YouTube Video - <https://youtu.be/imnzynx8zGc>

Measurements

Cardstock

- Card Base - 5-1/2 x 8-1/2, score at 4-1/4
- Mat for inside - 4 x 5-1/4
- Mat for swing piece

Basic White (I used Thick Basic White for mechanism piece)

- Mechanism Piece - 5 x 7-7/8, score on the 7-7/8 side at 2, 4 & 6
- Swing piece (if using, I used for the pumpkin card)
- Label (if using)

Designer Series Paper

- Front layer (if using) - 4-1/4 x 5-1/2
- Panel - 1-3/4 x 4-3/4
- Swing Piece (if using, I used for the winter card)

Instructions: WATCH THE VIDEO FOR THE FOLLOWING INSTRUCTIONS!!!

- Fold and burnish the card base and the mechanism piece, folding both ways to get an easy fold.
- If you are using patterned paper on the card front, adhere the 4-1/4 x 5-1/2 piece to the card front.
- Use a die to die cut the card front making sure it's centered.
- Use the same die to die cut a different color piece of cardstock.
- Adhere the inside mat layer to the inside of the card.
- Stamp/decorate the swing piece and adhere to the mat for the swing piece.
- If stamping on the white inside of the mechanism piece, stamp now. Make sure you are using the part that is 2" from the edge to the score line.
- Adhere the Designer Series Paper panel to the mechanism piece.
- Adhere the mechanism piece to the inside layer, leaving a small border around it. Use strong adhesive.
- On the left edge of the mechanism piece, add strong adhesive on the top, bottom and edge (not where the score line is).
- Fold down the mechanism piece so it's flat on top (the Designer Series Paper piece will be closed over the stamped inside piece). Close the card to adhere the left edge to the card front.
- Once the card is closed, you'll see the white mechanism piece through the cutout. Put strong adhesive only to the right of the score line and adhere the swing piece making sure it fits snug in the cutout area.
