NOW, THEREFORE, THE COUNTY LEGISLATIVE BODY OF UTAH COUNTY ORDAINS AS FOLLOWS:

Part I:

Subsection 6-1-E-26 of the Utah County Land Use Ordinance is hereby amended to read as follows:

6-1: GENERAL PROVISIONS

E. PROCEDURES

26. Amendments to Large Scale Development Plats

a. Unrecorded Plats

If the applicant desires to make changes to an unrecorded large scale development plat that has received a recommendation from the Utah County Planning Commission and/or approval by the Utah County Commission, the applicant must file a new application which complies with the procedures and requirements for a new application, and which application must contain all of the elements required for a new application, provided, however, that the Zoning Administrator can waive any procedures or application elements which the Zoning Administrator determines to be inapplicable to the amended application, or contained in the original application and not requiring amendment or a new submission. The application must then be submitted to the Planning Commission for a new recommendation and to the Utah County Commission for approval or denial

b. Recorded Conforming Plats

Amendments to approved recorded plats of large scale developments which are not nonconforming uses under this Land Use Ordinance shall comply with the procedures and requirements contained in the Utah Code for plat amendments. In addition, the applicant shall comply with the procedures and requirements for a new large scale development application, and which application must contain all of the elements required for a new application, provided, however, that the Zoning Administrator can waive any procedures or application elements which the Zoning Administrator determines to be inapplicable to the plat amendment application, except for those procedures and requirements contained in the Utah Code for plat amendments. The application must then be submitted to the Planning Commission for a recommendation and to the Utah County Commission for approval or denial.

c. Recorded Nonconforming Plats

Amendments to approved recorded plats of subdivisions and large scale developments which are nonconforming uses (plats approved as previously permitted conditional uses under the land use ordinance, or plats approved prior to the enactment of County plat requirements, but, because of one or more subsequent land use ordinance change, do not conform to the regulations that now govern the use of the land) shall comply with the procedure and requirements contained in the Utah Code for plat amendments. In addition, the applicant shall comply with the procedures and requirements applicable to the specific development type which was originally approved (now a nonconforming use). Any amendment must comply with all of the parameters, requirements, and restrictions applicable to the original approved development. No such plat amendment can be approved which would increase the number of dwelling units in the plat, increase the number of lots in the plat, increase the number of lots available for residential use in the plat, or add additional land area to the plat. Consistent with the limitations contained herein, the Zoning Administrator can waive any procedures or application elements which the Zoning Administrator determines to be inapplicable to the plat amendment application, except for those procedures and requirements contained in the Utah Code for plat amendments. The application must then be submitted to the

Planning Commission for a recommendation and to the Utah County Commission for approval or denial.

d. Minimum Requirements

Notwithstanding the forgoing plat amendment requirements, all plat amendment applications shall include the following documentation and shall not be waived by the Zoning Administrator:

 - vi. Written statements from the electrical service provider, and natural gas service provider where available, which service the land described on the plat, which statements address the proposed plat amendment and identify any recommendations relative to the proposal. If recommendations are received from an electrical or natural gas service provider, the County Commission, based on the findings of the County Engineer, shall determine whether the recommendations will be incorporated into the proposal.
 - vii. A tax clearance for each parcel serial number identified in or by the title report. The tax clearance shall include all property taxes due as of the date of the filing of the application.
 - viii. A restrictive covenant, on a form approved by the Utah County Attorney's Office, to bind the plat to all previously recorded declarations, covenants, conditions, restrictions, maintenance agreements, and all other recorded documents and agreements related to the original development. A note shall be included on the plat that gives notice of the restrictive covenant, required by this subsection of the Ordinance, and that explains the restrictive covenant has been recorded in the Utah County Recorder's Office.
 - e. A proposed plat amendment that includes the adjustment of a lot line shall not be required to also meet the lot line adjustment requirements found in this Land Use Ordinance.
