Jarrad Hewett's Bio (Long):

Jarrad Hewett is the #1 Best Selling author of four books, including his latest USA Today Best Seller, *The Answer is Energy*, Amazon's #1 *Love, Life, God: The Journey of Creation*, *The Gospel of You*, and the International #1 Best Seller, *The Big E* —

Everything Is Energy. Jarrad is a multi-dimensional energy expert who specializes in visionary teaching and remote healing energy work that allows reconnection and healing at every level of being. He is a bridge of consciousness, an awakener of souls, and a catalyst for high level vibrational change that has brought about quantum growth, abundance, healing, and instantaneous change and manifestation in the lives of millions of clients across the globe.

The transformational energy he channels brings about change that goes far beyond the 3-D “reality” and opens the Self up to its truest and most connected experience of knowing Divine love at every level of being. His natural abilities to see and transmute all forms of energy have helped him bring about the highest forms of planetary evolution and spiritual awakening in the world today. Jarrad was born clairvoyant and clairaudient with the gift to see all forms of energy. Raised in a strict, conservative home, Jarrad was taught to hide his gifts. Religion told him that he was flawed, broken, and wrong. As he grew, this manifested in becoming morbidly obese by the age of 9. In his early twenties, he suffered from debilitating heart problems that often landed him in the Emergency room. Crippled by anxiety and depression, wracked with guilt and disease, and believing his heart condition was going to kill him, he finally surrendered to the realization that everything is energy.

Today Jarrad is a whole new person having transcended all his past stories of disease and disharmony. He is one of the most powerful and brilliant healers, writers, and channels on the planet. Jarrad provides an awe-inspiring view of God, Consciousness and what it means to be alive. Constant as the ever-present moment of now is our Source Self, and Jarrad’s message is a living embodiment to that concept. Understanding how to reach and operate from that center are the keys to uniting and healing not just a fractured culture, but a fractured self. By tapping into our authentic self, we begin to see in life-altering ways that through our own actions, in-actions, thoughts, beliefs, how our world has come into being. The power of Jarrad’s gift embodies the highest forms of oneness and love. An amazingly gifted healer who has worked with some of the biggest and most recognizable names in the self help and spiritual movement, Jarrad seeks to help others reconnect with their own inner guidance, wisdom, and peace and live an awakened life.

His goal is to empower all of creation by sharing his personal humor and insight while returning all to their truest embodiment of Self Love and actualized presence. Jarrad powerfully demonstrates the full potential of love and conscious creatorship in ways that will astound, astonish, and leave you breathlessly moved. He takes his audience on an adventure to explore not only the self and one's own creation, but the role of the self in the overall creation and experience of the universe as well. Most importantly, he empowers everyone to live in the now and shows in life-altering ways how to truly love oneself.

42 years of grief disappeared

I am truly amazed that the last vestiges of grief I've been carrying for 42 years from the sudden death of my young husband disappeared while listening to another woman on the call being healed of grief from the death of her only son. I am in such gratitude to Jarrad for his gift, and willingness to devote his life to assisting others to be free of these energies. Mary Neal

"Just a week after starting Jarrad's Money Magnetization meditation we sold some equipment we had been trying to sell for months for \$5,000 dollars. But it doesn't end there, just last week we received into our bank account \$8000 from our government. We had been expecting a payment owed to us, but thought it would be around \$2K mark so you can imagine the joy when we received much more. I just can't express how much this amped up the abundance process for me."

Gaynor Tidboald in Australia

I Can't Compare It to Anything Else on the Market, as There Is no Comparison

Instead I will express my deep gratitude and joy at how I feel today, right now... EVERYTHING began shifting for me through Jarrad's work, honesty, skill, extraordinary connection, and love. Thank you Jarrad for giving so fully and teaching me how to receive!

Caroline Thake

I have grown and expanded more in the last three months working with him than in several decades of being on this path.

Pamela

I have done years of work in this field and have never ever so profoundly and quickly shifted so much in my life. Trust me it will be the greatest investment you can take for yourself and for those you love around you. Your life can be all you want it to be — I'm experiencing this myself first hand because of this program — and I know you can too!
Melissa

One word to describe these tracks? Magic!... I know and feel truly that these tracks are like a "present" here and now (pun intended) allowing me to slowly open the gift that I be... that is the gift that keeps giving.

The Big E – Everything is Energy #1 on Amazon in US, CANADA, and the UK – topped twelve lists

This #1 International Amazon Best-Seller went to #1 in multiple categories including: Happiness, Self-Help, Essays, and Humor and is a must read for any conscious creator. The Big E is a look at the Universe and how our thoughts go from energy to action and bring about our daily lives.

Join Jarrad Hewett (Author of Love, Life, God: The Journey of Creation), and Dee Wallace (star of E.T., Cujo, and author of Conscious Creation) as they explore the nature of colloquialisms and show you how to create anything you want by unleashing the power of your own energy!

Sounds good, right? Well, you're not the only one who thinks so: "Jarrad and Dee have come up with wonderful and hilarious illustrations of counter intentions. In The Big E, they have literally broken down the process of attraction to show you just how thoughts create. The best part? They've managed to do it using words and thoughts we use

every single day." - Dr. Joe Vitale, best selling author of Zero Limits and featured star of The Secret.

The Gospel of You #1 in Ethics on Amazon

The Gospel of You is ultimately about freedom from limitation. It is about freedom from fear and suffering. It's about the ability to choose love in every moment, and see that love manifest instantaneously. It's about you, and it's about God, and it's about how, ultimately, those two things are one and the same.

Religion is probably the biggest hurdle humanity faces with this regard.

The Gospel of You isn't about religion so much as it's about you. It's about what religion truly is, and why you are the way you are. It's about consciousness and God and what both of those words really mean. It's about why things are the way they are, and why we as people are so reluctant, even resistant to change - even when that change ultimately results in the very things we all say we want: peace, love, abundance, and life ever after.
