1. This card is actually simple to make as the Die set does the difficult part for you. However, there are some things to remember: \*This cannot be done on a card base, it must have an inside liner. \*Test where your flowers are going to be prior to cutting to ensure you have enough height. \*Burnish the "pop out" in both directions to ensure a smooth function then pop it out and burnish again. \*Tiny drops of glue on the flower stems are necessary to keep the box from gluing itself down when closed. \*You can make the box and flaps different colors by die cutting and then snipping the box ends die piece.
2. The card base is Thick Basic White cut 5 1/2 X 8 1/2 and scored at 4 1/4. The inside liner is regular Basic White cut to 5 X 8 and scored at 4. You want to score prior to doing the die cutting!
3. The front layers are Balmy Blue at 3 5/8 X 4 7/8 with Mixed Up Patterns Designer Series Paper cut to 3 1/2 X 4 3/4. The stamped layer is 2 5/8 X 3 5/8 and stamped using Pop Up Petals stamps. The Balmy Blue Gingham Ribbon is wrapped around the stamped layer prior to being adhered with Stampin' Dimensionals.
4. To create the pop up on the layer, determine using the Die and flower stamp the location to cut. Once done, lay the Die on the paper with the notches that are in the center of the die aligned on the score line. Hold the Die in place with some type removable tape. Next use the same die on the DSP for the box look. This time place the die in a corner and along the edges. The die does not cut the ends. By using the edges you only need to snip each end. There is a Die for the flaps as well.
5. Adhere the DSP for the box to the Pop Out section with adhesive, then add each of the box flaps using a small amount of glue. Next dry fit the flowers to your liking and add them with tiny amounts of glue and hold from the back and front until set.
6. To add the liner to the card base, fold the liner and place it against the back inside of the card right up to the score line. Add adhesive to the front and close the flap. Repeat for the back .
