

Free-Motion Quilting on your Home Machine

Workshop with Christina Cameli
on Juki TL-18 machines

Supply list:

- Quilting **gloves**
- Curved **basting pins** (package of 100)
- Small **scissors**
- Temporary **fabric marker**
- **Notebook** for sketching (lined or unlined whatever you have)
- **Pen** for sketching
- **Book:** I recommend having a copy of my book First Steps to Free-Motion Quilting.

Optional:

- Water and snacks to keep you going
- Feel free to bring a quilt you would like advice on quilting!
- Sometimes quilters need to sit up a little higher for comfortable free-motion quilting. Bring a firm pillow (or a folded up quilt!) to sit on if you would like this option.
- I will demonstrate basting during class but the quilt sandwiches provided will be spray-basted.
