1. This Diamond Fold card is cased from Julie DiMatteo, The Paper Pixie.
2. The DSP is from the Merry Bold & Bright Designer Series Paper. It is cut in landscape to 12 X 5 1/4 . Begin scoring with the inside pattern face up and scor at 2 and 10, flip over and score at 4 and 8. Fold and line up the two centers (where my finger is) for fit before burnishing the score lines.
3. Place your DSP open and in landscape position. You are going to cut off the top right and top left corners. Place on the paper trimmer with the top edge and the score line on the cutting track. Cut this away and do the same for the opposite side. Those two pieces are going to be glued to the bottom two corners. You can see one of those in the right hand photo. This is what gives the diamond look.
4. The card base is a piece of Poppy Parade CS cut to 5 1/2 X 4 1/4. Fold the DSP into place and adhere to the base.
5. The inside image is stamped from the Merriest Trees stamp set onto a Basic White layer that is cut 3 3/4 X 5. Stamp the sentiment using Shaded Spruce Ink and the tree using Granny Apple Green Ink. The star is stamped with Crushed Curry Ink.
6. The front layers are Poppy Parade cut to 2 3/4 X 2 3/4 and the Basic White cut to 2 1/2 X 2 1/2. Use the Stampin' Up! Grid paper to align the Basic White piece in a diamond position. Stamp the words using Shaded Spruce Ink and the star using Crushed Curry Ink.
7. Layer the two pieces and add adhesive to only the left side of the diamond shape. Adhere to the left side of the card.
8. The finishing touch is adding a few of the Iridescent Discs around the front tree.
