INSTRUCTIONS:

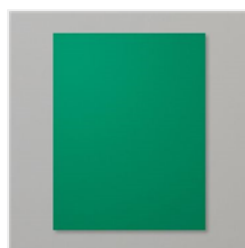

1. Begin with a piece of cardstock that measures 4-1/4" x 11" and score at 5-1/2" and fold in half.
2. Move cardstock back to the 3" mark and cut off 3" from the front of your card. Save this piece, it will become your front flap.
3. To cut designer paper: Begin with a 4" x 12" piece and place horizontally into the cutter... Cut at 2-1/4" (2-1/4" x 4") for left front flap ... then bring your paper up to the 5-1/2" mark and cut again, this will be for the inside. Your final cut will be 4" x 2-3/4" and will go onto the front piece that you had cut off earlier. Now you can assemble your designer paper to the cardstock.

Cut inside white piece with the Rectangle Stitched Die that is slightly smaller than the front piece. Your greeting piece can be cut to fit greeting, or punched ... have fun with it. Decorate as desired.
