Cut paper to the following sizes:

- **Garden Green cardstock** - 5 1/2" x 8 1/2" with score at 4 1/4" (in the middle)
- **Shaded Spruce cardstock** - 2 1/2" x 3 1/2"
- **Shaded Spruce cardstock** - 3 1/4" x 7/8"
- **Basic White cardstock** - 5 1/4" x 4" (for the inside of the card)
- **Basic White cardstock** - 2 1/4" x 3 1/4"
- **Basic White cardstock** - 3" x 5/8"
- **Joy of Christmas DSP** - three strips of 5 1/4" x 1 1/4"

Fold the **Garden Green cardstock** at the score line and use a bone folder to make a clean crease. Glue the **5 1/4" x 4" Basic White cardstock** piece on the inside right of the card.

On the front of the card, glue the three strips of **Joy of Christmas DSP**, starting with one of the outer pieces.

Time for stamping! Take your two remaining pieces of **Basic White cardstock** and your envelope. On the larger piece and the front of the envelope, stamp the advent wreath stamp from the **Radiant Light** set using a **Tuxedo Black Memento ink pad**. On the smaller, longer piece, stamp the "may your joy be bright" sentiment using the same black ink pad. You can then clean and put away your stamps and inkpad so you don't risk getting black ink on anything else.

Now for coloring! Using **Stampin' Blends**, color the wreath image on the cardstock piece. I recommend using the lighter color first and going over it with the darker color to add shading or to make the whole thing darker after. I used Poppy Parade for the berries, Shaded Spruce and Old Olive for the leaves, Highland Heather and Bubble Bath for the candles, and Daffodil Delight for the flames. I also used the Highland Heather and Bubble Bath blends to outline the words "joy" and "bright" on the sentiment.

Now, glue the Basic White cardstock pieces on to their corresponding **Shaded Spruce cardstock** pieces. Then, glue the advent wreath image to the center of the card. Finally, use dimensionals to pop up the sentiment and place it at the bottom of the image.
