not optional. It's a major benefit designed into the Cellular 400 system so mobiles can be tracked anywhere in the service area. That's why the system will not accept 7-digit numbers only.

**What
Telephone
Charges
Apply?**

Due to Cellular 400's automatic feature, calls to a Cellular 400 phone cannot be identified as local or long distance. To find out which type of call you've dialed, please ask for the recipient's location as soon as the call is answered. If the call is outside your local calling area, you will incur long distance charges. This applies to calls from a land line or mobile phone.

Billing Options

Billing options such as third number, Calling Card or collect are still available. You can use Direct Distance Dialing or Zero Plus Number Dialing.

Air Charges

A per-minute air charge is assessed to support the cost of the mobile network and is charged for both local and long distance calls. All charges are billed to the originator of the call or to the specified billing option (see above). This charge also helps to ensure efficient use of the radio frequency spectrum - a limited resource.

**How Cellular
400 Service
Can Help
You**

Dial all your own calls direct with the same speed and privacy as your office or home phone. Cellular 400 has Call Queuing, Call Forwarding, Speed Calling with Touch-Tone pad and many other exciting features, such as Automatic Tracking.

Automatic tracking lets you contact a Cellular 400 user fast, without wasting valuable time or waiting until the individual returns home. A big plus in emergencies.

St. John Ambulance

FIRST AID FOR EMERGENCIES

INTRODUCTION

Emergency First Aid is a step-by-step guide on immediate care you should give and on what to do until an ambulance arrives or until the person is taken to hospital. It is not a first aid course and training in first aid is recommended.

The objectives of first aid are to:

- Preserve life
- Prevent injuries/illness from becoming worse
- Promote recovery

Be prepared to cope with an emergency:

- Take a St. John Ambulance First Aid Course
- Keep a well-stocked First Aid Kit in the home and know how to use it.
- Ensure that children and babysitters know the emergency numbers — ambulance, fire, police etc.

PREVENTION IS BETTER THAN THE CURE

DANGER

Make sure that there is no further danger before starting first aid:

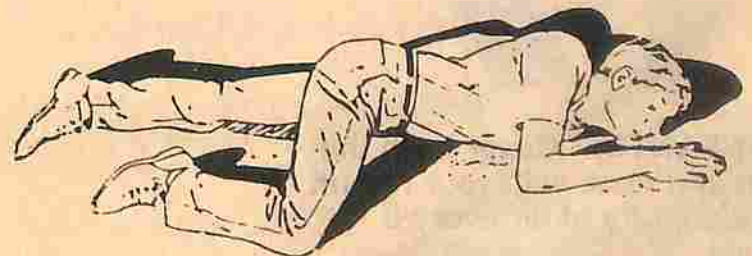

- Make the area safe, or
- Move the casualty away from danger

DO FIRST THINGS FIRST

- Check breathing and give artificial respiration if needed
- Stop severe bleeding
- Protect unconscious persons

UNCONSCIOUSNESS

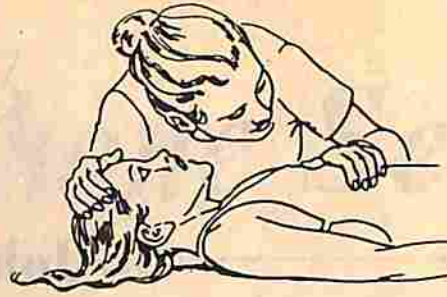

Place unconscious persons in the recovery position with the head extended to prevent the tongue from falling to the back of the throat and to help keep the airway open

ARTIFICIAL RESPIRATION

1. Check for breathing — look, listen and feel for air movement

2. If not breathing, open the airway:

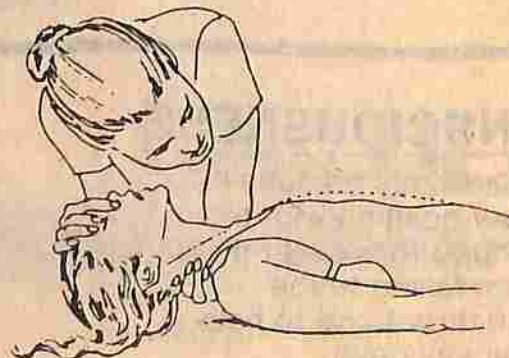

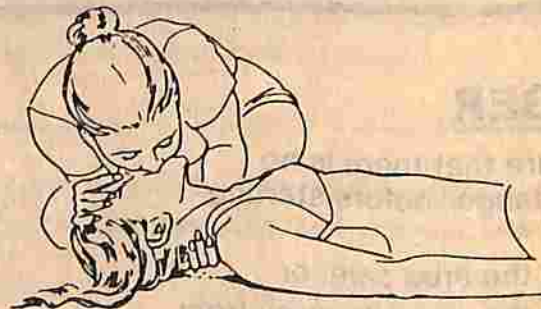

- Lift the neck, and
- Press back on forehead

3. If breathing does not start **BEGIN ARTIFICIAL RESPIRATION IMMEDIATELY**

1. Keep the airway open
2. Pinch the nostrils
3. Take a deep breath
4. Blow 4 quick breaths into the casualty's mouth — do not let the lungs deflate
5. If the chest does not rise, reposition the head, ensure a tight seal and blow 4 quick breaths again
6. If the chest rises, continue breathing into the adult casualty's mouth at the rate of one breath every 5 seconds

FOR INFANTS: Cover both the mouth and nose with your mouth and blow puffs of air every 3 seconds

CHOKING

If the casualty can speak or breathe, stand by to help. Do not give back blows

When he can no longer speak or breathe:

- Have someone call for an ambulance
- Give 4 back blows in quick succession

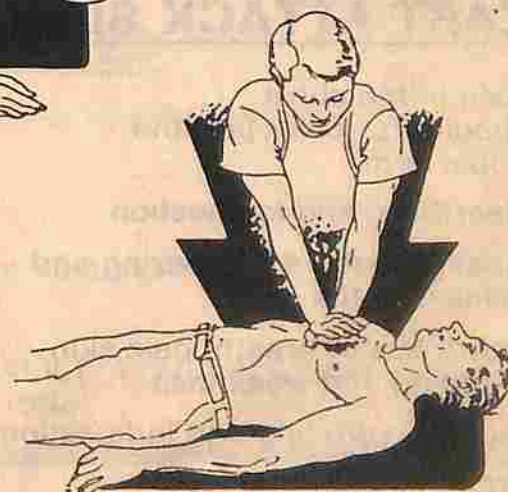

- Give 4 abdominal thrusts

- Repeat back blows and abdominal thrusts until successful or the casualty becomes unconscious

UNCONSCIOUS CHOKING CASUALTY

- Position the casualty on his back
- Open the airway
- Attempt artificial respiration
- If not successful:
- Roll casualty over toward you
- Give 4 sharp blows between shoulder blades
- Roll casualty over onto his back
- Give 4 rapid chest thrusts
- Check the mouth
- Attempt artificial respiration

Repeat back blows, chest thrusts, mouth checks and artificial respiration until help arrives

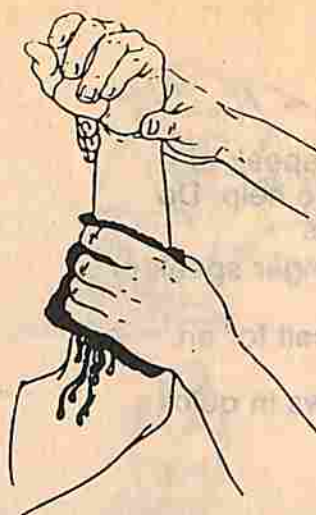

SEVERE BLEEDING

Control severe bleeding by applying direct hand pressure on the wound. Use a sterile or clean cloth over the wound if available

Elevate the bleeding part as much as possible

Keep the casualty at rest

When bleeding is controlled, apply additional dressings and bandage firmly. Maintain elevation and immobilize the limb

NOSEBLEED

- Seat the casualty with head tilted forward
- Pinch the nostrils firmly for 10 minutes
- Avoid blowing the nose
- Take to a hospital if bleeding does not stop

BURNS AND SCALDS

Ensure that there is no further danger. Immerse in cold water to relieve pain. (Avoid running water that may cause damage.) Do not break blisters nor apply ointments. Cover with dry dressings and seek medical help.

COLD EXPOSURE — HYPOTHERMIA FROSTBITE

Recognize hypothermia from exposure to cold by shivering, slurred speech stumbling, progressing to unconsciousness

- Prevent further loss of body heat
- Handle most gently

- Bundle in warm clothing — huddle with the casualty
- Give warm drinks if conscious
- Transport to medical aid

Superficial frostbite should be treated by placing the frostbitten part next to a warm area of the body

HEART ATTACK SIGNALS

- Pain in the chest, shoulders, lower jaw and upper arm
- Heartburn and indigestion
- Heavy pressure, squeezing and fullness in the chest
- Shortness of breath, pale skin, sweating and weakness
- Nausea, vomiting and indigestion
- Apprehension and fear

ACTIONS FOR SURVIVAL

1. Place the casualty at rest
2. Help to take prescribed medication
3. Call for an ambulance and reassure
4. Loosen collar, belt and tight clothing
5. Monitor breathing and be prepared to give artificial respiration

THE PROPER USE OF DRUGS AND MEDICINES

Presented by: The Alberta Pharmaceutical Association and The Association of Canadian Community Pharmacists in co-operation with the Edmonton Society of Pharmacists.
Provided as a public service by Alberta Government Telephones.

PRESCRIPTION DRUGS

The instructions on your prescription may be confusing, but with the help of your pharmacist, and a few basic rules it should become easier.

1. Take your medication as directed.

There is always a reason for the medicine that is ordered by your doctor. Follow the directions on the label exactly.

2. Be sure you understand what the directions mean.

The times during the day when you take your medication are very important. If you are not sure, don't guess! Ask your pharmacist or doctor to make the directions clear.

If you take a number of medicines, ask your pharmacist to help you work out a schedule you can manage.

3. If you have missed some doses —

DO NOT try to "catch up" by taking all the medicine at once. Call your pharmacy or doctor to find out what to do in this situation.

NON-PRESCRIPTION DRUGS

Some medicines you take may be obtained without a prescription. If you take non-prescription drugs you should know —

1. if the drug will make you **drowsy** or **lightheaded**.
2. if the drug will **interact with other drugs** or **medicines** you may be taking. Tell your doctor and your pharmacist about **all** the drugs you are taking.
3. if the drug will worsen any **chronic disease** you may have. (eg. asthma, diabetes, heart trouble).

ALWAYS READ

PACKAGE INSTRUCTIONS

CAREFULLY!

HOW TO STORE YOUR MEDICINES

Usually a **cool dry place** is best. The bathroom medicine chest is too warm and damp for some medicines.

Remember to follow any special instructions.

Always **keep medicines out of the reach of children**.

Clean out your medicine chest regularly. Discard all prescription drugs you are not currently using.

Check the expiry date on non-prescription drugs and discard if they have expired.

**REMEMBER YOUR PHARMACIST IS A PROFESSIONAL READILY AVAILABLE
TO HELP YOU UNDERSTAND YOUR MEDICATIONS!**

TREATMENT OF ACCIDENTAL POISONING

Presented by: The Alberta Pharmaceutical Association and The Association of Canadian Community Pharmacists in co-operation with the Edmonton Society of Pharmacists.
Provided as a public service by Alberta Government Telephones.

SWALLOWED POISONS

THIS IS AN EMERGENCY, ANY NON-FOOD SUBSTANCE IS A POTENTIAL POISON!

1. Dilute the poison by giving one or two glassfuls of water. Do not use carbonated fluids.
2. Call your doctor or the Emergency Department of your nearest hospital.
3. If the patient is unconscious or having fits — **DO NOT INDUCE VOMITING** but transport to a medical facility **at once**.

REMEMBER — DO NOT PANIC!

If the poison contains petroleum products
(eg. kerosene, gasoline).

DO NOT INDUCE VOMITING

If the poison is a strong corrosive
(eg. lye, strong acid, drain cleaner,
ammonia, bleach, oven cleaner).

DO NOT INDUCE VOMITING

Give large amounts of water or milk and repeat if vomiting occurs naturally.

For other types of swallowed poisons.

INDUCE VOMITING if directed, by giving Syrup of Ipecac, or tickling the back of the throat with a blunt object. After vomiting has occurred, Activated Charcoal in a little water may be given if available.

IN ALL CASES: Transport to a medical facility **at once**.

BRING THE PACKAGE OR CONTAINER WITH INTACT LABEL!

ASK YOUR PHARMACIST ABOUT OBTAINING SYRUP OF IPECAC AND ACTIVATED CHARCOAL FOR YOUR MEDICINE CHEST!

INHALED POISONS

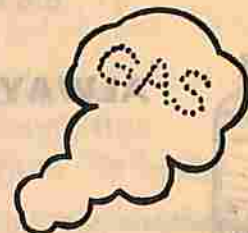

(fuel gases, auto exhaust, dense smoke)

Get the victim into fresh, clean air. Loosen clothing.

If the victim is not breathing, start artificial respiration promptly. Do not stop until the patient is breathing well, or help arrives.

Have **someone else** call a doctor, hospital, poison control centre or rescue unit.

Transport the victim to a medical facility **at once**.

CHEMICAL SPILLS

SKIN

Wash the skin with a large amount of water. Use soap if available.

Remove contaminated clothing.

Call a doctor or poison control centre and transport the victim to a medical facility if necessary.

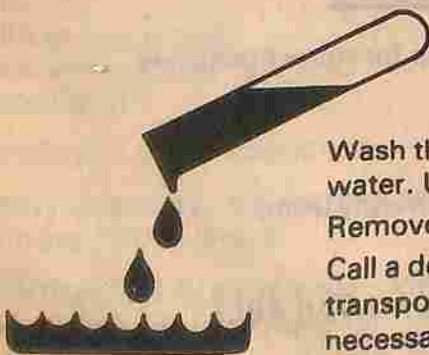

EYE

Gently wash the eye for 5 minutes with the eyelid open using plenty of water (or milk if water is not available).

Remove contact lenses if worn.

NEVER allow the eye to be rubbed.

Transport to a medical facility **at once**.
