

## Discussion Questions

**Speaker: Rob Harvey**  
**Orality Nexus**

1. Are your partnerships built on trust, openness, and mutual concern?
2. Are you using or would you consider using a dedicated facilitator or coordinator in your global partnerships?
3. Do you have an internal champion designated for each partnership?
4. Have you identified knowledgeable, influential members already engaged in your partnering relationships?
5. Are you using appreciative inquiry and asset based community development to determine pathways for partnership?
6. Do you value shared ownership and are you creating conversations to ensure this takes place?
7. Have you identified key elements for the strategy and prioritized them?

8. Are you using a lean simple structure to serve the entire partnership or is it weighted down by bureaucracy and multiple layers of decision making?
  
9. Are you using a network mindset that has scalability rather than an overly structured relationship that is difficult to change?
  
10. Do you have safe guards against building an organization when it needs to be a networked partnership?
