

## BERNINA 335 AND 325. YOUR NEW GO-TO MACHINES.

Being a sewist, a maker, a creator is serious business. When it's time to make, your creativity deserves the support of a great team. Meet the B 335 and B 325 machines. Small enough to fit into any sewing nook or cranny, yet powerful enough to stitch through your toughest materials and ideas. Plus, they look as good as they sew, which is perfect. They are after all, BERNINAs.

### QUALITY FROM TOP TO BOBBIN

It's hard to improve on awesome, but we've found a way! We've packed the insides of our 3 Series machines with the latest technology and robust, durable quality ensuring nothing stands in the way of your creativity. On the outside,

the simple, user-friendly operation makes your maker life easy peasy. A bright modern LCD screen provides an overview of the function settings at all times. And the direct selection buttons allow quick access to all the functions. Sew simple.

## CREATIVE DIY FANS... DI-WHY NOT?

Whether you want to sew your own clothes, make unique accessories or just repair something, the B 335 and B 325 are always at your beck and call. Sew all kinds of fabrics and expertly finish or embellish with decorative stitches with no problems. Whatever creative whim your heart desires, any and everything is possible, thanks to the huge range of functions.

### COMFORT COMES STANDARD

The most frequently used functions are easily accessible right up front. For example, the start/stop button for sewing without the foot control or the reverse sewing button. The position of the needle when you stop sewing is set using the needle stop up/down button, incredibly helpful when sewing corners. The pattern end and mirror image (B 335 only) features, useful when sewing decorative stitches, are also located here. And with the slide speed control, set the speed you want, up to 900 stitches per minute. Sew fast.

### GOOD THINGS COME IN SMALL PACKAGES.

6.3 inches to the right of the needle is plenty of room for your ideas, but hardly any space in your sewing room. And the freearm makes manipulating closed items, such as sleeves or trouser legs, particularly easy and convenient.

### BERNINA FREE HAND SYSTEM (FHS)

Raise or lower the presser foot while simultaneously lowering the feed dog without having to take your hands off the fabric thanks to the BERNINA Free Hand System. The knee lever makes it possible! The FHS is built into the B 335 as standard with the knee lever optional. The FHS is not available on the B 325.

### OH HOW NICE AND CONVENIENT

The semi-automatic threader makes threading the needle a cinch and the bright LED sewing light lets you sew through the night. Quickly and easily select the perfect stitch as well as alter stitch width and length with the direct selection buttons. Individual stitch settings can then be saved in the memory, losing nothing. And best of all: you can monitor everything on the screen.

### ALL-AROUND EXCELLENCE

With stitched lettering (sewing alphabet) and a large selection of decorative stitches, make your sewing projects as unique as you are. Save time with functions like the button sew-on program. Or find the space you need on the popular freearm extension table, which gives you more room around the presser foot and needle. The accessory package includes various presser foot soles; and the Buttonhole foot with slide #3A is included in the B 335 to sew automatic buttonholes. The 3 Series is easily upgraded with a wide range of optional accessories.

So, if you are not excited by all that...
