it can  
 happen to  
*you!*

Nearly every day this year at least one home in Medicine Hat will have a fire. It could be yours! Fire and fire deaths occur when the simple rules of fire safety are violated. Facts and figures can't describe the heartaches of fire damage to your home, the heartache of injury — sometimes death — which fire may bring. Every home fire presents a failure — a failure to correct hazards or take precautions.

Train your family to respond quickly, correctly and automatically. Pre-plan and practise your fire escape routes.

**Take Action — Family Action**  
**NOW!**

## The Telephone Pioneers - Making Tomorrow's History Today

No ordinary stuffed toy, this Snoopy. He "talks"...to children locked in a lonely world of silence, often sparking a response that is the start of a miracle.

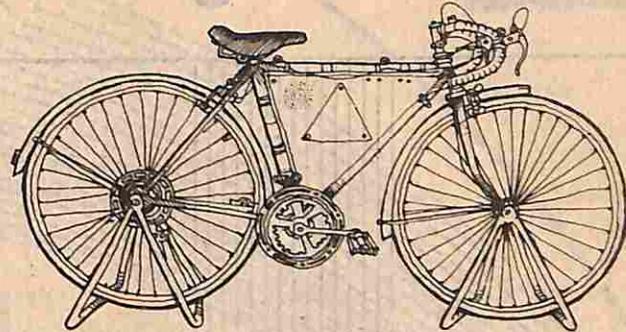

Snoopy is one of several projects sponsored by the Telephone Pioneers of America...an organization of telephone employees, active and retired, sharing a dedication to three principles... fellowship, loyalty, service. Fellowship with one another, loyalty to their industry, and voluntary service to the community. Their technical expertise has created many aids for the handicapped.

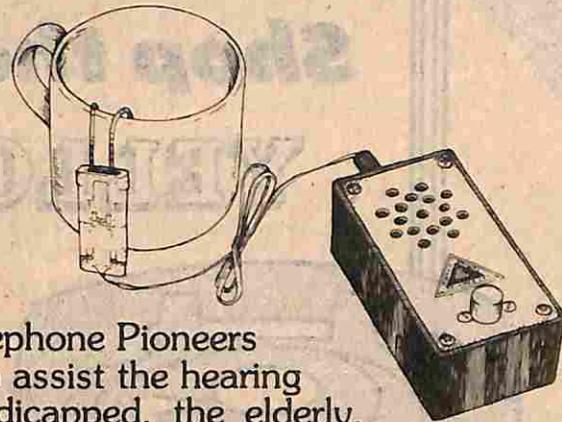

He and other "talking" toys are invaluable tools for teachers and speech therapists attempting to communicate with autistic and retarded children. There's the beeping ball, horseshoe, liquid level indicator and puck, which allow the blind to participate in activities not previously possible for them.

They have also developed for various Police Departments "talking bicycles" which are used to promote bike safety and maintenance. The bicycle's "voice box" is a synchronized tape recording unit which is attached to the bicycle's frame and ex-

plains road safety to young children. In addition, the recorder activates a series of flashing lights attached to the frame of the bike during bicycle maintenance sessions.

Telephone Pioneers also assist the hearing handicapped, the elderly, and the disadvantaged; and work to improve the environment.

**Telephone  
Pioneers  
of America**

These are some of the contributions made by the Telephone Pioneers of America. The full story adds a proud chapter to the history of the telephone industry.
