AGT Long Distance

0

Dial '0' and Speak to the Operator

For information not included in this guide.

For AREA CODES not listed on pages 8 & 9.

For calls you cannot dial yourself (conference, mobile, marine).

For overseas locations.

If you reach a wrong number (call the Operator and you will not be charged).

* DA

Long Distance Directory Assistance

To obtain telephone numbers in distant locations:

WITHIN AREA CODE 403: Dial '1' + 555-1212

OUTSIDE AREA CODE 403: Dial '1' + AREA CODE + 555-1212

800 Service: Dial '1' + 800 + 555-1212

* DDD

Direct Distance Dialing

For calling station to station (speak to anyone) at any seven-digit telephone number in Canada, U.S.A. & the Caribbean.

WITHIN AREA CODE 403: Dial 1 + the number.

OUTSIDE AREA CODE 403: Dial 1 + AREA CODE + the number.

* 0 +

Zero Plus Number Dialing

For fast completion of these types of calls: collect, person to person, third number billing, Calling Card, time & charges.

WITHIN AREA CODE 403: Dial '0', then within 4 seconds dial the number.

OUTSIDE AREA CODE 403: Dial '0' then within 4 seconds dial the AREA CODE + the number.

The Operator will come on the line briefly to ask what type of call you are making. Operator-assisted rates will apply.

Calling Card

Calling Card

Dial 0 + Area Code (where applicable) and the number, tell the Operator you are placing a Calling Card call, give the Operator your 14-digit number.

Use your 14-digit Calling Card number for calls within Canada and the U.S.A., and when calling from Bermuda, the Bahamas, and many Caribbean Islands.

International Use - Use the International number on your card in foreign countries honouring Calling Cards. (Verify before you go that the country you're visiting accepts long distance Calling Card calls.)

* 800

800 Service - Dial 1 + 800 + number

A telephone number which starts with '1 + 800' means you dial a long distance call to that number without being charged.

Dial 1 + 800 + the 7-digit number.

Dial 1 + 800 + 555-1212 when you need 800 service directory assistance.

An 800 service directory can be purchased from AGT Phone Centres, or by calling 1-800-561-6600.

* 900

900 Service - Dial 1 + 900 + number

Direct dial calls from other than public telephones and hotels/motels may be placed to the 900 service numbers.

Dial 1 + 900 + the 7-digit number.

A charge (usually 50¢ for the first minute, 35¢ for each additional minute) may be applied to each call to a 900 service number.

To obtain information about current 900 service programs, dial the 900 service information line

by calling 1 + 900 + 410-1212.

You will be charged for these calls.

** Calls you can dial yourself !!*

AGT Long Distance

5

Station to Station

(Dial 1 + number)

Rates are lowest for this type of long distance call because you speak to anyone who answers.

Station to Station

Person to Person

(Dial 0 + number)

Call person to person to speak to a specific person or department. Tell the Operator 'person to person' and give particulars.

Person to Person

Time & Charges

(Dial 0 + number)

Tell the Operator you wish to know the length and cost of your call. The information will be called back to you.

Time & Charges

Conference Calls

(Dial 0 and speak to the Operator)

Talk with several people in different locations at the same time.

Conference Calls

Collect

(Dial 0 + number)

When you wish the called party to pay the charges, tell the Operator 'collect' and give your name.

Collect

Third Number Billing

(Dial 0 + number)

Give the Operator the number you wish the call billed to (include area code if applicable). Verification of billed number will be made for calls from public telephones.

Third Number Billing

Mobile & Marine

(Dial 0 and give the Operator the details)

Communicate with vehicles, ships, or aircraft equipped for mobile telephone service.

Mobile & Marine

Overseas

(See pages 10 - 14)

Approximate Rates from MEDICINE HAT to some points in Alberta

***Christmas and New Year's Day - Evening Rates Will Apply.**

- if you reach a recording answering device, whether you leave a message or not.

CHRISTMAS AND NEW YEAR'S DAY - EVENING RATES WILL APPLY.

Initial period rates are charged for a minimum of 1 minute. Additional minute rates are charged for a full minute or any portion of a minute.

Rates in effect at the time your Long Distance call is connected will apply throughout the complete call even though the call may extend into another rate period.

Long distance rates to other locations such as Alaska, Hawaii, Mexico, etc., are governed by different rate schedules. For rates to other locations contact the Operator by dialing 'O'.

Rates quoted were in effect at the time this Directory was printed and are subject to change.

Area Code and Time Zone Map

Area Code
Time Zone
Map

Canada and the United States are divided into more than 100 telephone areas, each identified by a three-figure area code.

The clocks on the map illustrate the time zones in effect in North America. When calculating actual time differences between areas, consideration should be made for those areas which are on Daylight Saving Time.

Dotted Lines Indicate Provinces Or States With More Than One Area Code.

Heavy Lines Indicate Time Zones.

Dialing Overseas

To Dial Direct: 011 + **Country Code** + **Routing Code** + **Local Number**

2-3 Digits 1-5 Digits 2-9 Digits

To Dial With Operator Assistance*: 01 + **Country Code** + **Routing Code** + **Local Number**

2-3 Digits 1-5 Digits 2-9 Digits

*For collect, person to person, third number billing, Calling Card, time and charge calls. (Availability of these services may vary depending on the country called).

As these calls require Operator assistance, Operator-handled charges apply.

Dial 0 and speak to the Operator

- to obtain an overseas number
- for country and city routing codes (limit 3 routing codes per call)
- for overseas rates not listed on pages 11 - 14
- for assistance on overseas calls
- for time zone differences
- for countries accepting Canadian Long Distance Calling Cards

Points to remember:

- There are time differences.
- It may take up to 45 seconds for the overseas phone to ring.
- Overseas ringing and busy signals are often different than those in Canada.
- Rate discounts may apply. Call the Operator for information.
- Direct dialing to foreign directory assistance Operators will be subject to regular overseas charges.

AGT Time, Temperature and Weather Service

Timely information - 24 hours a day, seven days a week!

On a holiday or travelling within Alberta?
Call these numbers for the weather forecast.
(Please Dial Carefully)

Calgary	263-3333
Camrose	672-8861
Edmonton & Area	449-4444
Fort McMurray	743-1555
Grande Prairie	532-9160
Red Deer	343-8111
Wetaskiwin	352-7111

Long distance rates, where applicable, will apply.

AGT Special Needs

AGT offers a full variety of telecommunication products for disabled persons, such as those with Motion, Hearing, Sight or Speech Disabilities.

Contact your AGT Phone Centre regarding the products we offer, or visit our Special Needs Centres at:

Calgary: 2nd Floor Scotia Centre
700 - 2nd St. S.W.
264-5054 (TDD)
231-2528 (Voice)

Edmonton: AGT Toll Building
10023 - 102 Ave.
425-4007 (TDD and Voice)

AGT Relay Service

A Relay service for users of Telecommunication Devices for the Deaf (TDD) is available 24 hours a day. This service has been established for communication between deaf and hearing persons over the telephone.

TDD ORIGINATED MESSAGES (TDD USERS)

TDD users wishing to contact a hearing person, dial 1-800-855-1155. The Operator will connect you and relay the conversation. TDD users wishing to contact another TDD user, dial 1-800-855-1155 for long distance calls and the Operator will connect you. Local TDD to TDD calls can be dialed directly.

VOICE ORIGINATED MESSAGES (VOICE USERS)

Hearing persons who wish to contact a TDD user dial 1-800-855-1166. The Operator will connect you with the TDD and relay the conversation.

There is no charge for this service. When making Long Distance Calls, long distance rates will apply with a 50% reduction on the per minute rate when going through the Relay Service. A TDD to TDD long distance phone call qualifies for the 50% discount only when connected through the Relay Service.

Rental
Telephones

Choose From Our Wonderful Line Of Rental Phones

Enjoy all the advantages of renting. A reasonable monthly rate makes it easy to stay on-line with today's exciting styles in a wide range of colours with fabulous features. And, no need to worry about maintenance because AGT takes care of repairs for you.

With AGT Touch Tone Service*, your rental phone connects quickly and gives you easy access to special services — like Talking Yellow Pages!

Our knowledgeable staff will be happy to help you choose the models and services that best suit your needs. All rental phones are backed by AGT province-wide service.

Visit your nearest AGT Phone Centre or call the Residence Services Offices listed on page 2 for monthly rental rates and additional information.

Choose one that's right for you!

Harmony

— a decorator's dream!

A lightweight, compact phone with extra large buttons for easy dialing. Modern design in desk or wall-mount style. Comes in an easy-to-clean matte finish. Almond, blue, grey, brown, white or red.

Solo

— get it all in hand!

Slender styling and one-of-a-kind button design makes dialing easier than ever. Three colour-coded buttons give you sure, immediate access to emergency numbers, and 10 frequently-called numbers are quickly dialed with speed dialing. The LINK button gives easy access to special services like Call Waiting* and 3-Way Calling*. Your choice for desk or wall-mount. Almond, grey, blue, taupe or red.

Signature

— personally yours

Suit yourself with extra convenience in our most versatile rental phone. The LINK button gives easy access to Call Waiting* and 3-Way Calling* services. And, there's buttons to make Call Forwarding* and Speed Calling* a breeze to use. Signature goes where you need it most — countertop, desk or wall. Grey, blue, black, almond or taupe.

* Extra line services such as Call Waiting, 3-Way Calling, Call Forwarding and Speed Calling are also available from AGT. See Page 22 for more information. Note, these services may be limited or not yet available in some areas.

* Touch Tone Service extra.

General Information

Service Tips

BICS

● Building Industry Consulting Service (BICS)

Architects, Contractors, Developers, Engineers . . . telecommunications is as important to tenants as power and plumbing. Build communications needs into the total project design by involving BICS at the preplanning stage. Consultation costs nothing and eliminates the risk of costly, space-consuming additions or alterations later.

Buried Cable Location Service

● Buried Cable Location Service

Before you operate heavy digging equipment - or dig in your own back yard - call AGT to locate underground cable in the vicinity, before you dig. Call 1-800-242-3447 well in advance - at least two working days.

Business Systems

● Business Systems

Don't wait for a communications problem to develop. Call for a consultation. We'll put our knowledge, training and the resources of AGT and Telecom Canada to work for your company.

Cable Pedestals

● Cable Pedestals

These are located in rural areas, alleys, along highways, on private property, and wherever there are underground telephone services. They're marked with AGT identification. If one is damaged, disrupted communications can result. If you notice a damaged pedestal, call our Repair Service or dial 1-800-242-3447.

Country Telephone Service

● Country Telephone Service

Building in the country? Call AGT early - as soon as you start your foundation. Rural lines are installed underground and AGT needs plenty of advance notice so your phone service will be ready when you are. To apply for rural telephone service, call your AGT Residence Services Office.

Directory Assistance

● Directory Assistance

Local Directory Assistance

To get a new number which has not been listed - dial 411 or 1+411. There is no charge for this service. However, if you request a number which is in the directory there is a 35¢ charge (subject to change).

Exceptions

There is no charge for emergency calls or for calls from coin telephones, hotels, motels, or from provincially registered hospitals. People who cannot use the directory because of a handicap will not be charged for directory assistance.

United States Directory Assistance

Place up to 50 directory calls per month per telephone number to the United States free of charge. Calls in excess of the limit will be assessed a 50¢ charge per call.

Conditions of AGT Service

19

The AGT General Tariff showing rates, charges and general regulations covering services furnished by AGT, is available for inspection upon request at any AGT Residence Services Office or Phone Centre. Following are items of general interest condensed from the Tariff.

Applications for telephone service will be accepted in writing, by telephone, or in person at an AGT Residence Services Office or Phone Centre.

The minimum contract period for all standard AGT services and equipment is one month, except as otherwise stipulated.

AGT reserves the right to request the customer pay a deposit, or a security, or make payment of rental, toll, or service charges in advance of the service being established, or at any time during the service period.

Applying For Service

The liability of AGT for damages, costs or losses arising from mistakes, omissions, interruptions, delays, errors or defects in service or equipment shall not exceed an amount equivalent to the proportionate charge to the customer for the period of service in which it occurs.

AGT Liability

Bills are due on billing date, and may be paid at any AGT Residence Services Office, Phone Centre, Treasury Branch, chartered bank, AGT authorized collection agents, or by mail to **Box 2422, Edmonton, Alberta T5J 2S7**.

Failure to receive a bill does not relieve responsibility for payment.

Protection of telephone service from unauthorized use is the customer's responsibility. AGT service is provided on condition that the customer shall be responsible for payment of all calls made or received collect on the telephone service listed in his/her name, whether authorized or not.

If objection in writing is not received by AGT within thirty days after the statement of account is rendered, such statement shall be deemed to be correct and binding upon the customer. If subsequently, errors are clearly substantiated to have been made by AGT, an adjustment to the customer's account may be applied.

Customer Billing

The AGT Calling Card remains the property of AGT and must be returned upon request.

If your employer has provided an AGT Calling Card, return it to your employer if you leave the company.

Use of an AGT Calling Card becomes illegal and fraudulent when associated telephone service is discontinued. Under these circumstances, destroy your cards immediately.

Calling Cards

The AGT General Tariff permits the attachment of equipment which is certified in accordance with AGT's Terminal Attachment Standards.

All such equipment **MUST** be on the approved list or authorized in writing from AGT. The list of approved equipment and terminal attachment standards is filed with the Public Utilities Board and is available for public inspection at AGT Phone Centres.

Connection of equipment is not permitted on multi-party service and semi-public telephones.

AGT reserves the right to disconnect any equipment which in AGT's opinion is the cause of damage to AGT facilities, interferes with service to other customers or is a real and/or potential danger to the public or AGT employees.

Privately Owned Equipment

AGT may terminate service to the customer for a number of reasons, such as:

- non-payment of an account for which the customer is responsible
- continued use of unauthorized attachment of equipment to AGT facilities
- fraudulent use or abuse of AGT's service, which adversely affects the efficiency of AGT equipment or service.

Residence and business single line rental customers:

- Upon termination of service, the customer shall return to AGT all equipment owned by or required to be returned to AGT. Where the customer fails to so return, the customer shall pay the current in-place price for such equipment.

Termination Of Service

Any person attempting to avoid full payment of service by method or device is in violation of the law and is liable, upon conviction, to a fine or imprisonment, or both.

Fraud

AGT Multi-party Telephone Service

AGT Multi-Party Service

Observe these rules to ensure that all customers receive satisfactory telephone service:

Important - Release the line immediately to persons requesting it for Emergency Calls.

- Make calls as brief as possible. Calls should not exceed 5 minutes in length. Don't tie up the line unnecessarily. Ensure the line is clear before placing a call.
- Refrain from interrupting or listening in on other persons conversations. If you find the line in use, hang up immediately.
- Ensure the receiver is placed back on the set when you are through. An open line will prevent all parties from placing or receiving calls that could be important to them.
- Use of abusive, obscene or profane language on the telephone is prohibited.
- Do not answer the other customer's ring. Answer your own ring only.
- Connection of customer-owned equipment is not permitted. Exceptions are home computers which require the use of a Plea Device, available from AGT.
- The use of TDD's for the Hearing Impaired are only permitted through the use of a plead device provided and installed by AGT at no charge.

Misuse of the party line can result in telephone service being suspended for a minimum of 30 days.

How To Use Automatic Party Line Telephones

To call exchange numbers and other party line numbers

- Lift the receiver. If the line is free, push in the call button or press the hook switch latch (depending on the type of telephone set).
- Listen for dial tone, then dial the number as listed in the directory.

To call a number on your own line

- Lift the receiver. If the line is free, push in the call button or press the hook switch latch.
- Listen for the dial tone, then dial the number as listed in the directory.
- When you hear the busy signal, depress the hook switch until the call button or hook switch latch releases and listen.
- When your party answers, push in the call button or press the hook switch latch and proceed with your conversation.

If the called party does not answer

- Push in the call button or press the hook switch latch to stop the ringing and replace the receiver.

To answer a call on your own telephone

- When you hear your own party line signal, pick up your telephone receiver, press the hook switch latch or call button and proceed with conversation.

Rural Individual Line Charges

Multi-party service is the standard service offering to customers beyond the base rate area but within the exchange boundary. When a customer requests a class of service outside the base rate area other than multi-party service, a rural individual line charge will apply.

No Charge will apply if existing individual line service facilities (service line to the exchange) are in place and service is changed or re-established.

Telephone Security

21

Annoyance Telephone Calls

Annoyance
Calls

What To Do About Obscene or Harassing Phone Calls.

Don't Talk. Don't keep talking to the caller. What they really want is an audience. Don't be that audience.

Hang Up. Hang up if the caller doesn't say anything. Hang up at the first obscene word. If they do not identify themselves to your satisfaction, hang up. Do it quietly; don't display your emotions or alarm.

Call Us. If these obscene or harassing calls persist, call our nearest Business Office - you'll find the listing on page 1 of this directory. After normal business hours dial '0' (zero) and report the matter to the Operator.

The criminal code provides up to six months in prison and \$500.00 in fines for making obscene or harassing calls. We also retain the right to disconnect or remove the phone service of anyone making such calls. AGT wants you to know that we're doing all we can to help you and your family. We cooperate with the police department to identify and prosecute these callers.

Identification Of AGT Employees

For your protection, every AGT employee carries a photo identification card. This plastic laminated card shows our company name, the employee's photograph and signature. If in doubt, ask to see this I.D. Card. AGT employees will show it to you without hesitation.

AGT I.D.

The 'Beep' Tone

A short beep tone every 15 seconds (approximately) indicates that the person to whom you are talking is recording your conversation with an electrical recording machine connected to the line. The beep signal is produced automatically by a device which connects the recorder to the telephone line. If you hear this tone and do not wish your conversation to be recorded, ask the person to disconnect the recording machine. The absence of such a tone is no guarantee that your conversation is not being recorded by the other person.

Beep Tone

Long Distance Calling Card Security

Protect your AGT Long Distance Calling Card. If it is lost or stolen, report this immediately to your AGT Residence Services Office or, after normal business hours, call 1-800-561-8888. We'll cancel the card and issue a new one.

Card
Security

The Wrong Way To Foil Burglars

Leaving the phone off the hook may alert burglars that you're not home! A continual busy signal is a give-away. Lights and radios left on are better ways to discourage break-ins.

Wrong Way

HOW TO USE YOUR CUSTOM CALLING SERVICES

Ordering

Bring out your Phones Hidden Talents with Any or All of these Custom Calling Services.
To order, Call or Visit your AGT Phone Centre or Residence Services Office.
(May be limited or unavailable in some areas)

Call Waiting

During a phone conversation, two soft beep tones — at 10 second intervals — signal that another call is waiting.

To answer the second call:

1. Ask your first caller to hold the line and momentarily depress the receiver button (the first caller is automatically placed on hold).
2. Subsequent depressions of the receiver button transfer you back and forth between both callers.

Only one call can wait — other callers will receive a busy signal. If a second call is waiting when you hang up, your phone will ring.

Call Forwarding

When activated, all calls to your telephone number are automatically forwarded to another number of your choice. This second phone must be located in your local, toll free area.

You can still originate calls from the first phone, but will not receive incoming calls, as they are automatically forwarded to the second phone number. When a call is being forwarded, a short burst of ringing at your phone reminds you the Call Forwarding feature is activated.

To activate Call Forwarding:

1. Dial activating code 72. After a short pause, you may receive an intermittent dial tone before the steady tone (for Touch Tone, see NOTE*).
2. Dial the seven-digit number (or Speed Calling Code) of the phone to which your calls are to be forwarded. When that phone is answered, the feature is activated.

If the other phone is not answered, replace your receiver and repeat Steps 1 and 2 within two minutes. An intermittent dial tone will confirm the feature is activated.

To deactivate Call Forwarding:

1. You can only deactivate this service from your own phone.
2. Dial deactivating code 73. After a short pause, an intermittent dial tone confirms the feature is deactivated (for Touch Tone, see NOTE*).

Speed Calling

Identify the eight numbers you call most frequently. You will be able to access these numbers by entering a one-digit code. Or identify 30 additional numbers you call often. You will be able to access these numbers by entering a two-digit code. Numbers accessible via DDD can be included (Long Distance toll charges will apply).

How to enter numbers:

1. Dial activating code 74 for your list of eight most frequently called numbers, or 75 of the additional 30. After a short pause, you may hear an intermittent dial tone before the steady dial tone (for Touch Tone, see NOTE*).
2. Dial the Speed Calling Code (one digit from "2" — "9" for your list of eight most frequently called numbers; two digits from "20" to "49" for your longer list of 30 additional numbers) you are assigning to each individual number.
3. Dial the seven-digit telephone number. If it's a Long Distance number, dial the DDD access digit "1" first, then the area code (if outside Alberta) and the seven-digit number.

An intermittent dial tone confirms the number has been recorded in the phone's memory system.

How to change a number:

1. Dial activating code 74 (for the eight most frequently called numbers) or 75 for the longer list of 30 numbers. After a short pause, you will hear an intermittent tone, then the steady dial tone (for Touch Tone, see NOTE*).
2. Dial the one- or two-digit Speed Calling Code, then the new telephone number assigned to that code. The previous number is eliminated.

An intermittent dial tone confirms the new number is recorded.

How to cancel a code:

1. Dial appropriate activating code (74 or 75) and wait for a steady dial tone.
2. Dial the one- or two-digit Speed Calling Code. Wait. An intermittent dial tone confirms the code is cancelled. Some types of AGT equipment may only allow a number to be changed...not cancelled.

Three Way Calling

To add a third party to an existing conversation:

1. Depress the receiver button momentarily. You may hear an intermittent dial tone before the steady dial tone.
2. Dial the number of the third party. When the third party answers, depress the receiver button momentarily to make the three-way connection. If the third party is not in the local (toll free) area, Long Distance charges will apply.

If the third party does not answer, or if the line is busy:

1. Depress the receiver button momentarily to return to the original party.
2. Depress the receiver button again to eliminate busy tone or ringing, and continue your conversation. If you hang up, connections to both called parties are broken. When either called party hangs up, your connection with the remaining party is maintained.

* NOTE: The short pause may be cancelled on a Touch Tone phone by depressing the "*" button immediately after entering the activating or deactivating code.

AGT Cellular 400

Mobile Phone Service

23

In Alberta

Simply dial 1 + the Cellular 400 mobile number (550-xxxx, 551-xxxx or 554-xxxx), no matter if the call is local or long distance.

Why the Digit '1'

The digit '1' must be dialed first in all instances. If the Cellular 400 phone you're trying to reach is not in your local calling area, the '1' allows your call to access the Long Distance network. This way, Cellular 400's automatic tracking feature can find Cellular 400-equipped vehicles within the service area.

Outside Alberta

If calling from outside the province, dial 1 + 403 + the Cellular 400 mobile number.

Automatic Tracking

Automatic tracking is not optional. It's a major benefit designed into the Cellular 400 system so mobiles can be tracked anywhere in the service area. That's why the system will not accept 7-digit numbers only.

Due to Cellular 400's automatic feature, calls to a Cellular 400 phone cannot be identified as local or long distance. To find out which type of call you've dialed, please ask for the recipient's location as soon as the call is answered. If the call is outside your local calling area, you will incur long distance charges. This applies to calls from a land line or mobile phone.

Billing Options

Billing options such as third number, Calling Card or collect are still available. You can use Direct Distance Dialing or Zero Plus Number Dialing.

Air Charges

A per-minute air charge is assessed to support the cost of the mobile network and is charged for both local and long distance calls. All charges are billed to the originator of the call or to the specified billing option (see above). This charge also helps to ensure efficient use of the radio frequency spectrum - a limited resource.

Dial all your own calls direct with the same speed and privacy as your office or home phone. Cellular 400 has Call Queuing, Call Forwarding, Speed Calling with Touch-Tone pad and many other exciting features, such as Automatic Tracking.

Automatic tracking lets you contact a Cellular 400 user fast, without wasting valuable time or waiting until the individual returns home. A big plus in emergencies.

St. John Ambulance

FIRST AID FOR EMERGENCIES

INTRODUCTION

Emergency First Aid is a step-by-step guide on immediate care you should give and on what to do until an ambulance arrives or until the person is taken to hospital. It is not a first aid course and training in first aid is recommended.

The objectives of first aid are to:

- Preserve life
- Prevent injuries/illness from becoming worse
- Promote recovery

Be prepared to cope with an emergency:

- Take a St. John Ambulance First Aid Course
- Keep a well-stocked First Aid Kit in the home and know how to use it.
- Ensure that children and babysitters know the emergency numbers — ambulance, fire, police etc.

PREVENTION IS BETTER THAN THE CURE

DANGER

Make sure that there is no further danger before starting first aid:

- Make the area safe, or
- Move the casualty away from danger

DO FIRST THINGS FIRST

- Check breathing and give artificial respiration if needed
- Stop severe bleeding
- Protect unconscious persons

UNCONSCIOUSNESS

Place unconscious persons in the recovery position with the head extended to prevent the tongue from falling to the back of the throat and to help keep the airway open

ARTIFICIAL RESPIRATION

1. Check for breathing —
look, listen and feel for
air movement

2. If not breathing, open the
airway:

- Lift the chin, and
- Press back on Forehead

3. If breathing does not
start **BEGIN ARTIFICIAL
RESPIRATION IMMEDIATELY**

1. Keep the airway open.
2. Pinch the nostrils.
3. Take a deep breath.
4. Blow 2 long slow breaths into
the casualties mouth.
5. If the chest does not rise,
reposition the head, ensure a
tight seal and blow 2 long slow
breaths again.
6. If the chest rises, continue
breathing into the adult casualties
mouth at the rate of one breath
every 5 seconds.

FOR INFANTS: Cover both the
mouth and nose with your mouth
and blow puffs of air every 3
seconds.

CHOKING

If the casualty can speak or breathe, stand by to help.

When he can no longer speak or breathe:

- Have someone call for an ambulance

- Give repeated abdominal thrusts with the fist just above the naval.

- Repeat abdominal thrusts until successful or the casualty becomes unconscious.

UNCONSCIOUS CHOKING CASUALTY

- Check mouth for foreign matter.
- Open the airway.
- Attempt artificial respiration.
- If not successful:
- Kneel astride the casualties thighs or lower.
- Place heel of one hand just above the naval; Place the other hand on top.
- Thrust upward giving a series of 6 - 10 distinct thrusts.
- Check the mouth.
- Attempt artificial respiration.
- Repeat abdominal thrusts, mouth checks and artificial respiration until help arrives.

SEVERE BLEEDING

Control severe bleeding by applying direct hand pressure on the wound. Use a sterile or clean cloth over the wound if available.

Elevate the bleeding part as much as possible

Keep the casualty at rest

When bleeding is controlled apply additional dressings and bandage firmly. Maintain elevation and immobilize the limb

NOSEBLEED

- Seat the casualty with head tilted forward
- Pinch the nostrils firmly for 10 minutes
- Avoid blowing the nose
- Take to a hospital if bleeding does not stop

BURNS AND SCALDS

Ensure that there is no further danger. Immerse in cold water to relieve pain. (Avoid running water that may cause damage.) Do not break blisters nor apply ointments. Cover with dry dressings and seek medical help.

COLD EXPOSURE — HYPOTHERMIA FROSTBITE

Recognize hypothermia from exposure to cold by shivering, slurred speech stumbling, progressing to unconsciousness

- Prevent further loss of body heat
- Handle most gently

- Bundle in warm clothing — huddle with the casualty
- Give warm drinks if conscious
- Transport to medical aid

Superficial frostbite should be treated by placing the frostbitten part next to a warm area of the body

HEART ATTACK SIGNALS

- Pain in the chest, shoulders, lower jaw and upper arm
- Heartburn and indigestion
- Heavy pressure, squeezing and fullness in the chest
- Shortness of breath, pale skin, sweating and weakness
- Nausea, vomiting and indigestion
- Apprehension and fear

ACTION FOR SURVIVAL

1. Place the casualty at rest
2. Help to take prescribed medication
3. Call for an ambulance and reassure
4. Loosen collar, belt and tight clothing
5. Monitor breathing and be prepared to give artificial respiration

THE PROPER USE OF DRUGS AND MEDICINES

Presented by: The Alberta Pharmaceutical Association and The Association of Canadian Community Pharmacists in co-operation with the Edmonton Society of Pharmacists.
Provided as a public service by Alberta Government Telephones.

PRESCRIPTION DRUGS

The instructions on your prescription may be confusing, but with the help of your pharmacist, and a few basic rules it should become easier.

1. Take your medication as directed.

There is always a reason for the medicine that is ordered by your doctor. Follow the directions on the label exactly.

2. Be sure you understand what the directions mean.

The times during the day when you take your medication are very important. If you are not sure, don't guess! Ask your pharmacist or doctor to make the directions clear.

If you take a number of medicines, ask your pharmacist to help you work out a schedule you can manage.

3. If you have missed some doses —

DO NOT try to "catch up" by taking all the medicine at once. Call your pharmacy or doctor to find out what to do in this situation.

NON-PRESCRIPTION DRUGS

Some medicines you take may be obtained without a prescription. If you take non-prescription drugs you should know —

1. if the drug will make you **drowsy** or **lightheaded**.
2. if the drug will **interact with other drugs** or **medicines** you may be taking. Tell your doctor and your pharmacist about **all** the drugs you are taking.
3. if the drug will worsen any **chronic disease** you may have. (eg. asthma, diabetes, heart trouble).

ALWAYS READ

PACKAGE INSTRUCTIONS

CAREFULLY!

HOW TO STORE YOUR MEDICINES

Usually a **cool dry place** is best. The bathroom medicine chest is too warm and damp for some medicines.

Remember to follow any special instructions.

Always **keep medicines out of the reach of children**.

Clean out your medicine chest regularly. Discard all prescription drugs you are not currently using.

Check the expiry date on non-prescription drugs and discard if they have expired.

**REMEMBER YOUR PHARMACIST IS A PROFESSIONAL READILY AVAILABLE
TO HELP YOU UNDERSTAND YOUR MEDICATIONS!**

TREATMENT OF ACCIDENTAL POISONING

Presented by: The Alberta Pharmaceutical Association and The Association of Canadian Community Pharmacists in co-operation with the Edmonton Society of Pharmacists.
Provided as a public service by Alberta Government Telephones.

SWALLOWED POISONS

THIS IS AN EMERGENCY, ANY NON-FOOD SUBSTANCE IS A POTENTIAL POISON!

1. Dilute the poison by giving one or two glassfuls of water. Do not use carbonated fluids.
2. Call your doctor or the Emergency Department of your nearest hospital.
3. If the patient is unconscious or having fits — DO NOT INDUCE VOMITING but transport to a medical facility **at once**.

REMEMBER — DO NOT PANIC!

If the poison contains petroleum products
(eg. kerosene, gasoline).

DO NOT INDUCE VOMITING

If the poison is a strong corrosive
(eg. lye, strong acid, drain cleaner,
ammonia, bleach, oven cleaner).

DO NOT INDUCE VOMITING

Give large amounts of water or milk and repeat if vomiting occurs naturally.

For other types of swallowed poisons.

INDUCE VOMITING if directed, by giving Syrup of Ipecac, or tickling the back of the throat with a blunt object. After vomiting has occurred, Activated Charcoal in a little water may be given if available.

IN ALL CASES: Transport to a medical facility **at once**.

BRING THE PACKAGE OR CONTAINER WITH INTACT LABEL!

ASK YOUR PHARMACIST ABOUT OBTAINING SYRUP OF IPECAC AND ACTIVATED CHARCOAL FOR YOUR MEDICINE CHEST!

INHALED POISONS

(fuel gases, auto exhaust, dense smoke)

Get the victim into fresh, clean air. Loosen clothing.

If the victim is not breathing, start artificial respiration promptly. Do not stop until the patient is breathing well, or help arrives.

Have **someone else** call a doctor, hospital, poison control centre or rescue unit.

Transport the victim to a medical facility **at once**.

CHEMICAL SPILLS

SKIN

Wash the skin with a large amount of water. Use soap if available.

Remove contaminated clothing.

Call a doctor or poison control centre and transport the victim to a medical facility if necessary.

EYE

Gently wash the eye for 5 minutes with the eyelid open using plenty of water (or milk if water is not available).

Remove contact lenses if worn.

NEVER allow the eye to be rubbed.

Transport to a medical facility **at once**.
