

 Gen. Ord. No. 40 - 12 - 13. By Alderperson Van Akkeren, Carlson, Heidemann, Lessard and Wangemann. December 3, 2012. 6.1 / 8.2

AN ORDINANCE amending Section 122-16 of the City of Sheboygan Municipal Code so as to bring it up to date with state code changes.

Section 1. Section 122-16 of the Sheboygan Municipal Code, entitled "Cross connection control" is hereby created to read as follows:

"Sec. 122-16 Cross connection control

- (a) A cross connection means a connection or potential connection between any part of a water supply system and another environment containing substances in a manner that, under any circumstances, would allow the substances to enter the water supply system by means of back siphonage or back pressure.
- (b) No person shall establish or permit to be established or maintain or permit to be maintained any cross connection. No interconnection shall be established whereby potable water from a private, auxiliary or emergency water supply other than the regular public water supply of the Utility may enter the supply or distribution system of the Utility unless such private auxiliary or emergency water supply and the method of connection and use of such supply shall have been approved by the plumbing inspector and in accordance with section NR 810.15(2) Wis. Admin. Code.
- (c) It shall be the duty of the plumbing inspector or Water Utility to cause inspections to be made of all properties served by the public water system where cross connection with the public water system is deemed possible.
- (d) Upon presentation of credentials, the representative of the Utility shall have the right to request entry at any reasonable time to examine any property served by a connection to the public water system for cross connections. If entry is refused, such representative shall obtain a special inspection warrant under W.S.A., § 66.0119. On request, the owner, lessee or occupant of any property so served shall furnish to the inspection agency any pertinent information regarding the piping system on such property.
- (e) The Sheboygan Water Utility is authorized and directed to discontinue water service to any property wherein any connection in violation of this section and/or State Plumbing Code, Chapter SPS 382.41, Wis. Admin. Code, exists and to take such other precautionary measures deemed necessary to eliminate any danger of contamination of the public water system. Water service shall be discontinued only after

reasonable notice and opportunity for hearing under W.S.A., ch. 68, except as provided therein. Water service to such property shall not be restored until the cross connection has been eliminated in compliance with this section.

- (f) If it is determined by the Sheboygan Water Utility that a cross connection or an emergency endangers public health, safety or welfare and requires immediate action and a written finding to that effect is filed with the Utility clerk and delivered to the customer's premises, service may be immediately discontinued. The customer shall have an opportunity for hearing under W.S.A., ch. 68 within ten days of such emergency discontinuance.
- (g) This section does not supersede the state plumbing code and city plumbing ordinances, but is supplementary to them."

Section 2. All ordinances or parts thereof in conflict with the provisions of this ordinance are hereby repealed to the extent of such conflict, and this ordinance shall be in effect from and after its passage and publication.

I HEREBY CERTIFY that the foregoing Ordinance was duly passed by the Common Council of the City of Sheboygan, Wisconsin, on the 17th day of December, 2012.

Dated December 19 2012. Susan Richards, City Clerk
