SUN BATHING TIPS

- Initial exposure to the sun should be 30 minutes at the most.
- Never rely on tanning lotions for complete protection.
- White reflects light to a greater degree than colors.
- When using a beach umbrella, place it over a dark towel to prevent reflection.

No need to march around all day looking for something you want to buy. A glance at the YELLOW PAGE will nearly always show you who sells it.

KNOW YOUR TEA?

A tea taster may be able to identify as many as 1,500 different teas. By examining a dry leaf, he can tell where the tea was grown, sometimes even the estate it came from, what time of year it was plucked, its probable taste and cost.
