Why did more Albertans purchase their contact lenses from optometric offices than from all contact lens dispensers combined?

Complete contact lens care involves diagnosis, prescription development, dispensing and optometric follow-up eye care. Optometrists are licensed to provide all these services.

Optometrists are your contact lens specialists!

That's why!

For further eye care information call toll-free:

Don't forget to plan for  
concealed telephone conduits  
and convenient locations  
for telephone outlets  
when you build your new  
home. These built-in tele-  
phone facilities add real  
value to a home yet their  
cost is very small if they  
are installed during  
construction.

**4 GOOD REASONS FOR  
HANDLING COMPLAINTS  
BY LONG DISTANCE**

You can talk over matters at once.  
Promptness often prevents loss of  
a customer.

You can build closer relations with  
customers.

You can use tact in delicate situa-  
tions. And because people talk more  
freely than they write, you can fre-  
quently trace the real reason for the  
complaint and prevent similar com-  
plaints in the future.

*Think it over,  
the decision  
becomes clear...*
