ALBERTA GOVERNMENT TELEPHONES CODE AREA 403

the
STARLITE

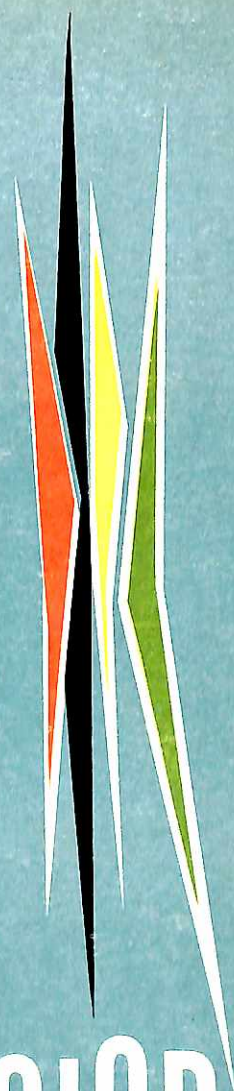

makes a handy adjustable night light

THE

Princess

small in size ... smart in style ...
lift the receiver and it lights the dial

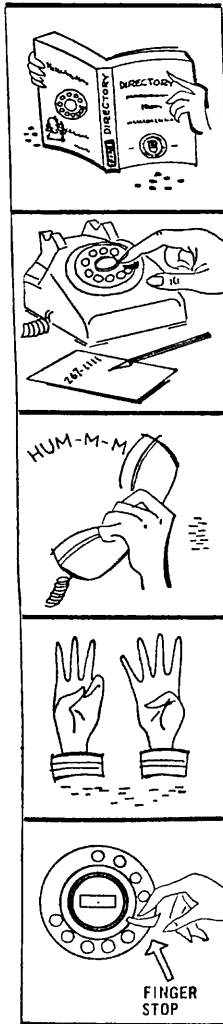

COLOR

***adds that
decorative touch...
many beautiful shades
to choose from.***

It's so convenient ...
add an extension phone
for your bedroom, den
or rumpus room.

Your Local Calling Guide

To Dial Local Calls . . .

Follow these five easy steps.

1. **BE SURE YOU HAVE THE RIGHT NUMBER.**
If you are not sure, consult the latest telephone directory.

2. **JOT THE NUMBER DOWN AND REFER TO IT AS YOU DIAL.**

- 3 **LISTEN FOR THE DIAL TONE — A STEADY HUM.**
If you do not hear the tone within a few seconds, hang up for a short time and try again.

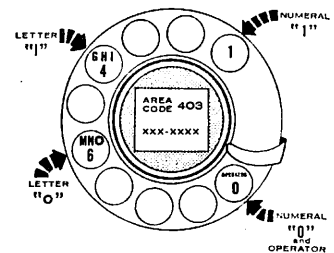

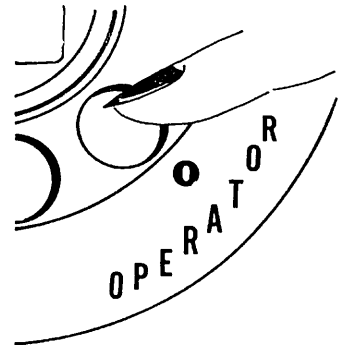

4. **DIAL THE SEVEN FIGURES OF THE NUMBER AS SHOWN IN THE DIRECTORY.**

5. **BE SURE TO PULL THE DIAL ALL THE WAY AROUND TO THE FINGER STOP AND LET IT RETURN WITHOUT INTERFERENCE.**

If you make a mistake, hang up and start over.

Remember —

Telephone operators are always on duty to help you. If you have difficulty in dialing — or need assistance — dial **OPERATOR**.

Please be careful not to confuse the letter "O" with the numeral "0". If you mix them up, you won't get the number you want.

To Place Local Calls From Manual Telephones . . .

Consult the Telephone Directory to make sure you have the correct number. Do not trust to your memory.

Local Calls —

- Lift the receiver to make sure the line is clear.
- If it is, replace the receiver and give the generator crank one short turn to signal the Operator. When the Operator answers, give her the number you are calling.

A Customer on your own Line —

- To call another customer on your line, ring the other party's ring number directly using the generator crank.

When You are Through Talking —

- Replace the receiver and give the generator crank a short turn to signal the Operator and other customers on your line that you are through with the conversation.

Rural line customers should limit conversation to five minutes duration.

Please hang up promptly when told the line is needed for an emergency call to a fire department, police department, for medical aid or ambulance service. The next emergency call may be yours.

A GUIDE TO THE BEST IN LONG DISTANCE SERVICE

To Place a Long Distance Call...

After reaching the Long Distance Operator, give her your call in this order:

1. The city and province (or state) that you want, and the Area Code, if known.
2. The telephone number. On person-to-person calls, include the name of the person you are calling.
3. If you don't know the number, give the name and address of the party you are calling.
4. When the operator asks for it, give your number.

FOR FASTER SERVICE — CALL BY NUMBER

It's Inexpensive to Call Long Distance . . .

The easier and more economical way to call is station-to-station. This means you will speak with anyone who answers at the called telephone. Charges begin when the called telephone is answered.

If you want to speak to a particular person, department or extension, you call person-to-person. Charges begin when the specified person, department or extension answers, and are slightly higher than station-to-station calls.

Reduced Evening and Sunday Rates . . .

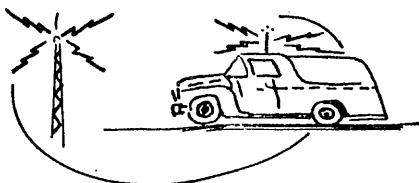

Low night rates are in effect from 6 p.m. to 4:30 a.m. weekdays and all day Sunday. Alberta time determines the rate you pay.

Long Distance is Fast . . .

Calls go through in seconds, particularly if you call by number; so if you'll stay on the line, you'll be able to start talking promptly.

MOBILE CALLS

This service provides two-way telephone communication between a regular telephone and a vehicle equipped with a radio telephone or between such vehicles. To make a call from a regular telephone, call your Long Distance operator and give the telephone number and location of the vehicle desired.

Plan your Long Distance Calls . . .

It's a good idea, before making a Long Distance call, to plan what you have to say. Take note of each point you want to cover. You won't talk longer than you intended and you won't have to call back because you forget something. Planning your calls can save you money.

COLLECT CALLS.

If you wish the charges billed to the distant telephone, tell the operator **WHEN YOU PLACE THE CALL** that it is a "Collect" call. She can then determine whether someone at the distant telephone will accept the charge.

MESSENGER CALLS

A Messenger call is a Person-to-Person call requiring the services of a messenger to request the called party to come to a nearby telephone. The order should be given to the Long Distance operator in the usual manner.

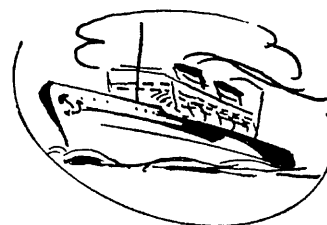

OVERSEAS CALLS (Including Alaska and Hawaii)

Calls to practically all the world's telephones can be made from your telephone. Tell your Long Distance operator that you wish to make an Overseas call and she will connect you with the overseas operator.

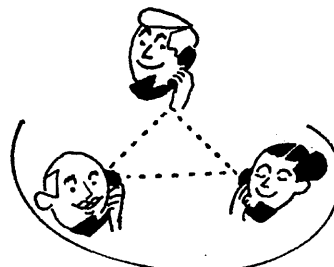

Some typical weekday rates for a three-minute call are:

AUSTRALIA	}	\$12.00	BAHAMAS	}	\$9.00
BRAZIL			BRITISH ISLES		
JAPAN			BERMUDA		
PHILIPPINES			HAWAII		
ALASKA	Anchorage	\$8.25	Juneau	\$6.75	
	Fairbanks	\$8.25	Nome	\$9.00	

Reduced rates apply on calls to many countries during certain night hours and Sundays.

CONFERENCE CALLS

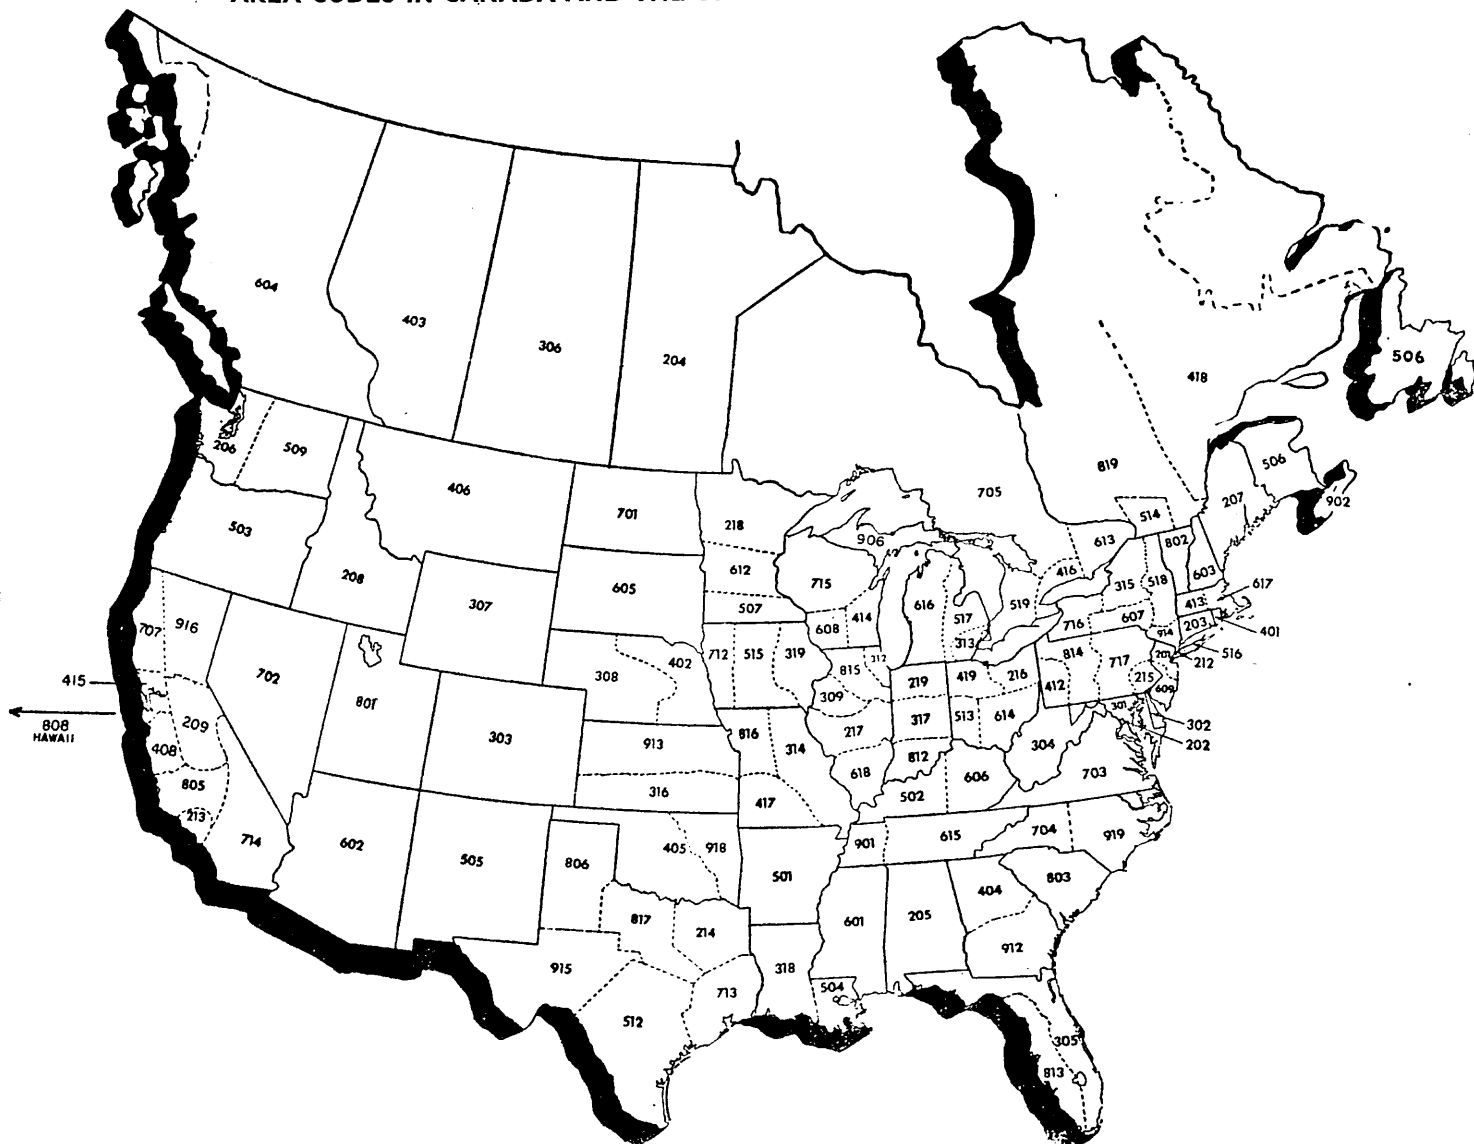

You can talk to several people in different places at the same time. Tell the Long Distance operator you wish to make a Conference call.

When Placing Out-Of-Province Calls . . .

Please give the Operator the Area Code for the city or town you are calling. The Area Code assists the Operator in completing your call.

The numbering plan Area Map as shown below identifies the general location of the designated Area Codes. The Area Code, when quoted before the telephone number for out-of-province calls, gives each telephone in Canada and the United States a unique number; there is no other exactly the same. The Operator will dial the Area Code to assist in reaching the called telephone.

HEAD OFFICE: 9718 - 107 STREET, EDMONTON

HON. RAYMOND REIERSON
MINISTER OF TELEPHONES

R. W. LOSIE
GENERAL MANAGER

R. E. YOUNG
CHIEF ENGINEER

A. C. HEAD
GENERAL TRAFFIC MANAGER

J. W. DODDS
ASST. GENERAL MANAGER & COMPTROLLER

W. D. MALLEN
GENERAL PLANT MANAGER

R. G. ADES
GENERAL COMMERCIAL MANAGER

TERMS AND CONDITIONS UNDER WHICH TELEPHONE SERVICE IS FURNISHED

Use of Telephone

1. The service furnished is for the exclusive use of the customer and members of the customer's household or the customer's employees upon the customer's business, and the customer shall not extend the use of the telephone to any other person, nor shall the customer transmit messages for any other person, and if a residence telephone is used for business or professional purposes the Department may charge therefor the rate charged for business or professional telephones. The residence telephone number of a customer may be advertised only in conjunction with the advertising of his business telephone number.

The Department will endeavor to keep the lines and instruments in good working order and undertakes to clear trouble or make repairs with all reasonable despatch, but does not guarantee uninterrupted service.

The right of the customer is to use the instruments and connecting lines where the Department may place them, but not elsewhere, under such rules as the Department may from time to time prescribe.

The use of obscene, profane or abusive language while using the telephone is strictly forbidden and service may be immediately discontinued for violation of this rule.

2. The instruments and all accessories connected therewith shall remain the property of the Department and the customer shall not remove, alter, or make any attachment thereto. Further telephone service shall be refused to any customer who continues to use any unapproved attachment to the telephone after having been advised by the Department in writing that the use of such attachment is not permissible. The customer agrees to compensate the Department on demand for any damage, loss or destruction of the Department's instruments and accessories whilst such instruments and accessories are in or upon the premises of the customer; the customer shall be held responsible for the full cost of repairing any damage caused to buried facilities (drop wire or cable) between the lane and his premises, when such damage has been created from or as the result of surface operation on his property.

Construction

3. When it is necessary to erect poles or anchors in order to carry the wires from the main telephone line on the road allowance or street to the applicant's premises, such poles and anchors in connection therewith will be supplied and erected by the Department at the expense of the applicant.

Charges — How Paid

4. All charges for installations, moves and monthly rentals shall be paid in advance, which shall entitle the customer to service with all customers connected to the same exchange. Regular toll rates will be charged for all service to points outside of the exchange.

4a. The protection of his service from unauthorized use is the customer's responsibility and he shall be fully accountable for such use and shall pay in full the charges for all long distance calls completed over his telephone service, whether he has or has not knowledge of, or has or has not authorized such calls.

5. Customers shall pay the installation charges, first rental instalment (and construction charges, if any) strictly in advance. Excess mileage charge will be added if outside of exchange limits. If subsequent rental accounts remain unpaid after 25 days have elapsed from date of bill, service shall be discontinued and no rebate or reduction shall be allowed for such interruption to service.

6. Customers shall pay monthly, at schedule rates, for all messages and conversations over the Long Distance lines. If said accounts remain unpaid 25 days after date of bill, further credit shall be refused until account is paid.

7. Customers shall pay promptly, upon presentation of account, all charges for other miscellaneous items. If these charges are not paid within 25 days from date of bill, service shall be discontinued.

7a. Telephone bills are due when received.

Enquiries Regarding Long Distance Service

8. While the Department will carefully consider enquiries in connection with unsatisfactory toll service at any time received, it would be appreciated if customers would make such enquiries immediately after conversion has taken place.

Vacation Allowance

9. Should a customer desire to have his Exchange Service temporarily discontinued, owing to the closing of his premises, he may do so without cancelling contract or having telephone removed, and if arranged for in advance, an allowance of two-thirds of the rate per month will be made for a period of not less than one month, and not exceeding three months in any one year. Customer shall state, when making application, the period for which he expects to be absent and shall pay for this period in advance. Customer will notify the business office when he wishes service resumed. Owing to the fact that Multi-Party Line Telephones cannot be disconnected without a special trip being made to their location, this regulation will not apply to Multi-Party Line Service.

Moves

10. The telephone is first located where the customer directs and must not be moved or interfered with. When the customer desires to have the telephone moved to any other location notice should be given to the local office, a reasonable length of time before the change is desired. The work will then be done as promptly as possible at regular charges.

Joint User Service

11. A joint user is a person, firm or corporation who shares the customer's exchange service in accordance with tariff provisions. To facilitate this use of service, a directory listing is included.
Business joint user—one-third of business Wall-Set rate.
Residence joint user—50c per month.

Cancellation of Service

12. Customers giving up service must notify the Department in writing, or call business office. Failing to do this, customer will be liable for all charges up to date instrument is removed or taken over by a new customer.

Directories

13. The Department of Telephones assumes no liability on account of errors in or omissions from its directories. Telephone directories are and remain the property of Alberta Government Telephones, and customers will receive only free issue of the particular directory published covering the district in which their listings appear. Copies of other directories published by the Alberta Government Telephones may be obtained from the Directory Department at Calgary upon payment of the regular purchase prices. Free issues are printed for the exclusive use of the Department's patrons and are loaned to its customers. All persons are cautioned against reproducing their contents, which are fully protected by copyright. Customers must not use any binder, holder or other attachments, except as provided by the Department.

Telephone Numbers

14. The customer shall have no property right in the telephone number assigned to him or any right to continuance of service through any particular central office, and the telephone number or central office designation, or both, of the customer may be changed upon reasonable notice to the customer when the exigencies of the business so require.

HELPFUL INFORMATION

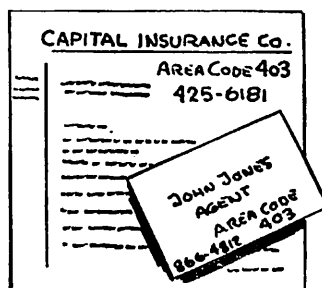

The "Beep" Tone

If you hear a short beep tone about every 15 seconds it indicates that the person with whom you are talking is recording your conversation by means of an electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and is provided by the Telephone Company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Use of a recorder without this signal is not permitted.

Your Business Number is Important

It's good business to make it easy for your customers to reach you. Include your telephone number on stationery, statements and all advertising material. Show the 403 Area Code too, it helps out-of-province parties call you faster.

Pay-Station Service for your Convenience

Pay-Station Telephones are installed throughout Alberta for the convenience of our subscribers and the general public. Local conversations should be limited to five minutes in the interests of better service.

Long Distance service is furnished at regular tariff rates upon deposit of the amount of the initial charge (covering three minutes conversation), the usual charges being made for excess time.

EMERGENCY CALLS From Party Lines

If you are using the line when another party breaks in to say that he has an Emergency Call, Please Hang Up Immediately, the next one may be yours.

Automatic Answering Sets

Some telephones are now equipped with an Automatic Answering Set, which answers the telephone mechanically when no one is available to answer and then makes a recorded announcement.

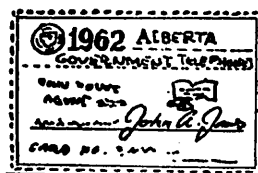

If your call is answered by an Automatic Answering Set, listen carefully for the announcement. Some of these sets will record a message from the caller.

Private Switchboard Assistance

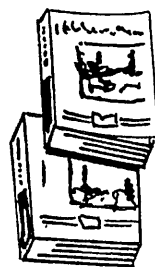

If you have a private switchboard or other special service arrangements, a telephone service representative will help you solve any service problems you may have.

A.G.T. Credit Card

You can "charge" out-of-town calls when you are away from home or office by the use of a credit card. Credit cards calls are accepted from any telephone. You may arrange for one by calling or writing our Business Office in Calgary or Edmonton.

Other Alberta Directories

Directories for other parts of Alberta may be obtained at a nominal charge. Call the Local Business Office and place your order today.

TARIFFS

Tariffs showing rules, rates and regulations covering the various services furnished by the Telephone Company are available at our Business Offices for public inspection.

COPYRIGHT

This directory is fully protected under the Copyright Laws of Canada and the publication of local telephone directories based upon information contained herein will be regarded as infringement of our copyright and publishers thereof subject to action by us to protect that copyright. Subscribers and others should carefully consider the foregoing if solicited for advertising in local directories.

LONG DISTANCE RATES

FROM EDMONTON

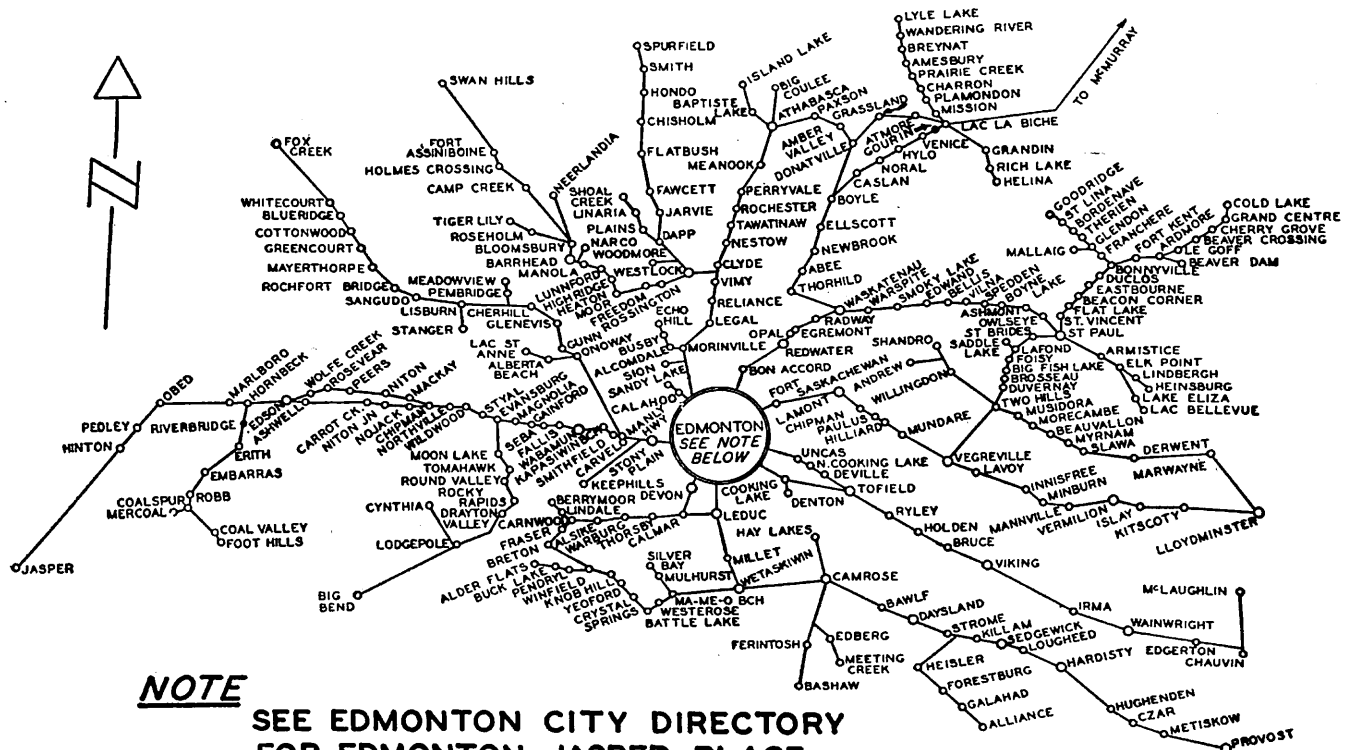

Reduced Rates are from 6 p.m. to 4:30 a.m. and all day Sunday

EMERGENCY SURVIVAL ACTION!...

SHOULD A NUCLEAR WAR OCCUR, IT IS IMPERATIVE THAT THE PEOPLE OF ALBERTA KNOW WHAT ACTION TO TAKE IN THE INTEREST OF SURVIVAL. THE FOLLOWING ARE IMPORTANT POINTS TO BE REMEMBERED:

MEANING OF THE WARNING SIGNALS

a. ALERT WARNING:

On sirens, horns, whistles, etc., Steady blast 3 minutes.
Listen to your radio for instructions.
Don't use the telephone.
All members of the Civil Defence Corps will report for duty as instructed by Civil Defence authorities.

b. TAKE COVER WARNING:

SIRENS: Rising and falling note, 3 minutes.
Horns, whistles, etc., series of short blasts, 3 minutes.
Take cover immediately in best available shelter.

IN A BUILDING: If there is no prepared shelter, go into basement or to an interior first floor room. Stay there until you get word you may leave.

OUTDOORS OR IN A CAR: Go to the nearest shelter. If you cannot reach prepared shelter, lie flat on the ground face down, or crouch on floor of car.

EMERGENCY ARRANGEMENTS

a. FALLOUT SHELTER

If you are interested in a family fallout shelter, copies of the 40-page booklet, "Your Basement Fallout Shelter,, are available on request from your Municipal Civil Defence Organization or the Alberta Emergency Measures Organization.

Your fallout shelter should be equipped with a two-week supply of the following items:

FOOD AND WATER IN COVERED CONTAINERS
ESSENTIAL MEDICINES
CLOTHING AND BLANKETS
SANITATION FACILITIES
BATTERY RADIO

b. DISPERSAL

If you live in a target area and plan to leave in case of a nuclear attack (if conditions are favourable for such a move), know your dispersal route, and have immediately available a kit of food, water, first aid supplies, battery operated radio, and blankets.

If you live outside the target areas, you should remain in your own home.

You will be informed by radio broadcast as to the advisability of dispersal, immediately following the alert warning on the sirens.

PREPARATIONS WHICH CAN BE MADE NOW...

- Learn your community plan for emergency action. Contact your local Civil Defence Director or your Municipal Office.
- Take steps to protect yourself from radioactive fallout. Construct your family fallout shelter if you want adequate protection.
- Enrol for Civil Defence courses and courses in first aid and home nursing.
