

Charles Wyatt
Property Engineer, Property Management

Charles Wyatt serves as Property Engineer, Property Management for Midway. He is responsible for maintaining all building components and systems for the nearly 1 million square foot office tower, 712 Main, and for responding to various tenants' service requests.

Charles has served in building operations and maintenance for eight years and has also taken supervisory courses at Houston Community College. He received a Commercial HVAC Installer/Technician Certificate from Houston Community College in 2012. Charles is a veteran of the United States Navy, where he served from 1991-1995, and received a National Defense Medal for Desert Storm.
