

ORDINANCE NO. 866

AN ORDINANCE AMENDING ORDINANCE NO. 725 PROVIDING FOR AN AMENDED DEFINITION OF THE UNIVERSITY DISTRICT AND PARKING RULES WITHIN THE UNIVERSITY DISTRICT; PROVIDING FOR CHANGES IN THE USE TABLE; AND PROVIDING FOR THE EFFECTIVE DATE OF THIS ORDINANCE.

SECTION I. This Ordinance shall modify, supplement and amend the existing City Ordinance 725 as it exists as of the effective date of this Ordinance. The specific sections set forth shall be changed as follows:

3.15 The University campus is unique in its nature as to those who visit, work and attend the University. Parking on the campus should be located in a manner which will serve the needs of invitees to the campus. Because of its unique nature, the University campus should be considered as one parcel. All buildings, playing fields and other structures on the Campus should be deemed served by all parking lots on campus, wherever situated. The campus as a whole is served by all public streets adjacent to and running through the campus as well as private roads and streets owned and maintained by the University.

3.20 Table 2 Land Use Schedule – see attached revision with permitted and conditional uses

5.2 Distance for Private Off-Street Parking

Except in the University District, all required off-street parking shall be located within two hundred feet (200') of the primary entrance of the building.

5.3 B. (4) In the University District, the provisions of subsection (1) here of shall not apply, however, the University shall provide information which demonstrates that the parking facility proposed to be considered for joint use, will lessen the demand for other parking facilities located in the University District.

5.10 Regulations for University District

The University shall not be required to provide the minimum parking spaces required in subsection 5.8 hereof but shall be regulated in accordance with the University Parking Ratios as set forth below. In determining the ratio for this subsection, all parking spaces located upon the University Campus together with all on-street parking where the University Campus occupies both sides of the street shall be included. The term Full Time Equivalent shall be consistent with the definition established in the BYU-Idaho Parking Study published in 2002.

- A. University Student Ratio: .200 spaces per Student Equivalent.
- B. University Faculty Ratio: .585 spaces per Faculty Equivalent.
- C. University Staff Ratio: .585 spaces per Staff Equivalent.
