The MAGIC CARPET

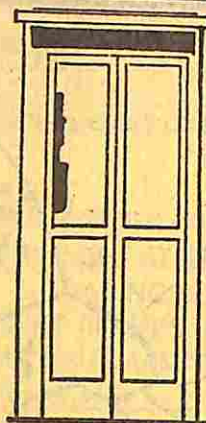

Let your Telephone be the "Magic Carpet" that keeps you close to friends and family far away.

You'll find it so easy to make a voice visit — anywhere in Canada or the United States.

In fact the whole wide world is at your fingertips, thanks to modern telephone communications.

**WHAT
AN**

**EASY
WAY**

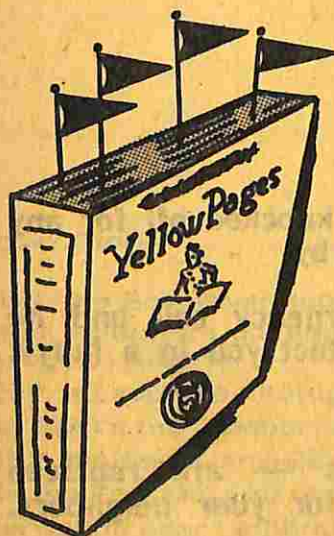

**TO
KEEP**

**IN
TOUCH!**

stop the "hot ones"

Hot prospects, that is. And what could be hotter than the prospects who turn to the Yellow Pages as their buying guide. These are people who are ready to buy a product or service and are just looking for someone to buy it from. Be there with your sales message when they're looking and stop 'em while they're hot.

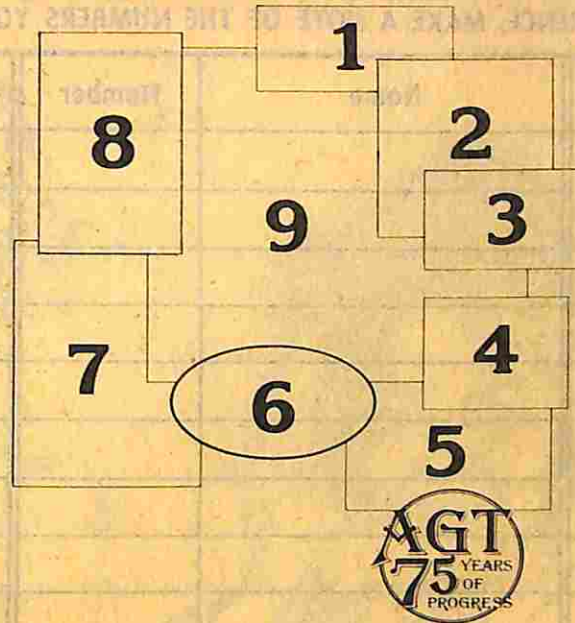

A PHONE OFF THE HOOK CAN CAUSE TROUBLE FOR YOU AND FOR YOUR NEIGHBORS

Why? Because a receiver taken off the hook or accidentally knocked off for any length of time can tie up access to telephone equipment nearby.

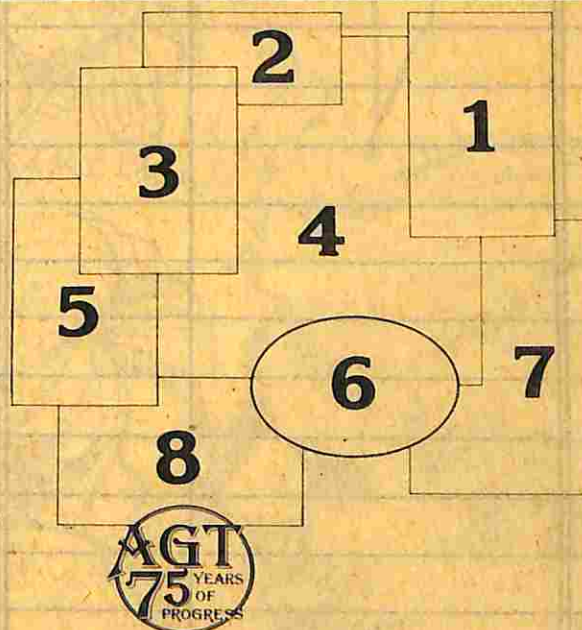

Trouble, because your neighbor may need to make an emergency call and he may not be able to get through. Someone may need to contact you in a hurry, but they may not be able to get through.

Please be sure that your telephone — and any extensions — are replaced securely. Don't tie up telephone service for yourself, or for your neighbors.

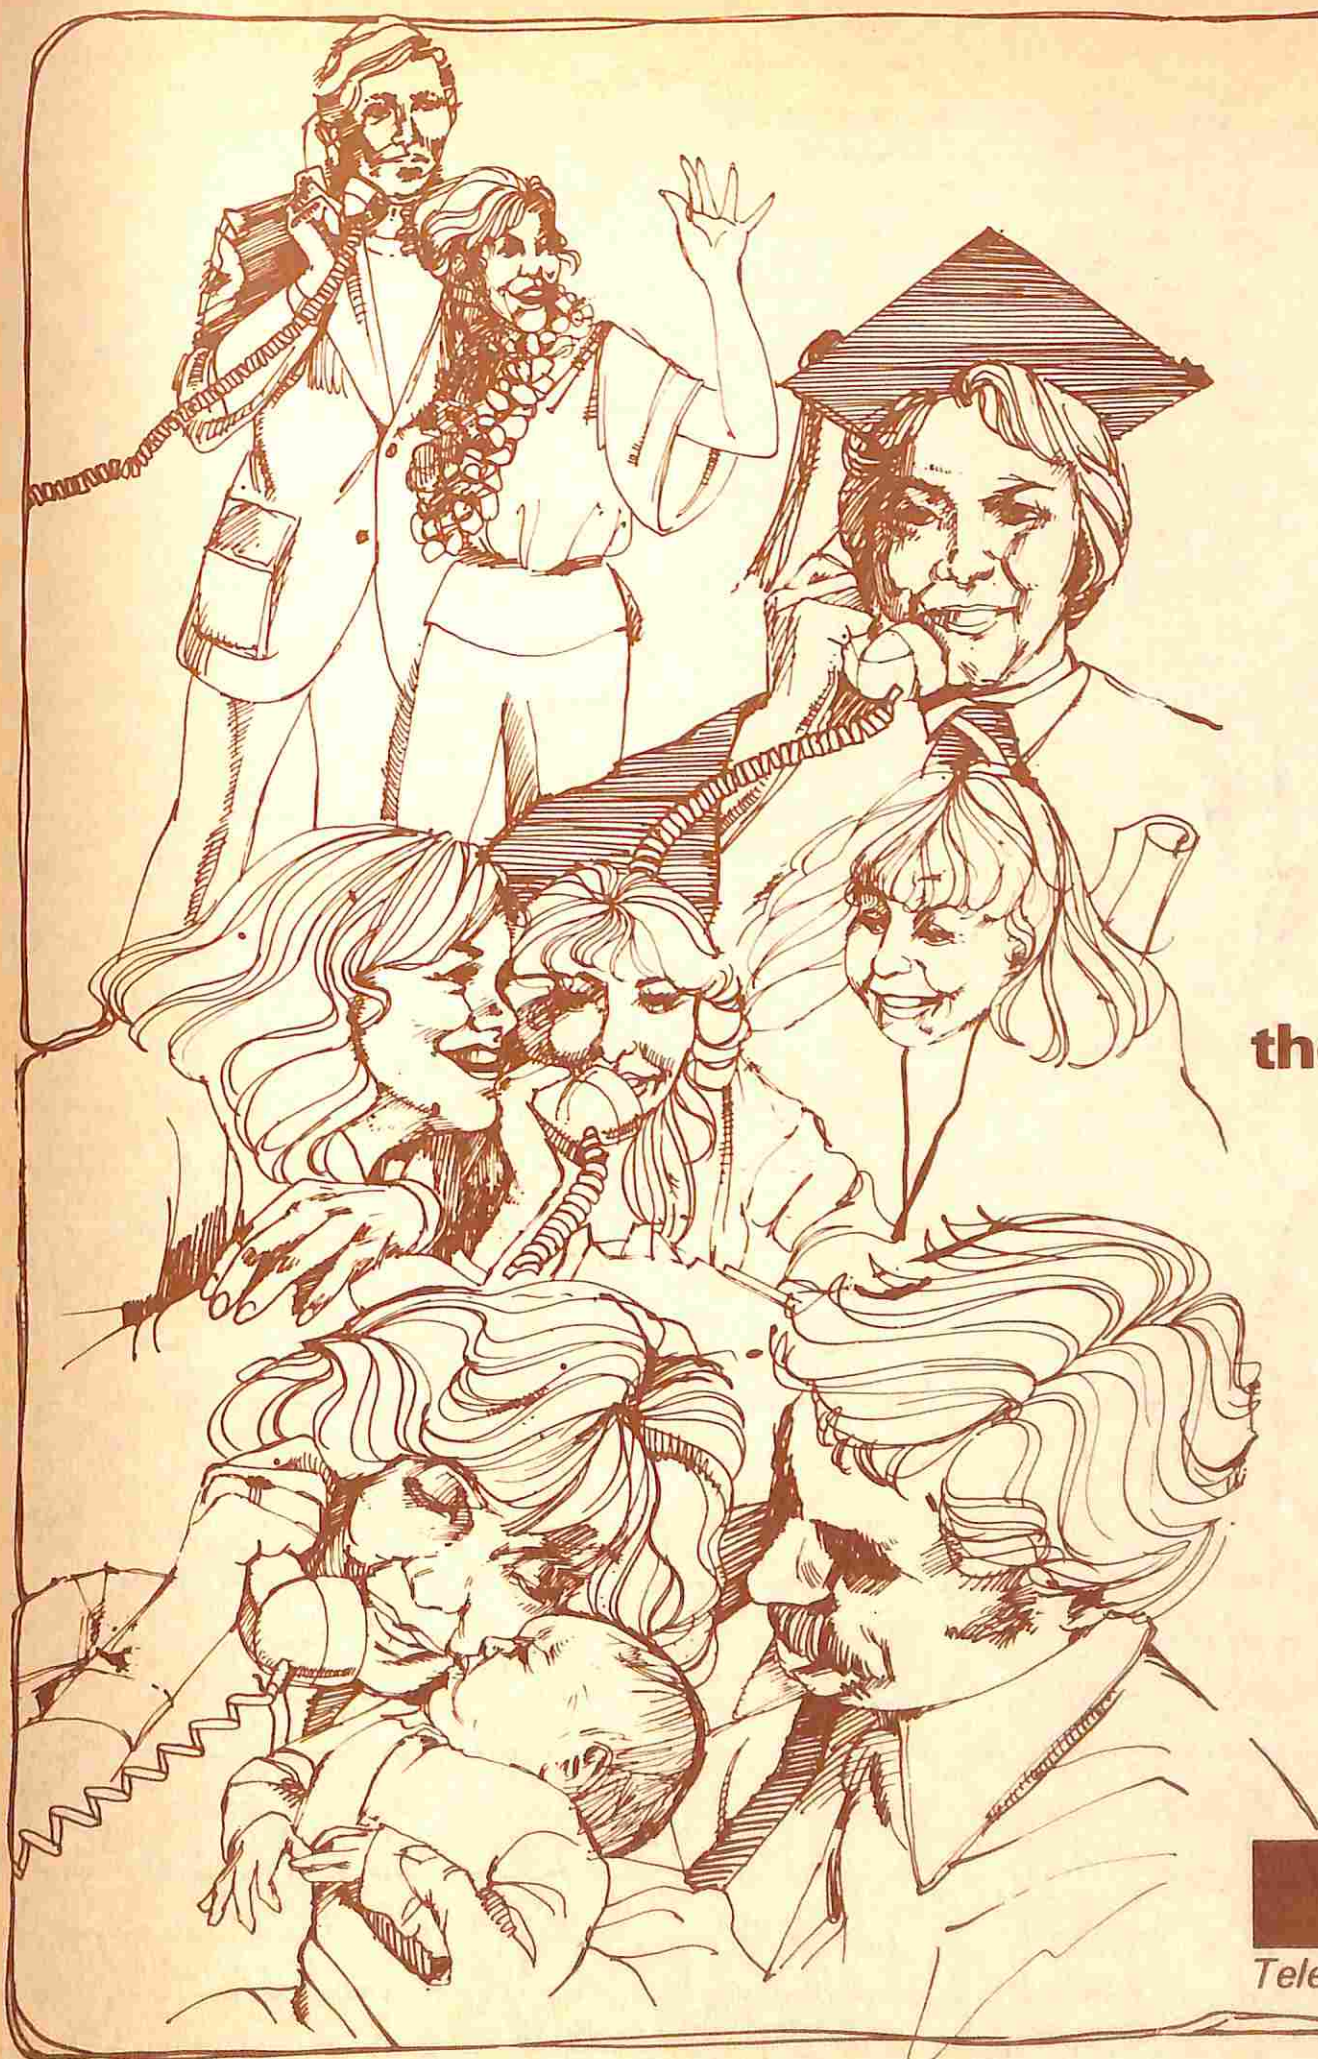

Front Cover Story:

1. Fiber optics are revolutionizing the way telephone calls and information are transmitted between centres.
2. AGT's extensive buried cable system provides rural areas with vital communications.
3. AGT phoneCentres — the modern service for residential customers.
4. Electronic circuit boards are the hearts of computerized telephone systems.
5. Anik B is one of three Canadian telecommunications satellites.
6. AGT operators use automated switchboards to assist long distance callers.
7. The modern pole cat replaces the climbing spurs, belt and muscle power of a bygone era.
8. Large buildings are filled with tonnes of communications equipment needed to switch millions of calls through the telephone network.
9. Microwave towers symbolize modern long distance communications.

Back Cover Story:

1. In 1923, the Bow River floods the telephone office at Gleichen but can't stop service.
2. In 1929, operators continue long distance service when Drumheller becomes the fifth automatic local exchange in Alberta.
3. In 1908, a Lacombe photographer captures two of AGT's free spirits, Cliff McNaughton and Fred Daniel.
4. In the 1920's the Didsbury staff promotes the product.
5. In 1932, the first Trans-Canada Telephone Line approached Calgary.
6. Inside the Fort McLeod exchange, 1913.
7. Winter scene near Lethbridge, 1913.
8. Season's greetings on a clinker-brick cottage exchange, symbol of AGT in the 1920's and 30's.
