Measurements (in inches):

Cardstock

- Card Base - 5-1/2 x 8-1/2, score at 4-1/4
- Swing Panel Mat - Die cut using a nesting die, use a different color cardstock.
- Inside Mat (this can be Designer Series Paper) - 4 x 5-1/4
- Side Panel Mat - 1-7/8 x 4-7/8

Basic White or Very Vanilla

- Inside Folding Piece - 5 x 7-7/8, score at 2, 4 and 6 (Note: if you are not using an inside mat on the card, only the card base and this piece, I would cut this piece at 5-1/4 x 7-7/8) If so, you will need to adjust your side panel mat and side panel measurements to be a quarter inch smaller in the height)
- Sentiment Label

Designer Series Paper

- Front Layer if using on the entire card front - 4-1/4 x 5-1/2
- Swing Panel - Die cut using a smaller nesting die than the mat
- Side Panel - 1-3/4 x 4-3/4

Instructions:

- Fold and burnish card base.
- Adhere the inside layer to the card.
- Fold and burnish the Inside Folding Piece.
- Adhere the card front with Designer Series Paper if you are covering it.
- Lay the larger die on the open card and die cut.
- If stamping the inside of the card, stamp it now. Then adhere the right side of the white or very vanilla inside folding piece to the inside of the card on the right, leaving a border around it. Make sure you are using the wider end of the folding piece, not the side that's 1/8th inch shorter.
- Adhere the side panel Designer Series Paper to the side panel mat and then to the inside side panel.
- Adhere the Designer Series Paper swing panel that you die cut to the mat.
- With the inside folding piece folded and closed, you need to adhere it to the inside of the card front. To do this, put adhesive on inside of the card front near the opening from the die cut making sure you put it only on the area closest to the score line and around where the die cut is. Make sure it's not above where the inside folding piece is. (Watch the video for this step.) Fold the card front down to close the card and seal the area that you put the adhesive on.
- Close the card and put adhesive on the white/very vanilla area only to the right of the fold line. Lay the die cut piece into the opening and adhere it snuggly.
- Stamp a label and adhere it to the card.
- Embellish as desired.
