Cut paper to the following sizes:

- **Pretty Peacock cardstock:** 5 1/2" x 8 1/2" with a score at 4 1/4" (in the middle)
- **Basic White cardstock:** two pieces of 5 1/4" x 4", along with some scrap that fits the die
- **Petal Pink cardstock:** 5" x 3 3/4"
- **Delightfully Eclectic Designer Series Paper:** Two pieces of the Petal Pink and Basic White paper at 1 1/2" x 2 1/2" and one piece of the Pretty Peacock paper at 2" x 2"

Fold the **Pretty Peacock cardstock** at the score line and use a bone folder to make a clean crease. Glue one of the 5 1/4" x 4" **Basic White cardstock** pieces on the inside right of the card.

Next, run the **Petal Pink cardstock** through the Stampin' Cut & Emboss Machine using the **Softly Sophisticated 3D Embossing Folder**. Then, glue that piece on top of the other 5 1/4" x 4" **Basic White cardstock** piece. Finally, glue that piece onto the front of the card.

Take the three pieces of **Delightfully Eclectic DSP** and align them like presents stacked one on top of the other. The paper will overlap, which is a good thing. The bottom piece is on top of the middle piece which is on top of the top piece. When you have them arranged in a way you like, glue them together. I have it so the Pretty Peacock piece is showing 1 1/4" and the top piece is showing 1 1/2".

Next you're going to adhere the **Pretty Peacock & Gold ribbon** to the front of the presents. Measure a piece of ribbon that is about 1" longer than the present stack is tall. Place three glue dots in a line down the center of the presents. You can use a ruler or other guide to make sure the line is straight. Next, place the ribbon along the line of glue dots. Make sure it is laying flat with a bit hanging over each edge. Then, turn the present stack over and adhere the ribbon to the back using glue dots or small pieces of tape. Make sure you don't pull too tight on the ribbon! You want the presents to lay flat without the ribbon billowing out from the back.

Next, make the Happy Birthday tag. Stamp the sentiment from the **Circle Sayings stamp set** using the **Pretty Peacock ink pad** onto a **Basic White cardstock** tag from the smallest of the **Tailor Made Tags Dies**. You can either stamp the sentiment on a scrap paper first and then trim it using the Stampin' Cut & Emboss Machine or cut out the tag first and then stamp it. Don't stamp it too close to the hole on the tag or the bow will cover it.

Then, tie a little bow from the ribbon. It's tricky to make a cute one, but be patient and you'll get a nice one. You can trim the ends to the length you like now or after you adhere it to the card.

Now position the bow and tag on the present stack. You want to make sure that the sentiment is legible while also making sure the tag doesn't hang over the edge of the card. Use the card base as a guide to help you line them up. Then, adhere the bow to the tag using a mini glue dot and the tag to the top of the present stack using another mini glue dot. I recommend going in that order because you can make sure the bow is lined up with the ribbon on the stack after you make sure the sentiment is showing.

Using dimensionals, adhere the present stack to the front of the card. Finally, use Petal Pink & Pretty Peacock Foiled Gems to add some bling to the front of the card.
